

COMPETITION-FIT CUBES

OAT-FREE CUBES OFFERING CONTROLLED ENERGY AND DIGESTIVE SUPPORT FOR COMPETITION HORSES

High energy cubes with live yeast for digestive support, and key antioxidants to support muscle and immune health.

Research

Linseed is included within the COMPETITION-FIT CUBES formulation as linseed is the richest vegetable source of omega-3 fatty acids. Increasing dietary levels of omega-3 fatty acids has beneficial effects on coat and skin condition and can also aid in joint health and mobility.
