Nahum el Constructor is a leading figure in the **construction industry**, originally from Puebla, with an impressive career spanning over **20 years**.

In **2004**, he took his first steps in the business with machinery rentals and has since expanded his entrepreneurial vision to become a prominent real estate developer in the **Riviera Maya**. He is also an entrepreneur, investor, and content creator with a strong personal brand, recently recognized as an **Emerging Developer**.

With **over a million followers** on platforms like Instagram, TikTok, YouTube, and Facebook, he shares his knowledge, passion for **construction**, and **vision for the industry's future** with an international audience. His business success, combined with his ability to connect with **thousands of people**, makes him a key figure in both the **business and digital worlds**.

Who We Are

A black and white photograph of a woman with long dark hair, wearing a light-colored blazer over a dark top. She is smiling and gesturing with her right hand towards a whiteboard. The whiteboard has handwritten text in circles: 'BUSINESSES' and 'B2B MARKETING'. The image is partially covered by a dark blue curved shape on the right side.

Remaytran Projects and Constructions was founded with the goal of creating and innovating in the construction sector by developing projects with high-quality standards that meet our clients' needs.

We currently have over 13 years of experience in various branches of construction, as well as in heavy machinery rental.

Objectives

Satisfy customer requirements and needs.

Provide high-quality, efficient services.

Maintain control over organizational processes to enhance them.

Implement training plans that help develop staff and simultaneously improve service quality.

Mission

To provide our clients with high-quality services in construction and machinery rental, utilizing the best technology, exceeding expectations with highly qualified personnel.

Vision

To position ourselves nationally as the leading company in construction, infrastructure, and machinery rental, staying at the forefront of new technologies through specialization and staff training while adhering to environmental conservation regulations.

Track Record

Camino Real a Momoxpan 2417, Cerrada de la Carcaña, Cholula de Rivadavia, Pue.
(5 minutes from UDLAP and 5 kilometers from the Cholula archaeological zone)
