## EARPLUGS features

The NJORD earplugs offer you maximum comfort and hearing protection with its unique ergonomic bullet shape and self-fitting foam material.

With NJORD you can always expect:

- Protective equipment for maximum safety
- Premium quality and consistency in products
- Global availability and standardization

### EXPECT MORE

In Norse mythology, Njord was the patron of seafarers and the god of wind and waters. These characteristics have been transferred to our NJORD product line providing expert care to seafarers when they sail the seven seas.

## EARPLUGS features

The NJORD foam earplugs are a polyurethane ergonomic bullet shaped self-fit earplug type with slow rebound abilities which make the earplugs expand and fill the entire ear canal, thereby blocking it for harmful noise and increasing the noise protection to the maximum.

The NJORD earplugs are certified to SNR38dB according to the EN 352-2:2020 standard. They are made in hi-vis fluorescent yellow for higher visibility.

Item no.:	IMPA code:	Product name
