

Transform Your Expired Inventory Into Revenue

In Partnership with

Procura Connect has partnered with **Pharma Logistics** to bring you a turnkey reverse distribution program that can transform your expired inventory challenge into a revenue recovery opportunity. We handle everything from pickup to processing to refund – your healthcare practice simply reaps the benefits.

Benefits to Your Healthcare Practice

Immediate Financial Impact

- Recover a portion of the original purchase cost on eligible returned products
- Reduce inventory write-offs
- Generate unexpected revenue from products you considered a total loss

Operational Efficiency

- Free up valuable storage space for active inventory
- Eliminate staff time spent on complex return processes
- Streamline inventory management with regular expired product removal

Risk Mitigation

- Ensure regulatory compliance with expert handling of pharmaceutical returns
- Reduce liability exposure from expired product storage
- Maintain audit readiness with complete documentation and tracking

Environmental Responsibility

- Proper pharmaceutical disposal that meets environmental standards
- Sustainable inventory practices that reduce medical waste
- Corporate responsibility through responsible product lifecycle management
