Executive Director – Malvern Family Resource Centre

Join this dynamic organization at an exciting time of stewarding recent growth in fundraising, programs and services, and community advocacy.

Malvern Family Resource Centre (MFRC) is an essential and trusted Community Hub that connects, engages, and takes collaborative action in supporting Malvern communities to thrive. MFRC uses public spaces and deep and authentic connections to bring people together with a focus on those that need the organization the most.

MFRC supports community members across all stages of life with practical, high-quality programs designed to meet real needs. This includes children's programs, which support young and school-aged children to get a great start; Malvern Urban Farm, which drives fresh food access; and Youth Hubs, which provide a safe and welcoming space for young people to connect. MFRC also offers counseling and resources for survivors of gender-based violence, and space for older adult members to engage in social, educational, physical and mental wellness programs. Its newcomer programs engage and support new community members through language classes, cultural orientation workshops, employment assistance and community engagement activities.

In 2025 alone, over 21,000 children, youth, families, women, newcomers, and seniors accessed MFRC's programs and services, each shaped with purpose, equity, and heart. MFRC practices a daily commitment to strengthen inclusion, diversity, equity and accessibility, including safer spaces for 2SLGBTQIA+ youth and a youth advocacy and action program to explore policy, challenge inequitable systems and lead conversations on housing, education and food insecurity.

It is within this context that MFRC welcomes applications and nominations for the appointment of its next **Executive Director**, who will assume the role in Spring 2026 or soon after.

Reporting to the Board of Directors, the Executive Director (ED) provides leadership to enable MFRC to successfully implement and achieve its vision and mission. The Executive Director is responsible for managing MFRC's operations including the accountability for financial activities, programs and services, Board governance, relationships with funders, advocacy, and community and government relations. Working with a dedicated senior leadership team, the ED is also responsible for developing internal processes and structures which create and support a culture of innovation and learning across the organization and foster a philosophy of success through teamwork. As MFRC's 2023-2026 strategic plan ends, the ED, working in support and collaboration with the Board, will lead the organization through the creation and implementation of its next strategic plan, ensuring MFRC's short- and long-term viability.
