

GlassHome has come a long way since our humble beginnings, establishing ourselves as a leader in the glass manufacturing industry. We've particularly excelled in the handmade glass segment, offering a diverse range of products renowned for their unmatched quality and intricate craftsmanship. Since our founding in 2016, we've steadily grown, expanding our reach and capabilities to become one of the most respected handmade glass factories in Egypt and the Middle East. This growth has been driven by our unwavering commitment to innovation, quality, and the satisfaction of our customers.

As we continue to evolve, 2024 marks a significant milestone in our journey. Recognizing the need to expand beyond our core expertise, we've embraced the exciting field of automatic press glassware. This move represents a bold step forward, allowing us to combine the artistry and techniques we've honed over the years with the precision and efficiency of advanced machinery. The result is a collection of glassware that not only maintains the high standards we are known for but also introduces a new level of consistency and scalability. These products are designed to leave a lasting impression in the market and cater to a broader spectrum of clients who value both form and function.

Building upon the success of last year's collection, we've taken things a step further. We've carefully selected some of the finest glassware designs from around the world and infused them with the creative touch of our in-house design team. This meticulous process ensures that each piece meets the high standards and unique preferences of our clients. The result is a collection that blends global inspiration with our distinct identity, creating products that are both timeless and innovative.

At GlassHome, we remain dedicated to pushing boundaries, embracing new challenges, and delivering products that exceed expectations. We invite you to explore our latest offerings and experience the culmination of years of passion, expertise, and a relentless drive for excellence.

ENJOY!

The image features three ornate crystal ashtrays arranged on a dark, reflective surface. The ashtrays have a scalloped rim and a base with vertical ridges. One ashtray in the foreground holds a slice of cheesecake topped with a yellow sauce and a lemon wedge. The other two ashtrays are empty. The text 'ASHTRAY, underline' is written in large white letters, with 'Collection' in a red script font below it.

COLORS

Our newly installed coloring production line utilizes advanced coating and treatment technologies to achieve precise color application, enhanced adhesion, and long-term durability. The system operates under strict quality control processes, ensuring consistency and compliance with international manufacturing standards.

This upgrade strengthens our production capabilities and enables us to deliver high-performance colored glass products for diverse market needs.
