Present:

Donald Allison
Athea Allison
Kent Chambers
Brandlee Shadden
Dot Smith
Judy Fortenberry
Bert Collins

Stefan Henderson
Johnny Persall
Gary Livingston
Laura Livingston
James Henderson
Clarence Alexander

Mayor Livingston called the meeting to order, stated the reason for the meeting was to answer any question that anyone might have concerning the second phase of the sewer system.

He stated that the town was able to proceed with this phase of the system due to a grant that we received from Senator Session and Representative Aderholt. The Grant is being administered by EPA and is in the amount of \$286,000.00.

He explained that the lines would go west on Highway 55 to Paul Miller house, South on Highway 35 to the Fire Department and Darrell Holmes, East on Highway 55 to Alton Pages, and North on Highway 35 to Frost Road. Hopefully we will be able to pick up the subdivision on Courtney Drive, and to add the second drip field at the plant

Mayor Livingston stated that we will be using the Town's money as a match and that the town will not have to borrow any funds for the project.

He went over the amounts for fees; the sewer will be the same as the water bill.

He stated that we will not do away with the septic tanks on this phase, septic tanks will remain in place and will be use in case of an emergency.

Stefan Henderson asked several questions concerning his house and what he needs to provide for the system. Mayor Livingston answered these questions.

Meeting was adjourned at 7:15 p.m.

Approved:

Gary Livingston, Mayor

ATTEST:

Judy Fortenberry, Town Clerk
