## **IN COLLABORATION WITH BAR RESTAURANT LUCY**

Cinema The Pulse works closely with Bar Restaurant Lucy, located under the cinema auditoriums. This collaboration makes it possible to combine a cinema visit with lunch, dinner, or drinks in a stylish and accessible setting.

Bar Restaurant Lucy acts as a natural extension of the cinema experience and offers space for both individual guests and groups. For events, catering can be fully integrated into the program, with tailored packages.

Thanks to this direct collaboration, a complete experience is created in one location, from reception to closing drinks.

## **THE BAR & FOYER**

The foyer of Cinema The Pulse is a spacious and modern reception and networking area with a fully equipped bar. The foyer has 60 seats.

The space is suitable for registration, coffee receptions, breaks, drinks, and informal gatherings during events. After a presentation or screening, it is a pleasant place to socialize and enjoy a drink.

The foyer connects directly to the auditoriums and serves as a practical extension of any event.

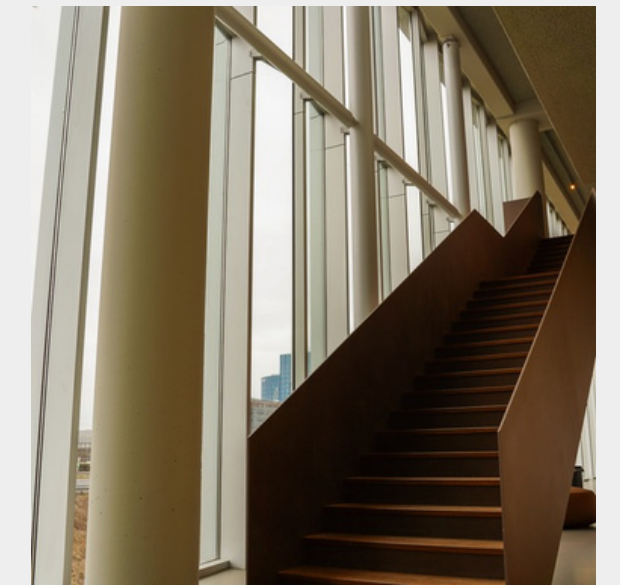

## **THE GALLERY**

The gallery and the spacious corridors leading to the auditoriums form a large, open entrance area with plenty of daylight and high ceilings. The long sightlines across the Zuidas and wide walkways ensure a clear and comfortable flow of guests.

This space is highly suitable for reception, registration, exhibitions, information stands, and networking drinks. Thanks to its open layout, the gallery can be flexibly arranged with standing tables, catering, or branding.

While it connects the auditoriums, it also operates as a standalone event venue.
