# PROCEDURE MASKS BOX HOLDER

## BOX1

This clear, acrylic box holder is perfect for wall mounting to ensure your highest moving masks are easily accessible and highly visible. Can be wall mounted using screws or double sided adhesive strips. Place procedure mask holders in high-traffic areas, by entrances and critical points in hospitals and clinics to drive infection control best practices.

| SKU# | PRODUCT TYPE | PIECES/BOX | BAGS/CASE | PIECES/CASE |
|---|---|---|---|---|
| BOX 1 | Mask Box | 1 | - | 10 |

### 1 Increased Protocol Compliance

- Improves adherence to infection prevention protocols by making masks easily accessible and highly visible.
- Helps to reduce risk of spreading infections by improving face mask usage.

### 2 Secure Mounting

- Mounting with screws or double-sided adhesive creates a sturdy and secure set up for years of use.

### 3 Easy Cleaning

- Smooth acrylic surface is easily cleanable using a diluted bleach solution or a pharmacy grade hydrogen peroxide.

NON STERILE · LATEX Not made with natural rubber latex
