

**TOWN OF EVA**  
*"The Little Town with a Big Heart"*

P. O. Box 68  
4238 Eva Road

Eva, Alabama 35621  
205-796-7360

**RESOLUTION NUMBER 97 -1**

WHEREAS, the Town of Eva realizes that it has the responsibility to provide a safe work place for its employees and safe environments for its citizens. Each employee must pursue the highest standards in his or her assigned activities and all city employees must recognize that the well-being of persons involved, and the protection of our physical resources are as important as the activity and work being performed.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF EVA AS FOLLOWS:

1. The town is establishing a Loss Control Management Program to be implemented in stages over the next year. The town expects its management and employees to respond to all planned safety efforts and to perform their assigned jobs in the safest manner possible.

As the first portion of the town program, the Safety Coordinator will be assigned the responsibility of organizing the overall Loss Control Management Program.

Each town employee will be responsible for his own personal safety and for the safe completion of assigned tasks.

The Town of Eva is committed to doing all in its power to make its Loss Control Management Program a success and expects all employees to assist in this effort by contributing expertise and by following all established rules and procedures.

2. As Mayor, I am very much concerned with accidents and injuries. Accidents cause untold suffering and financial loss to employees and families. The medical expenses and compensation payments for time lost from jobs are draining tax dollars away from much needed services and programs.

Our town recognizes its obligation to provide the safest possible working conditions for its employees and a safe environment for its citizens and, in the event of an accident, to provide prompt first aid and medical care to minimize personal injuries. This requires a safety program whereby: (1) our employees will be provided proper personal protective equipment and job instruction; (2) their work practices will be frequently reviewed; and (3) most important, their work performance will be supervised.

I now, therefore, establish the Office of Safety Coordinator for the town by this notification. The Safety Coordinator will be our personal representative and will be responsible for the direction and administration of our safety program. They will submit a report to us of the progress of the safety program.

The safety program will provide for the establishment of job safety training, minimum job safety requirements, investigation and reporting of accidents, and a health program. I request each employee or councilman to implement and aggressively support our safety

program. All will be expected to follow safe practices, to obey safety rules, and to help generally in the program of the Safety Coordinator. We must all make every effort to reduce the burden of accidents.

Signed this 17<sup>th</sup> day of April, 1997.

At Eva, Alabama.

  
Mayor 4/17/97

Attest:

Eva Town Clerk 0
