

FIRE, SAFETY & SECURITY AWARDS

Fire Safety Product of the Year

This category recognises a fire safety product that has demonstrated outstanding performance, innovation, and impact in protecting life and property.

Innovation, Effectiveness & Performance

- *Is the product original or a significant improvement on existing solutions?*
- *Does it address a current or emerging fire safety challenge (e.g., lithium-ion battery fires, smart buildings, false alarms)?*
- *How well does the product perform its intended fire safety function (e.g., detection, suppression, containment, communication)?*

Compliance & Certification

- *Is the product fully compliant with applicable national and international fire safety standards (e.g., UL, EN, CE, FM, NFPA)?*
- *Has it been independently tested or third-party approved?*
- *Are there test results, certifications, or case studies demonstrating reliability in real-world conditions?*

Scalability & Versatility

- *Can the product be used effectively across different settings (e.g., residential, commercial, industrial, high-risk environments)?*
- *Is it adaptable to various sizes or configurations?*

User Experience & Accessibility

- *Is the product easy to install, maintain, and operate?*
- *Does it improve the user experience for building occupants, facility managers, or emergency responders?*

Integration, Sustainability & Environmental Impact

- *Is the product environmentally friendly (e.g., low emissions, recyclable, PFAS-free, low water use)?*
- *Has sustainability been considered in the design, materials, or lifecycle?*
- *Does the product integrate smoothly with modern fire systems, building management systems (BMS), or smart technologies (IoT)?*

Customer Satisfaction & Support

- *Do customers report high satisfaction with the product?*
- *Are there endorsements, testimonials, or client feedback from fire professionals, building owners, or users highlighting its effectiveness and value?*

***Legal proceedings**

If your company has been subject to any prosecution in relation to fire safety law or health and safety law since 1 January 2022, or has been subject to any enforcement notices, then your entry will automatically be disqualified
