

# AI Responder - Privacy Policy

## Last updated

July 11, 2025

## Introduction

This Privacy Policy explains how your personal information is collected, used, and protected when you use AI Responder (<https://airesponder.xyz>), a browser-based LinkedIn assistant.

## 1. Data We Don't Collect

AI Responder does not collect, store, or transmit your LinkedIn messages, login credentials, or personal conversations. All processing happens locally or through secure APIs.

## 2. Local Processing

Message analysis and response generation happen within your browser. Your data does not leave your device, ensuring complete control over your message history.

## 3. Extension Permissions

AI Responder may request browser permissions solely to enable its core functionality (reading messages, generating replies). No data is transferred to external servers.

## 4. No Tracking or Analytics

We do not embed tracking scripts, third-party analytics, or behavioral cookies in our extension.

## 5. User Control

You may uninstall the extension at any time. This will fully disable access to message content and stop all activity.

## 6. Third-Party Services

If you integrate with OpenAI or other AI APIs, your data is governed by their respective privacy policies. We do not store your keys or responses.

## 7. Changes to This Policy

We may update this Privacy Policy periodically. All changes will be reflected on this page with an updated date stamp.
