

CONDITION IMPROVER CUBES

DESIGNED TO BUILD CONDITION AND SUPPORT A CALM AND TRAINABLE TEMPERAMENT

Support topline development and digestive health in training horses.

Research

Designed to help build condition and topline with a delicious, easy-to-feed formula. The inclusion of Equi-Jewel® helps to increase the energy density per kg to help keep meal sizes small. Equi-Jewel® helps to target condition across the topline, back and hindquarters in conjunction with a correct exercise routine, while maintaining a trainable and manageable temperament.

Feeding requirements

Feeding requirements will vary subject to individual needs, level of work, body condition and feed management practices. To discuss in further detail, please contact our Nutrition Team.
