EASTSIDE | BIRMINGHAM

THE BRINDLEY COLLECTION

GL Glasswater Locks

EASTSIDE | BIRMINGHAM

Glasswater Locks opens up a new gateway between Birmingham's Eastside and the city's vibrant Learning Quarter. Its selection of contemporary canal-side apartments and duplexes are located moments away from the city centre and high speed rail links.

The vision is to create a thriving new community with extensive on-site facilities that offer an appealing alternative to the buzz of the city. The elegant landscaping breathes life back into the canal-side, connecting the city's rich industrial heritage with its promising future.

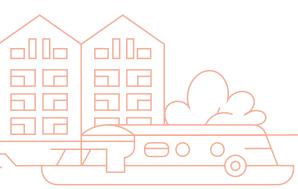

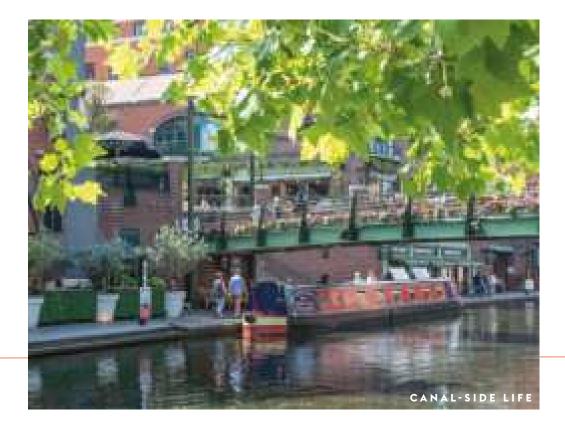

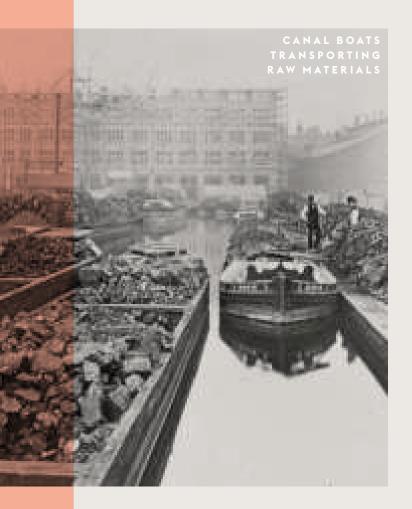

Shaped for the future

Glasswater Locks brings convenience and connectivity to comfortable, modern living set alongside a peaceful waterway. The development benefits from I55m of canal-side frontage, enhancing the tranquillity of the area. The residents' facilities will include a 24-hour concierge, residents' business lounge, games room and cinema, as well as planned cafés, bars and restaurants. It will also be a short walk from the forthcoming high speed rail station and the best of Birmingham's city centre dining, shopping and cultural attractions.

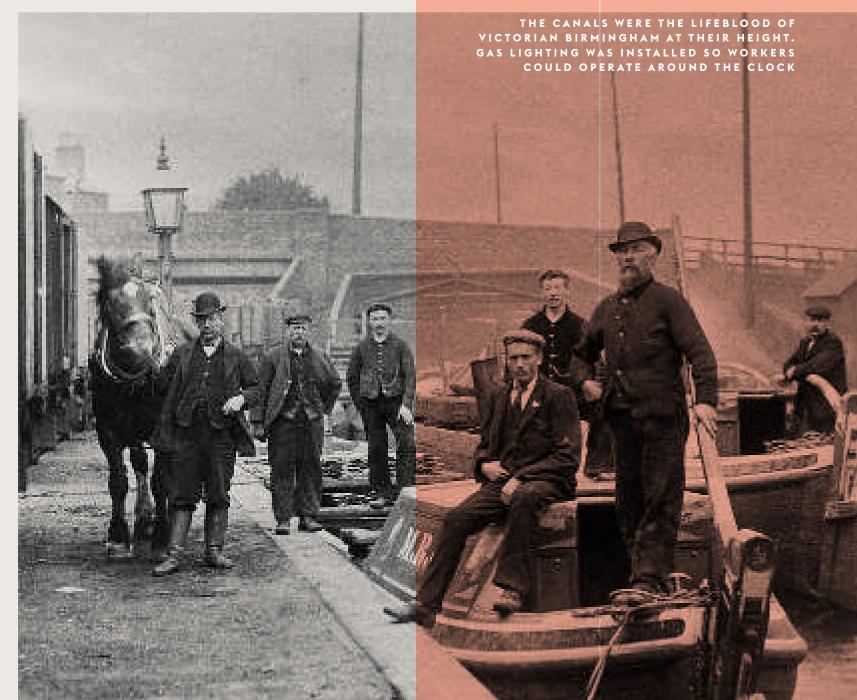

INDUSTRIAL HERITAGE

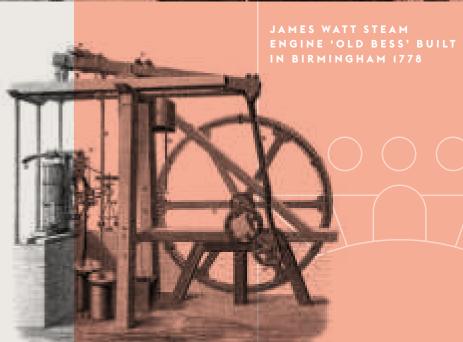

Inspired by the former Belmont Glassworks

Glasswater Locks sits alongside Digbeth Branch Canal, a site of historical significance. Archaeological excavations have revealed the base of a Boulton δ Watt steam engine, which was part of a pumping station needed to raise water levels along the canal. Excavations also revealed boundary walls and kilns that once belonged to Belmont Glassworks, a company active on site from 1803

Glassmaking was one of the city's major manufacturing industries in the I8OOs, and glassworks were established along waterways to provide transportation. When railways began to supersede the waterways from the mid I8OOs, a rail terminal was built at the nearby Curzon Street location, preceding the arrival of HS2 and laying the foundations for Birmingham's bright, connected future.

A vision for canal-side living

Glenn Howells Architects, one of the Midlands' principal design studios, has been responsible for the design of Glasswater Locks.

The creative lead, Dav Bansal, brings award-winning expertise and a passion for transforming his home city. Dav is especially driven to ensure regional cities meet their full national and international potential, and it's this drive that has inspired his involvement in projects like HS2 Curzon Street Station.

Dav's design vision for Glasswater Locks was to combine the fresh outlook of urban regeneration with respect for the historical context of the environment. He brings history to life through brick and metalwork while he interprets the energy of renewal for tomorrow with spacious waterside landscaping.

ENHANCING THE PUBLIC SPACES, THE CANAL-SIDE AND ENCOURAGING NATURE ARE FUNDAMENTAL ELEMENTS OF THE DESIGN OF GLASSWATER LOCKS

PLACEMAKING IS AT THE HEART OF EVERY PROJECT BERKELEY ST JOSEPH UNDERTAKES - IT'S NOT JUST BUILDING HOMES, IT'S ABOUT CREATING PLACES WHERE PEOPLE WANT TO LIVE AND ENJOY LIFE

COMMUNITY PLACEMAKING

A new waterside community

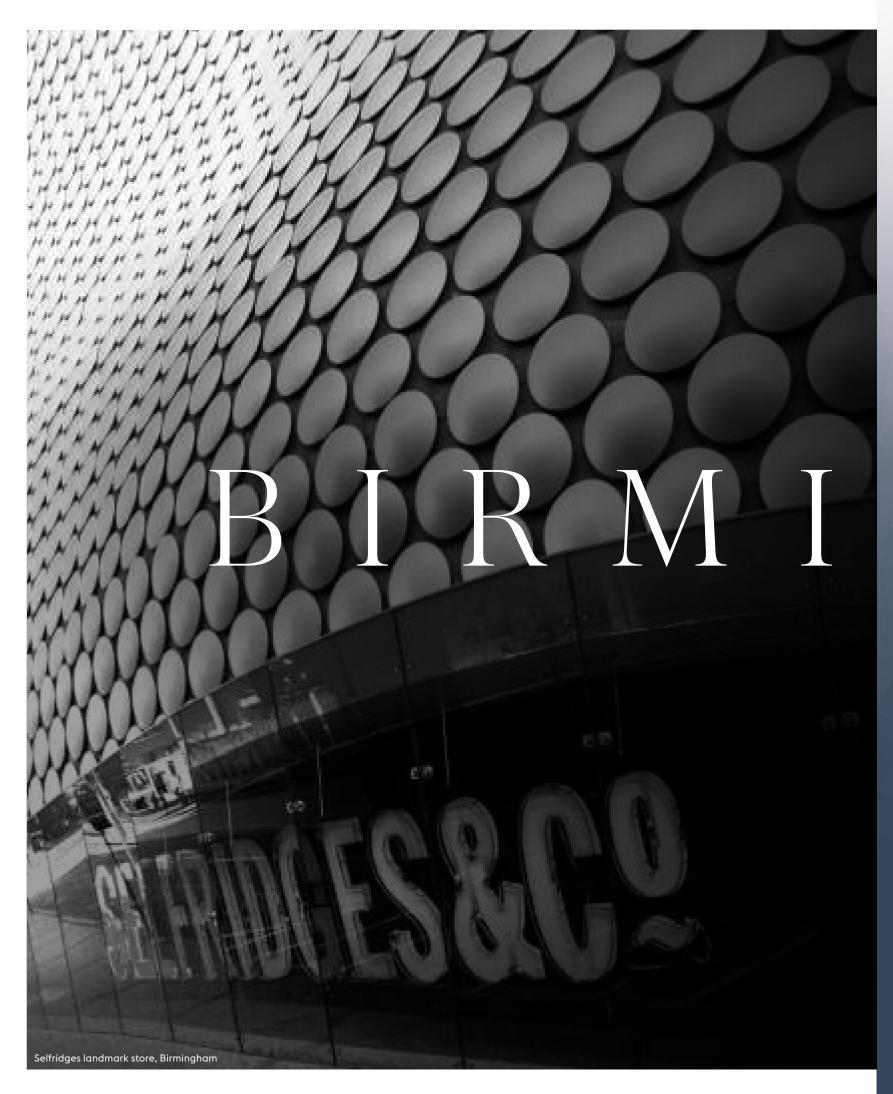

Outdoor seating areas and new walkways open up the canal towpath, making it an accessible, vibrant destination for every member of the community.

A clear relationship exists between environmental quality and overall wellbeing which is reflected in the revival of the canal. Special attention has been given to creating a pedestrianised, car-free environment and enhancing the public spaces surrounding Glasswater Locks.

"Birmingham is a beautiful city, the buildings, the canals, the culture, even the food, everything keeps getting better. I can't imagine living anywhere else."

People are the heart of Birmingham

BIRMINGHAM'S HIGH RETENTION OF STUDENT GRADUATES ENSURES THE CITY IS THRIVING FOR FORWARD-THINKING ENTREPRENEURS AND START-UP BUSINESSES

This dynamic city has a young and vibrant population with a high percentage below the age of 34. Classed as the youngest city in Europe, Birmingham's evolution is rooted in rich industrial heritage. From these roots have grown high-speed rail links, globally recognised universities and a host location for the Commonwealth Games. As Birmingham moves forward, it remains proud of its rich heritage and diverse culture.

The soul of the city is evident wherever you go.
The Victorian-era Piccadilly Arcade remains as popular a destination as Selfridges' landmark building. Brum's Balti Triangle has birthed Michelinstarred Opheem. The redeveloped Birmingham Rag Market is still home to traders selling secondhand treasures. And many who've grown up here become the entrepreneurs of Colmore Row, breathing life and income back into their cherished city.

ST GEORGE & ST CHAD - THE GUN QUARTER THE AREA HAS A RICH HERITAGE REFLECTED IN ITS

THE AREA HAS A RICH HERITAGE REFLECTED IN ITS PREDOMINANTLY INDUSTRIAL CHARACTER ALONGSIDE AN ESTABLISHED RESIDENTIAL COMMUNITY. WHILE MUCH OF THE HISTORIC GUN MAKING HAS CEASED, THE AREA IS STILL A SIGNIFICANT SOURCE OF EMPLOYMENT GENERATING ACTIVITY

CITY CORE

BIRMINGHAM'S CITY CORE IS THE SINGLE BIGGEST ECONOMIC DRIVER OF THE REGIONAL ECONOMY. IT IS THE CENTRE OF THE REGION'S RETAILING, BANKING AND FINANCIAL SERVICES AND THE CIVIC AND CULTURAL HEART OF THE CITY

WESTSIDE & LADYWOOD

WESTSIDE HOSTS MANY OF BIRMINGHAM'S
INTERNATIONAL-CLASS VISITOR ATTRACTIONS,
AND FORMS A HUB FOR SHOPPING, NIGHTLIFE
AND ENTERTAINMENT ACTIVITIES. FORMERLY A
NEGLECTED AND UNDERUSED AREA, WESTSIDE
HAS BEEN COMPLETELY TRANSFORMED AND IS
NOW THE PRIMARY DESTINATION FOR BOTH
BUSINESS AND LEISURE VISITORS TO BIRMINGHAM

JEWELLERY QUARTER

UNIQUE TO BIRMINGHAM'S HERITAGE, THIS SPECIAL ASSET SUPPORTS THE AUTHENTIC CHARACTER OF THE CITY CENTRE AND DIFFERENTIATES IT FROM OTHER LARGE UK CITIES. IT ALSO IS UNIQUE INTERNATIONALLY AS A CENTRE OF EXCELLENCE IN THE MANUFACTURE AND TRADE OF JEWELLERY

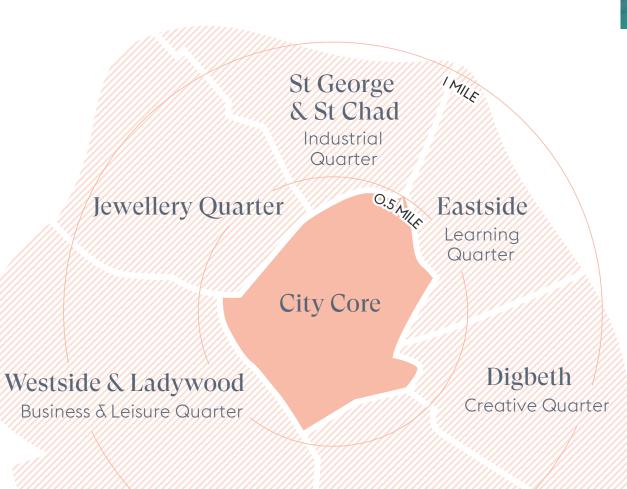

SOUTHSIDE & HIGHGATE

A RICH MIX OF EXISTING ACTIVITIES GIVES THIS
AREA A UNIQUE SPIRIT AND VIBRANCY. ONE OF THE
MOST DIVERSE CITY CENTRE QUARTERS (INCLUDES
CHINATOWN, GAY VILLAGE AND IRISH QUARTER) IT HAS
BECOME A MAJOR CULTURAL AND VISITOR DESTINATION

Birmingham's characterful quarters

Birmingham comprises seven key quarters, half of which will be the focus of massive investment as part of the Big City Plan. Each quarter is known for its unique offering, such as jewellery makers, universities and conference venues.

At the heart of the Learning Quarter, Glasswater Locks is only a few minutes' walk from the city centre.

Southside & Highgate
Cultural Quarter

EASTSIDE

EASTSIDE IS A CENTRAL FOCUS FOR REGENERATION ACTIVITY IN THE CITY CENTRE THAT HAS BROUGHT ABOUT THE EMERGENCE OF THE AREA AS A LOCATION FOR KNOWLEDGE, SKILLS AND INNOVATION. THE FUTURE ARRIVAL OF HS2 WILL TRANSFORM EASTSIDE INTO A KEY ARRIVAL DESTINATION UNLOCKING FURTHER OPPORTUNITIES AND LINKING TO THE CITY CORE

DIGBETH

THE DIGBETH AREA HAS BEEN AT THE CORE OF BIRMINGHAM'S INDUSTRIAL DEVELOPMENT, EVOLVING AND REINVENTING ITSELF. TODAY, ALTHOUGH THE MAJORITY OF THE FACTORIES AND WAREHOUSES HAVE GONE AND THE CANAL IS NO LONGER CARRYING CARGO, DIGBETH IS TRANSFORMING INTO A MODERN, BUZZING CREATIVE QUARTER

EDUCATION

Local universities, global recognition

Birmingham offers higher education opportunities of an exceptionally high standard. The city's universities are recognised globally, as well as nationally, and each serves an international population of students seeking the very best in vocational and academic learning, as well as city living. Four of these five universities are situated within five miles of Glasswater Locks, a short journey by bike or public transport. What's more, the breadth and depth of courses on offer will satisfy students at every stage of their career.

A city connected

Known as the heart of England, Birmingham's central location has always maintained strong country-wide connections, however the introduction of HS2 will elevate the city's transport links to new levels. Curzon Street will be the fourth mainline station in the city. The high-speed service it provides will almost halve the journey time to London and significantly reduce travel times to the UK's other major destinations.

For those travelling by road, major motorways, including the M5, M6 and M42, are easily reached from the city centre. Furthermore, Birmingham coach station is a national hub that has undergone major refurbishment in recent years. As for travelling further afield, a £500 million investment in Birmingham Airport over the next I2 years will further enhance the existing site, which already hosts around fifty airlines that fly to more than I50 destinations.

A rich sporting heritage

Birmingham has a history of hosting sporting events that command an international audience. As host of the Commonwealth Games, the city was selected for its ambitious and innovative vision to engage and bring benefit to the local community. An event of this scale generates huge income across leisure, culture, tourism and hospitality, as well as creating up to 22,000 jobs and stimulating large-scale investment in local businesses. Birmingham's many sporting venues and arenas also gain advantage from redevelopment, including Alexander Stadium, which can now seat 50,000 spectators. Further regeneration across the city ensures the Games leave a legacy of facilities developed for community use.

CRICKET AT EDGBASTON STADIUM

Shoppers' paradise

The celebrated regeneration of Birmingham's Bullring Shopping Centre in 1999, and the unveiling of the landmark Selfridges building in 2003, put the city firmly on the map for shoppers and day-trippers. This city centre transformation set the scene for globally-recognised names like Harvey Nichols to establish a local presence, making Birmingham one of the top three retail destinations in the UK. The full spectrum of brands is now on offer from high end to high street, including Gucci, Dior, through to John Lewis and Zara. The independent retailers that populate Great Western and Piccadilly Arcades belong to a bigger movement of unique boutiques across the city, selling everything from flowers to jewellery and wine. There's even an app that offers deals and discounts across the best of Birmingham's independents.

CULTURE

The best seat in the house

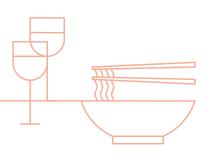

Birmingham has a huge cultural offering steeped in local heritage and infused with the diversity of its modern population. Street festivals, food markets, spoken word events, local gigs, award-winning science museums, concerts attended by thousands at the NEC, or the City of Birmingham Symphony Orchestra in performance at the Symphony Hall, there is something to suit all tastes.

Out of six major theatres, Birmingham Hippodrome is the city's flagship and principal venue for Birmingham Royal Ballet. It also sells more seats each year than any West End theatre in London. Over 40 galleries await exploration at Birmingham Museum and Art Gallery, while Birmingham's National Sea Life Centre and Botanical Gardens and Glasshouses welcome nature lovers, and Cadbury World is the destination of choice for chocolate lovers.

From madras to Michelin

Birmingham is known for its Balti Triangle, the original home of the delicious Indian dish, but the city also excels at many other cuisines. Birmingham is, in fact, home to the largest number of Michelin Star restaurants outside of London, and five of them are located in the city centre. These top-rated venues – alongside other quality restaurants in the area – offer food from all over the world. Diners can choose from afternoon tea at the Hotel du Vin, British fine dining at Adam's, Argentinian steak at Pulperia, or one of many bottomless brunches.

ASIAN RESTAURANTS

An eclectic mix of Chinese, Thai, Vietnamese, Korean, Japanese, Sushi and, of course, Balti, offer everything from traditional staples to contemporary fusion. A great example of these, Tattu stimulates all the senses. Fusing innovative Chinese cuisine with distinctive interior design. Menus are seasonal and service is meticulous. tattu.co.uk

STREET FOOD

Award-winning events like Digbeth Dining Club and Hockley Social Club bring fine dining to the streets.

PUBS, BARS & COCKTAILS

Expert mixologists serve cocktails all over the city too, with many locals favouring the waterfront bars of Brindley place or the chic cocktail lounges in the iconic Mailbox. Birmingham also boasts a rich legacy of some fine traditional pubs.

CANAL LIFE

Canals catalyse change

Water is an ancient symbol of life and renewal, which befits the urban regeneration taking place along Birmingham's city centre canal network. The waterways played a crucial role in the development of Birmingham throughout the I7OOs and I8OOs. They now play an equally important role in its redevelopment.

Focused canal-side projects are multi-faceted, serving to preserve the heritage and calm of the environment, conserve and create natural habitats, improve pedestrian and cycle access along towpaths, and introduce mixed-use recreational facilities, such as waterfront cafés and alfresco dining. Popular canal-side destinations like Brindley Place and Gas Street Basin already thrive on the magnetic pull of water, and Glasswater Locks will soon follow suit.

PARK LIFE

Birmingham enjoys over 8,000 acres of green space and 571 parks – 15 of which have been awarded Green Flag status, an international accolade for good management and public accessibility.

Around 25% of the dynamic city is green space, making it the UK's fourth greenest city. Birmingham also boasts 53 miles of canals – even more than Venice.

Popular parks include Cannon Hill, which covers 8O acres of parkland and I2O acres of conservation and woodland plantation. It's also home to Birmingham Wildlife Conservation Park. Eastside City Park is the closest to Glasswater Locks with 6.75 acres of green space on the edge of Millennium Point, populated by hundreds of trees, a IIO-metre-long canal water feature and jet fountains. Birmingham Science Park, located in the city centre, is the UK's third oldest science park.

PARK LIFE

A city in good company

Birmingham is a member of Biophilic Cities, a global network of cities which are dedicated to improving the connection between residents and urban nature. They work in concert to conserve and celebrate nature in all its forms. Biophilic Cities promote urban design and planning which integrates and brings nature back into the city and to the everyday life of citizens.

Launched by the University of Virginia in the United States, it currently has 25 partner cities around the world with Birmingham being the third European city to join.

A PLACE TO CALL

M

B

Enjoy life on the water's edge

Generous external spaces are a key feature of Glasswater Locks, ensuring the most amount of daylight possible can bathe the development's landscaped areas, open spaces and elevated, resident-only courtyard gardens. The landscaping that surrounds each building has been carefully conceived to reflect both the tranquillity and vitality of the water it sits alongside, making it an ideal location to read a good book or take a run along the water's edge.

Stylish and modern design

Residents enjoy spacious kitchens with a clean and modern-day design.
All appliances are discreetly integrated to amplify the available space.

Clean lines, exquisite design

The bathroom design maintains a modern, space-saving feel. Units each have ceilingmounted rain showers, tiles line the floors and selected walls, and all accessories, including robe hooks and towel heaters, contrast in matte black.

Specification

Kitchen

- + Contemporary designed kitchen to all plots
- Laminate worktop with stainless steel splashback behind hob
- + Stainless steel sink
- + Stainless steel tap
- + Telescopic integrated recirculating cooker hood
- + Indesit black touch control integrated induction hob
- + Indesit black integrated single oven
- + Integrated full height 70/30 fridge freezer

Bathrooms/ensuites

- + Floor mounted Roca WC with concealed cistern and matt black flush plate
- Basin and vanity unit with timber-effect drawers
- + Composite stone counter top
- + Basin mixer in brushed black
- + Mirror above sink
- + Porcelain tiles to floors and ceramic tiles to selected walls
- + Black electric towel warmer
- Brushed black toilet roll holder and robe hook
- Thermostatic concealed shower valve with mini handset and ceiling mounted rain shower all in brushed black
- Shower tray with shower screen to all ensuites
- + Single ended enamelled bath with fixed bath screen

Lighting and electrical finishes

- + LED downlights to hallway, kitchen, living room, en-suite and bathrooms
- + Ceiling pendant lighting to all bedrooms
- + USB socket to kitchen and bedroom I
- + TV point to living room and bedroom I
- + Video and audio door entry system
- + Fibre broadband connection (ii)
- Matt black light switches
- Matt black electrical sockets to kitchen area

General

- + Timber-effect flooring to hallway, kitchen and living room
- + Carpets to bedrooms
- + White internal doors with routed detail
- Feature front entrance door with multi-point high security door locking system and spy hole
- + Matt black ironmongery throughout
- + Freestanding washer/dryer in hall cupboard
- + Electric panel heaters
- + Each apartment fitted with Mechanical Ventilation Units with heat recovery (MVHR)^(N)
- + IO-year NHBC warranty from date of legal completion
- + 2-year St Joseph warranty (i)
- + 250-year lease

Residents' facilities

- + Elevated, resident-only courtyard gardens
- Exclusive access to a residents' lounge, reading and co-working area, meeting facility, a cinema room, gym and games room
- + 24-hour concierge

Communal Areas

- + Interior designed entrance lift lobbies and corridors
- + Car parking (limited to selected homes) with electric charging points (iii)
- + Bicycle storage
- + CCTV security system

A BRIGHT FUTURE

Transforming the Midlands

St Joseph is named after Joseph Chamberlain, Birmingham's 19th century Mayor who delivered transformational civic improvements and championed both social justice and property ownership. It is the newest member of the Berkeley Group, joining St George, St James, Berkeley, St Edward and St William. St Joseph aims to build your home to a very high standard of quality and is backed by the Berkeley Group that has over 40 years experience of delivering homes.

Our vision is to develop sites that have been closed to the public for decades and reconnect them to the community. We want the places built by St Joseph to be renowned for the quality of their landscape and the open space.

The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe.

We believe beautiful landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments.

To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

When you buy a new home from us it comes with a IO-year NHBC warranty – the first two years of which are covered by St Joseph. All our customers are provided with a commitment that when you buy a new home from St Joseph you can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and you will enjoy an exceptional customer

On our long journey from local housebuilder to industry-leading regeneration specialists Berkeley has learned many valuable lessons, but also reaped the rewards of remaining true to the values we have held since the beginning. We are thrilled that through St Joseph we are now bringing our expertise to Birmingham where we continue to forge the same proud reputation we have built in London and the South East for the quality of our product and for delivering on our promises.

A PASSION FOR PLACEMAKING AND BUILDING COMMUNITIES

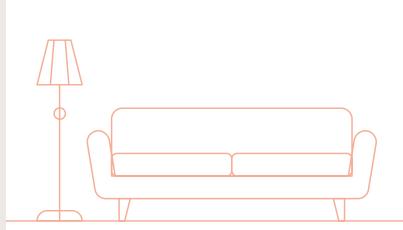

Introducing MyHome Plus

WHAT IS MYHOME PLUS?

MyHome Plus is an online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world.

KEY FEATURES

This section provides you with an overview of MyHome Plus key features to enhance your customer journey.

1. FILING CABINET

In the filing cabinet section, you can access documentation relating to your new home immediately at your own convenience.

2. MEET THE TEAM

This section provides an introduction to the team that will be working with you throughout your journey and details their individual roles. You can e-mail any member of the team directly via this section.

3. OPTIONS & CHOICES SELECTION

We are able to offer some choices on certain internal finishes of your new home. Whether this option is available to you will depend on what stage of construction the property has reached at the time of you making your reservation. See the next steps section for further details on this.

4. CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up-to-date on the progress on site and the local area. Your Customer Relations Manager will issue regular updates and photographs to this section throughout your journey.

NEXT STEPS

1. GETTING STARTED

Your Sales Consultant will send you instructions to create and validate your MyHome account. Once your account is validated, your Sales Consultant will assign your property to your MyHome account and your account will be upgraded to a MyHome Plus account.

2. INTERIOR SELECTIONS

Customer Relations will then be in touch to invite you in to our Showhomes to view the interior selections available for the internal finishes that you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Relations will need to receive your choices selection by the deadline date, which will be given in advance.

Transforming tomorrow

At Berkeley Group, our passion and purpose is to build quality homes, strengthen communities and improve people's lives.

We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten year plan which sets out how we will achieve this.

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

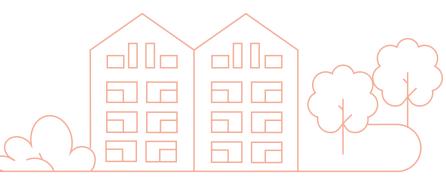

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

Please scan this QR code for more information on how we are **TRANSFORMING TOMORROW**

Designed for life

At St Joseph we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors. Where people feel a sense of community.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions. And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two St Joseph customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of a Berkeley development, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a IO-year build warranty.

GREEN LIVING

For St Joseph, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

Sustainability

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to St Joseph's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Glasswater Locks.

NATURE AND BIODIVERSITY

Parklands and gardens formed from trees, flowers, hedges and water features – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of Birmingham. Each of these elements is part of our commitment to a net biodiversity gain on our developments. At Glasswater Locks, we have created habitats that encourage wildlife to flourish. We are working with Murdoch Wickham to provide a contemporary, wildlife-friendly landscape, that engages with our residents.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and basin taps with flow regulators which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness. All lighting is low energy with most kitchen appliances A rated as a minimum.

NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Glasswater Locks we have planted trees, shrubs and flower beds to help create a cleaner air environment.

SUSTAINABLE TRANSPORT

We also provide cycle paths, secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with managing agents and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.
