

Welcome Back to School Year 2026-2027

Dear Parents/ Guardians

Welcome to first grade! We are so thrilled to be your child's teachers this year! We know that this year will be a great one and also as a partnership we will strive through it. As part of the first grade team, we are looking forward to an amazing school year 2026-2027. As your child's teachers our goal is to create a productive and creative environment for your child and to establish a community of learners who will share the joy of learning. Please know that your parent/guardian's involvement will help to promote powerful connections between school and home. Please make sure to write your child's name on the inside of their jackets and coats and also write their names on their backpacks and lunchboxes.

We have created a list of school supplies that each child will need. Please send your child to school with all the listed supplies by Tuesday, September 22nd, 2026. During this school year we will have to work as a strong team to ensure that our students are successful! We are looking forward to working with you and your student. We thank you in advance for the dedication to your child's education! If you have any questions please contact us!
