

The Ekab Tulum Group

Grupo Elipse, together with its select group of developers with vast experience, joins forces to design and develop unique spaces with passion, with the goal of creating environments that foster authentic connections between people.

Their focus is on creating *high-potential project, capable of transforming into vibrant sites full of energy, comfort, and luxury*, as is the case with EKAB TULUM.

ALLIANCE AND EXPERIENCE

This alliance reflects over 70 years of experience in real estate development, construction, design, and management. Throughout this time, both the group and the developers involved in this project have delivered more than 350 residences, many of them operating as condo-hotels. They have completed over 35 mixed-use projects, including 5 industrial buildings and 10 office buildings, consolidating our presence in Mexico City, Tulum, and Puerto Aventuras.

QUALITY / CONTROL / EFFICIENCY

Quality, control, and efficiency are the pillars that underpin our common philosophy, materializing in a *synergy that translates into exceptional results and ongoing success*.

PROJECTS WITH VISION

Our goal is not only to build exceptional projects but also to bring an innovative and professional vision to one of the most exclusive destinations in the world. With this approach, we aim to create a *transformative impact in the real estate market*, highlighting the strengths and achievements of this collaboration.
