## FEATURE

- Visit Iwakuni, a city of great cultural value where samurai residences and traditional streetscapes still remain, together with an accompanying National Government Licensed English Guide Interpreter.
- Visit a brewery making Japanese sake using underground water from the Nishiki River. Take a special tour of a sake brewery that is not normally open to the public and enjoy tasting Japanese sake as well.
- For lunch, customers will experience making Iwakuni sushi, a regional specialty. Look forward to actually making traditional cuisine and feel the depth of the region's food culture.  
\*Iwakuni Sushi: Unlike the usual hand-pressed sushi, Iwakuni sushi is made by pressing it into a mold.
- Built using traditional timber-frame techniques without the use of a single nail, the Kintai Bridge is a true culmination of Japanese craftsmanship and is beautiful from every angle.
- Experience the essence of Iwakuni's samurai culture at the Kashiwabara Art Museum. Behold a wonderful collection of samurai swords, armor, and helmets.
