

Minutes of Call Meeting of Eva Town Council held January 26, 1989, 7 PM, attended by Councilmen Charles Nichols, Gary Livingston, Ray Morgan, and Bert Collins. Meeting was chaired by Chairman pro tem Charles Nichols, and was attended by the following members of Eva Activities Association: Darrell Eddleman, G.C. Childers, Terry Childers, Stanley Hall and Edsel Childers who arrived late.

The group looked over the preliminary layout of the park ball fields and parking lot as prepared by Mike Cavanaugh. Discussed elevations, slopes, levels, etc. It was decided to leave the ball fields at the same level because of the lighting, bleachers, and warm-up areas.

One point stressed was to get the right dirt brought in from the beginning and not have the problems that Decatur is having.

Information was given to Darrell Eddleman to pass on to Mike Cavanaugh to get incorporated into the final layout so that he can get it ready for the next meeting in two weeks. Darrell recommended calling the National Guard to let them know we can have the prints to them in about two weeks.

Motion was made by Mr. Collins, seconded by Mr. Morgan; carried, to have Darrell proceed with the layout and have the slopes, etc., decided by the Activities Association after they talk to the Park & Recreation people in Decatur. Gary Livingston will do this, and then contact Darrell.

While in session the Council voted to:

1-Buy the copying machine and stand for it, the Ricohl FT 2260, on display in Town Hall from L&N Office Supply. It was demonstrated by John Nelson to the council members present before the council meeting began. Cost is \$2450 for copier, \$109 for stand; for a total of \$2,559.
(M:Livingston; s:Collins; carried)

2-Give Levi George what's left of the old building (Childers House).
(M:Livingston; S:Morgan; carried)

3-Give the old copier and typewriter to the Fire Department for the new fire hall. (M:Collins; S:Morgan; carried)

Motion to adjourn made by Collins, seconded by Livingston.

Bonnie G. Holmes, Clerk

APPROVED
