

Helpful Pool information

When you arrive for your swimmers' first lesson, please park in the main hotel car park. If this is full, you can use the Places car park as an alternative.

From there, make your way to The Club. You can access it either through the hotel's main reception or via the rear of the hotel, where you will see a sign for "The Club" on the outside wall.

If you park in the hotel car park, please remember to enter your vehicle registration number on the screen at reception to avoid receiving a parking ticket.

Once inside, head to the changing rooms. Lockers are available for your belongings and are operated using a code—full instructions are displayed on each locker door. When you're changed and ready, simply follow the changing room through to the pool entrance, where the teacher will be there to meet you.

Please note that outdoor shoes are not permitted on the poolside, you can either ask reception for a pair of disposable shoe covers or bring a pair of sandals or flip-flops to change into.

Arrive for your swimmers lesson no more than 2-3 minutes before it is due to start to avoid overcrowding.

Only one adult per swimmer is permitted on poolside for drop off, during the lesson or for collection again to avoid overcrowding.
