"BriefCatch made editing my court pleadings significantly faster and more accurate."

Why BriefCatch?

The go-to tool for law firms interested in winning more cases and clients. BriefCatch seamlessly integrates with Microsoft Word and Outlook, providing real-time, AI-powered editing tailored specifically for the legal profession.

Created by Ross Guberman, a globally recognized authority in legal writing who trains all new federal judges, BriefCatch harnesses a proprietary, patent-protected algorithm built on years of in-depth analysis of leading legal and judicial writers.

Core Benefits

DRIVE BETTER OUTCOMES:
Precision and clarity in every document.

BOOST PERFORMANCE:
Perform at the highest levels of the profession.

RECLAIM YOUR TIME:
Reduce revisions, slash write-offs, and focus on billable work.

The ROI of Better Legal Writing

Even small improvements in legal drafting can deliver significant financial results.

Example: Let's calculate the impact for a firm with **250 legal professionals**:

BILLABLE HOURS PER YEAR: 2,134 per professional	AVERAGE BILLING RATE: \$458/hour	TIME SPENT REVIEWING DOCUMENTS: 30%	CURRENT WRITE-OFF RATE: 16% of time billed
---	--	---	--

With BriefCatch: A **5% reduction** in write-offs makes a big difference:

TIME RECOVERED: 107 hours per professional annually. Across 250 legal professionals, that's 26,570 recovered hours .	ADDITIONAL REVENUE: At \$458/hour, that's \$12,251,500 in additional billable time.	OPERATIONAL EFFICIENCY: Attorneys can focus on billable tasks, boosting productivity and client satisfaction.
---	--	---
