

Minutes of Call Meeting of Eva Town Council held February 20, 1986, 5:30 P.M., attended by Mayor Ryan, Councilmen Page, Morgan, Livingston and Hipps.

Mayor said that there were three items that needed to be brought up:

- 1-He learned from Birlen Childers that Dr. William R. Hale, a dentist who has a practice in Huntsville\* has expressed an interest in opening a part-time practice in Eva, with the plan that if it worked out all right, he would expand it into a full-time practice. He came out and looked around. I told him that we would be glad to work out something ; that we would work with him in any way we could to try to help him get started. Council voted to send out letters to all the mail routes around to announce the opening of the office, if Dr. Hale decides to do so.
- 2-Several people have talked to him about the tanks that were put in at the Ross' Corner Station, saying that they thought the tanks would not pass the federal law that came into effect last October. I told them that we couldn't police all that. We might need to report the complaints to Mr. Proctor. Mayor said that he didn't know what we need to do about this, if anything.
- 3-It was mentioned that we might need to say something to William Chaffin about the pile of tires he's leaving out front of the building before that gets too bad. We will discuss this in the next regular meeting.

Bonnie Holmes, Eva Town Clerk
