Family	\$174.00 / \$207.00	\$84.00 / \$99.00	\$44.00 / \$52.00

Please note: The medical plans do not require a referral to see a specialist, but the specialist may require a referral from a primary care physician. Please note: If you go to an out-of-network provider, your cost may be higher and your provider may ask you to pay the actual charge for your care at the time of your visit.

You will receive separate medical and pharmacy ID cards.

Embedded vs. Non-Embedded Deductibles

- **Embedded Deductible (PPO Plans):** Each family member has their own individual deductible. Once an individual meets their deductible, the plan begins paying benefits for that person—even if the full family deductible has not been met.
- **Non-Embedded Deductible (HDHP Plan):** There is only a family deductible. The plan does not begin paying benefits for any family member until the entire family deductible has been met.

This distinction is important when comparing how quickly benefits start for an individual versus the whole family.
