

FIRE SAFETY AWARDS

Leader in Passive Fire Protection

This category recognises an organisation, contractor, or specialist provider in Ireland demonstrating outstanding leadership, technical excellence, and consistent high standards in passive fire protection (PFP). This includes fire stopping, compartmentation, fire-resistant construction, penetration sealing, and associated inspection, certification, and quality assurance practices.

**Below are some tips to include in your application, not a strict list of points that have to be answered*

Organisation & Industry Role

- *Overview of organisation and services*
- *Role in passive fire protection sector (contractor, specialist provider, consultant, etc.)*

Technical Capability & Leadership

- *Technical competence and staff expertise*
- *Use of certified systems and best practice methods*
- *Evidence of leadership and contribution to industry standards*
- *Recognition from clients or industry bodies*

Delivery & Quality Assurance

- *Delivery of passive fire protection works (projects in last 2–3 years)*
- *QA, inspection, and certification processes*
- *Consistency of compliance and performance*
- *Ability to manage complex or high-risk installations*

Outcomes & Impact

- *Demonstrated improvements in fire safety performance*
- *Client satisfaction and stakeholder confidence*
- *Evidence of reliability, repeat business, or positive outcomes*
- *Continuous improvement in practice or standards*

Supporting Evidence

- *Project case studies and photographs*
- *QA / inspection / certification records*
- *Training and competency records*
- *Client testimonials or references*
