

Know your Rights TJX

01 Don't be fooled by *Workers United* Lies

This Union has lied to its members every time during bargaining. Enough is enough. They will promise things, just to win the vote. Enough is Enough. *Workers United* only cares about collecting your hard-earned money. Do you want to be a sheep or a Lion?

CAWU = LION

02 Can I lose anything voting for a Great Union?

No - The Labour Relations Act protects the working conditions of employees who change Unions. To verify, call the **Ontario Labour Relations Board**: 416-326-7500

03 Do you want a Union that will fight for your rights?

Unlike your current one, which makes deals with the Company to hurt the employees. This is why TJX supports Workers United. Unions **should not be friendly** with the Boss.

04 Do you want to pay lower Dues?

CAWU dues are **much lower than your current Union** (\$35/month). This means you will get more services and protections and keep more in your pocket.
