

# TS4080 TRACKED CONVEYOR

The McCloskey® TS4080 is designed to allow operators to stockpile/transfer material directly from mobile crushing and screening plants it offers the perfect solution to all your material handling needs. It offers the flexibility and mobility needed to ensure that the stockpiling process is as fast and efficient as possible, it eliminates the use of a loader and also the double handling of materials.

## FEATURES

- ✓ Hydraulically adjustable discharge height up to 8.4 meters
- ✓ 3.5m tracks for superior maneuverability and stability
- ✓ Heavy Duty Impact Bed
- ✓ 36KW giving a rating of up to 450 TPH
- ✓ Fuel efficient Hydraulics system
- ✓ User Friendly Hydraulic Controls
- ✓ Hydraulic folding heading section for transport minimizing setup time

The TS4080 Stacker can also be containerized for transport, with minimal setup time, substantially reducing transport costs.

Hydraulically adjustable discharge and feed in height complements crushing and screening plants. The large hopper allows operators to make the most efficient use of the TS4080's high volume capabilities.

Optional Wireless Remote Provides remote enhances safety and maneuverability for moving freely to the best location.

## TS4080 TECH SPECS

Engine	36.5 kW (49 HP)
Stockpile Height	8.89m (29' 2")
Stockpile Capacity	1300m <sup>3</sup> (1700yds <sup>3</sup> )

## TRANSPORT

Transport Height	2.6m (8' 6")
Transport Length	11.7m (38' 8")
Transport Width	2.34m (7' 8")
Weight	12,700 Kg (27,998 lbs)

## OPTIONS

Dual Power Drive | Feed boot Rubber Liners | Hydraulic Tail Fold | Head Scraper upgrade | Anti-Roll backs | Rear Hydraulic Folding Jack legs | Extended Feed boot with crash Box | Radio remote control Conveyor and setup functions | Heavy-duty 4 ply bel
