

March 1, 2026

To Our Valued Customers:

This letter is to communicate our decision to discontinue the manufacturing and distribution of the following products – effective March 31, 2026.

- 8001061810 Blanket – Non-woven – Adult – Clik-Tite Connectors
- 8001061812 Blanket – Non-woven – Pediatric – Clik-Tite Connectors
- 8001061550 Rapr-Round Kit – Small/Medium – Clik-Tite Connectors
- 8001061560 Rapr-Round Kit – Large – Clik-Tite Connectors
- 8001061530 Rapr-Round Vest – Small/Medium – Clik-Tite Connectors
- 8001061535 Rapr-Round Vest – Large – Clik-Tite Connectors
- 8001061540 Rapr-Round Leg Wraps – Clik-Tite Connectors
- 8001064035 Clik-Tite Single Hose
- 8001064137 Clik-Tite 3 Hose pack

Following our acquisition of the temperature management business from Stryker Corporation last year, we have encountered unmanageable backorder challenges with all products with the Clik-Tite Connectors. This connector design is approximately 35 years old and sourcing the required materials and molds to continue production is simply not feasible. We will continue to accept orders for the above referenced products until final inventories are depleted.

We do offer a full selection of hoses and disposable products for patient temperature management that utilize the more contemporary Colder Connectors. These products are readily available at highly competitive prices.

We apologize for any inconvenience this decision will cause at your facility. Please reach out to your local 3T Medical sales professional to review comparable options to support your patient care needs.

Sincerely,

Mark Lincoln
