A white-glove service and platform

Enabling issuers to launch RWA-backed yield products

Raze on XDC offers:

- A Vault-as-a-Service, turn-key platform bringing traditional assets on-chain.

- KYC/AML verifications, accreditation, and investor onboarding.

- Access to a global buy-side, including HNWI, family offices, and digital asset investors.

- Support for SEC Regulation D Rule 506(c) and Regulation S exemptions

Onboarding is seamless.

The 3 stage process can be completed in days vs. weeks or months.
