

EXPERIENCE

Financial Times

Feb 2024 - Present

Motion Designer

Designed and delivered motion graphics for live events and marketing, including LED stage animations and opener videos. Managed workflows, collaborated with AV teams and freelancers, and ensured high-quality execution under tight deadlines across a large event portfolio.

Self Employed

May 2023 - Feb 2024

Freelance Motion Designer

creating animated content for b2c clients across diverse brands and projects. it was a great experience handling different tasks on my own, refining established workflows, and managing new client expectations while balancing creative execution and strict deadlines.

Ipsos

Jan 2020 - May 2023

Junior Motion Designer

directed design and video production deliveries, ensuring clear expectations and timely completion. created explainer videos for market research, edited a long series of covid diaries, and handled podcast recordings and live streaming events.

Connected Places Catapult

Sept 2019 - Dec 2019

Motion Designer Inter

supported the introduction of new media, including 360° igloo cinema and virtual exhibitions, providing technical assistance to internal clients. produced and published 2d animations and video case studies while ensuring brand consistency.

EDUCATION

London Metropolitan University

May 2020 - April 2021

this digital media degree provided practical skills and industry knowledge, preparing me to navigate the evolving digital sector. it honed my ability to engage with trends, use professional tools, and develop creative, innovative solutions in digital media design and production.
