Lab Services

We offer a variety of low cost Laboratory services to the public such as: Complete Blood Count, Chemistry Profile, Lipid Profile, and many more.
See us for a complete list of available tests and pricing.
Cash prices only. No insurances accepted.

Physician order is required.

Call (325) 437-4653 for more information or to make an appointment.

Epidemiology

The epidemiology section maintains a public health database and collects and reports information that supports health assessment, planning, and response. Information collected includes:

- Chronic Disease
- Natural Epidemics
- Public Health Threats

Information is reported to the National Electronic Disease Surveillance System (NEDSS)

Public Health Emergency Preparedness (PHEP)

The purpose of the community preparedness section is to improve public health preparedness capacity before, during, and after a disaster by ensuring coordination among:

- Public Health Leaders
- Municipal Leaders
- Police & Fire Departments
- Hospitals & Clinics

Vital Statistics

Our Vital Statistics office files, stores, and protects our birth and death certificates. Texas birth certificates and Abilene death certificates are available for purchase by qualified applicants only. Valid identification and payment in the form of cash, check, or money order are required. Ordering services are available by mail, in person, online, or by scanning the QR Code below.
