

ARCHITECT
PORTFOLIO

CO-LAB DESIGN OFFICE

We're honoured to have Co-Lab Design Office on board of this project as architects and shareholders. Their portfolio is a convincing proof of their incredible track record in architecture and construction in Tulum.

"Founded by Joana Gomes and Joshua Beck in 2010, CO-LAB is a full service architecture studio located in Tulum, Mexico. Joana Gomes, (graduated In FAUP, Oporto) has over 10 years of experience in the fields of architecture and urbanism, including 4 years with Winy Maas at MVRDV in Rotterdam, as well as 4 years as Design Director for FR-EE Fernando Romero. Joshua Beck, (M.Arch., UC Berkeley, B.ENVD., CU Boulder), has over 17 years of international experience in the combined fields of architecture, construction and wooden boat building; including 5 years of collaboration with Rem Koolhaas at OMA in Rotterdam."

TULUM TREEHOUSE

“Amid the tropical jungles and Mayan ruins of Mexico’s Caribbean coastline, Tulum Treehouse elevates guests to a lofty location in the canopy while putting them just a short jaunt from the heart of Yucatán Peninsula’s most en-vogue destination.

The white concrete structure seems to merge with its surroundings through private terraces and outdoor dining spaces, all outfitted with upcycled carpentry, Oaxacan ceramics, handmade bejuco baskets, and locally sourced textiles. Relaxing hammocks, outdoor showers, and a 12-person dining space on the rooftop, meanwhile, encourage guests to drink in Mexico’s natural beauty.

Naturally secluded yet in close quarters with central Tulum, this eco-conscious escape frames a green corner of Mexico in its best light”
