TRIFLOXYSTROBIN

GROUP

11

FUNGICIDE

BROAD-SPECTRUM
DISEASE CONTROL

EXCELLENT
CURATIVE &
PREVENTIVE ACTION

LONG-LASTING
PROTECTION

FOR TURF, ORNAMENTALS
& LANDSCAPES

ACTIVE INGREDIENT:

By Wt

Trifloxystrobin (CAS No. 141517-21-7) 50.0%

Other Ingredients 50.0%

Total 100.0%

Globe Fungicide is a water-dispersible granule.

BROAD-SPECTRUM
CONTROL

Effective against a
wide range of foliar,
stem & root diseases.

SYSTEMIC
ACTIVITY

Moves within the
plant for superior
protection.

CURATIVE &
PREVENTIVE

Both protective and
curative action for
better results.

IDEAL FOR
MULTIPLE USES

Perfect for turfgrass,
ornamentals &
landscapes.

GLOBE™

FEATURE	GLOBE™
Active Ingredient	Trifloxystrobin 50.0%
Chemical Group	Group 11 (QoI)
Mode of Action	Systemic (Inhibits respiration in fungi)
Disease Spectrum	Broad: Foliar, Stem & Root
Systemic Movement	Yes
Curative & Preventive	Excellent
Residual Control	Long Lasting
Use Sites	Turfgrass, Ornamentals & More
Formulation	Water-Dispersible Granule (WDG)
Performance	Consistent, Reliable & Effective

IDEAL FOR USE ON:

- Golf Courses & Sports Fields
- Residential, Commercial & Institutional Lawns
- Sod Farms & Athletic Fields
- Ornamental Flowers & Plants
- Nurseries & Greenhouses
- Interiorscapes & Landscapes
- Parks, Municipal Grounds & Cemeteries
- Trees, Shrubs & Groundcovers

CONTROLS KEY DISEASES INCLUDING:

DOLLAR SPOT

BROWN PATCH

ANTHRACNOSE
(Leaf & Stem)

POWDERY
MILDEW

PINK SNOW MOLD

RUSTS

GRAY LEAF SPOT

ROOT & CROWN
DISEASES

See label for complete list of controlled diseases.

TECHNICAL SNAPSHOT

- Active Ingredient Trifloxystrobin 50.0%
- Chemical Group Group 11 (QoI)
- Formulation Water-Dispersible Granule (WDG)
- Mode of Action Inhibits fungal respiration (QoI Fungicide)
- Systemic Movement Yes
- Application Methods Foliar, Drench, Spray or Soil Drench
- REI (Non-Agricultural) 12 Hours

PRODUCT FEATURES

- Broad-spectrum control of foliar, stem & root diseases
- Systemic action for long-lasting protection
- Excellent preventive and curative activity
- Ideal for turfgrass, ornamentals & landscapes
- Flexible application: foliar spray or soil drench
- Consistent performance in various conditions
