PUERTO MORELOS

It is the main port of Quintana Roo and is located in the north of the state, 33 km south of Cancun.

Its reef is part of the second largest barrier reef in the world and is only 500 meters from the beach, which is ideal for diving, windsurfing and snorkeling.

Among its attractions there is a 65-hectare botanical garden where you can enjoy the local flora and fauna, where you can find species such as the spider monkey and the coati; as well as a small zoo that houses boas, ocelots, parrots, among other animals.

Its privileged location gives you access to important points, such as:

- Cancun's airport, is only 25 minutes away.*
- The Mayan Train, will have one of its stations in Puerto Morelos.*
- GO, Grand Outlet Riviera Maya, the largest outlet store in Latin America, which is only 30 minutes away by car.*
- The route of the Cenotes, made up of almost 50 kilometers of dense jungle, a magical place of green tourism, ideal for adventure lovers.*

Puerto Morelos is the last haven of peace in the Mexican Caribbean, a place with the ideal climate all year round, where life is simple and good.

We want to protect the essence of every place we go. Instead of changing, we care.

We develop towns, homes, origin, spirit, value. We are the reflection of those places that inspire us.

A collective that more than building developments, shares stories and builds connections.
