

CIC COLLEGE INTERNSHIP

Autumn/Winter 2025: Grays Harbor Museum Science Internship

What's being offered?

The Coastal Interpretive Center is a cultural and natural resource organization based in Ocean Shores and serving all of Grays Harbor County.

This upcoming autumn and winter, we're offering 1 college internship focused on the reinterpretation of biological, ecological, geological, and anthropological items in the CIC Museum collection. The Intern will ideally be excited about research, public engagement, and museum design.

What's the commitment?

This internship is paid at \$21/hr, from September through December, with the potential to extend to early 2026 as well. Interns will be required to conduct research, interact with the public, and prepare a summative exhibition at the CIC Museum.

What can I offer?

The selected candidate will have the opportunity to shape the internship goals and outcomes in order to maximize educational and career preparation benefits. The CIC wants this internship to be useful to our museum and our community.

How do I learn more and apply?

To access the internship application, go to interpretivecenter.org/careers or scan the QR code at right. Applications accepted on a rolling basis until internship is filled; first round of review on Sept 1, 2025.

Questions about this internship or the application process can be directed to CIC Education Manager, Becky Stitt: bstitt@interpretivecenter.org or 360.289.4617
