

Accelerating AI & Data Transformation from Idea to Business Impact

ABOUT KOANTEK

Koantek is a **Databricks-exclusive system integrator** trusted by enterprises to move from platform adoption to real AI impact.

Recognized by Databricks with Certified Specializations across **AI, Security & Governance, Migrations, Lakeflow**, and multiple industries, we bring deep technical expertise and proven delivery to help customers run data and AI in production at scale.

200+ Databricks Certified Engineers	20 Databricks Champions	7X Databricks Partner of the Year	3 Databricks MVPs	10 Databricks Specializations
Databricks Ventures-Backed. Databricks Gold Partner Gold partner status, Seven-time Partner of the Year, and strategic alignment with Databricks field teams.		End-to-End Execution, All in One Place From architecture to GenAI enablement, Koantek is your single trusted partner.		Accelerators That De-Risk and Deliver Certified Brickbuilder solutions that compress timelines, reduce manual lift, and increase confidence.

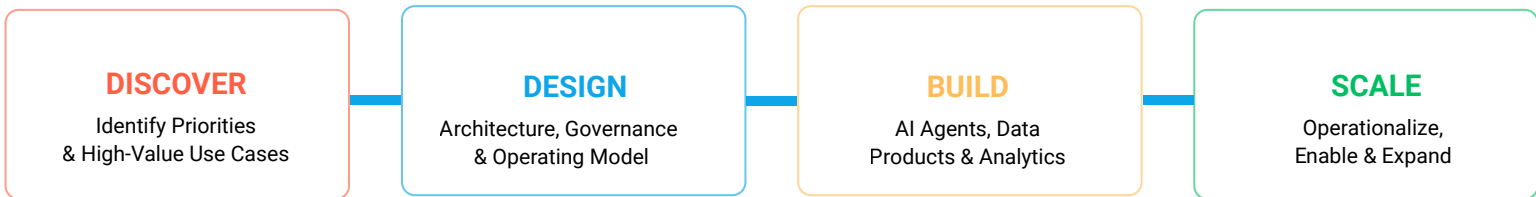

Koantek Forward Deployed Engineering

Koantek's Forward Deployed Engineering model embeds Databricks experts directly with customer teams to accelerate AI and data initiatives from concept to production. We combine advisory, engineering, accelerators, and enterprise delivery to help organizations achieve business outcomes faster and with less risk

WHY KOANTEK FDE

Faster Time to Value Rapidly move from concept to production.	Reduced Risk Leverage proven expertise and accelerators.	Embedded Expertise Work side-by-side with experienced practitioners.	Enterprise Scale Designed for production, governance, and adoption from day one.
