

# The Ripple Effect

## A Message from our President & Pastor Joe Albright

Dear Friends,

*This past September I will had been writing messages for Dial Hope for 10 years. When I first began, I never imagined I would be doing it this long. However, it has been a blessing! It's an interesting ministry in that I don't often get to know the people I'm serving. When I do, even when I hear from you all, it is a real gift. But whether that happens or not, I do have hopes for my Dial Hope flock.*

*First and foremost, in your own life, I hope that you are able to carve out moments of quiet - whether it is for prayer, meditation or silence. We all need time to be still, to refocus, and to reflect on where we've been and on where we are going. Most importantly, by intentionally setting aside this time we are developing something deeper within. We are developing the inner capacity to experience peace even in the midst of life's greatest storms. And, we're fostering communion with the One who is the Source of all life.*

*Second, in writing for Dial Hope, my prayer is that these daily messages would be a resource for you. I hope that if nothing else, you might use them as an excuse to stop each day and spend just a moment in God's presence, a moment of reflection and prayer. Finally, I hope they would be an avenue for you to minister to others. Some of our board members talk about sharing Dial Hope messages with friends, family, co-workers, and loved ones who might need a lift. It is a way of reaching out, showing you care, and sharing the good news of Christ's love for them.*

*As we all seek to recover from what has been a pretty traumatic year, I am grateful for the opportunity to continue to serve you in this way. I am deeply grateful for your financial support of Dial Hope, and I hope that Dial Hope has been a blessing to you.*

Grace and Peace,  
Joe

## Testimonials

*From Sheila:*

*I am so thankful for Dial Hope! Very often the brief inspirational daily messages are exactly what I need to hear. Listening to them sets the tone for my day in a positive way. I prefer to call in. I like hearing an encouraging voice remind me that I am not alone, that I am loved and to share that love. It was a blessing that a dear friend of mine informed me about Dial Hope and now I share it with others. Spread the word.. call in or read online. It's a few minutes a day well spent.*

## *A Message from our Chair, Candy Swick*

*For over 10 years that I have been a Dial Hope volunteer, I have had the privilege of sharing uplifting messages of encouragement with individuals struggling with every day challenges of life. These messages provide wisdom, comfort and encouragement to people from all faiths and all walks of life and time. Simple stories of reflection remind me to make a difference and write a long over due note of thanks for making a difference in my life. Sometimes a message gives me a nudge to make that call to let an individual know they were thought of when I listened to a Dial Hope message. Sometimes a message offers an “ah ha” of how to meet a difficult situation with kindness and strength from the words of wisdom in the message.. and I warmly hope the same for you.*

*With gratitude,  
Candy*
