TABLE OF CONTENTS FOR EOC #14

Cost Share Summary

This "Cost Share Summary" is part of your Evidence of Coverage ("*EOC"*) and is meant to explain the amount you will pay for covered Services under this plan. It does not provide a full description of your benefits. For a full description of your benefits, including any limitations and exclusions, please read this entire *EOC*, including any amendments, carefully.

Accumulation Period

The Accumulation Period for this plan is January 1 through December 31.

Deductibles and Out-of-Pocket Maximums

For Services that apply to the Plan Out-of-Pocket Maximum, you will not pay any more Cost Share for the rest of the Accumulation Period once you have reached the amounts listed below.

For Services that are subject to the Plan Deductible or the Drug Deductible, you must pay Charges for covered Services you receive during the Accumulation Period until you reach the deductible amounts listed below. All payments you make toward your deductibles apply to the Plan Out-of-Pocket Maximum amounts listed below.

If your Group's plan changes during an Accumulation Period, your deductibles and out-of-pocket maximums may increase or decrease, which may change the total amount you must accumulate to reach the deductibles or out-of-pocket maximums during that Accumulation Period.

Note: The Plan Deductible amount is subject to increase if the U.S. Department of the Treasury changes the minimum deductible required in High Deductible Health Plans.

Cost Share Summary Tables by Benefit

How to read the Cost Share summary tables

Each table below explains the Cost Share for a category of benefits. Specific Services related to the benefit are described in the first column of each table. For a detailed description of coverage for a particular benefit, refer to the same benefit heading in the "Benefits" section of this *EOC*.

- **Copayment / Coinsurance**. This column describes the Cost Share you will pay for Services after you have met your Plan Deductible or Drug Deductible, if applicable. (Please see the "Deductibles and Out-of-Pocket Maximums" section above to determine if your plan includes deductibles.) If the Services are not covered in your plan, this column will read "Not covered." If we provide an Allowance that you can use toward the cost of the Services, this column will include the Allowance.
- **Subject to Deductible**. This column explains whether the Cost Share you pay for Services is subject to a Plan Deductible or Drug Deductible. If the Services are subject to a deductible, you will pay Charges for those Services until you have met your deductible. If the Services are subject to a deductible, there will be a "✓" or "D" in this column, depending on which deductible applies ("✓" for Plan Deductible, "D" for Drug Deductible). If the Services do not apply to a deductible, or if your plan does not include a deductible, this column will be blank. For a more detailed explanation of deductibles, refer to "Plan Deductible" and "Drug Deductible" in the "Benefits" section of this *EOC*.
- **Applies to OOPM**. This column explains whether the Cost Share you pay for Services counts toward the Plan Out-of-Pocket Maximum ("OOPM") after you have met any applicable deductible. If the Services count toward the Plan

OOPM, there will be a "✓" in this column. If the Services do not count toward the Plan OOPM, this column will be blank. For a more detailed explanation of the Plan OOPM, refer to "Plan Out-of-Pocket Maximum" in the "Benefits" section of this *EOC*.

Preventive Services are covered at **no charge (not subject to the Plan Deductible)**. To inform us that you have a court-approved CARE Plan, please call Member Services.

Your Service Area

When you join Kaiser Permanente, you are enrolling in one of two Health Plan Regions in California (either our Northern California Region or Southern California Region), which we call your "Home Region." **The coverage information in this *EOC* applies when you obtain care in the Service Area of your Home Region.** See "Home Region" in the "Definitions" section for the geographic area of your Service Area. When you visit the other California Region, you may receive care as described in "Receiving Care Outside of Your Home Region" in the "How to Obtain Services" section.

Your Plan

Your plan is a health benefit plan that meets the requirements of Section 223(c)(2) of the Internal Revenue Code. This health benefit plan is a High Deductible Health Plan. The health care coverage

described in this *EOC* is designed to be compatible for use with a Health Savings Account ("HSA") under federal tax law.

The tax references contained in this *EOC* relate to federal income tax only. The tax treatment of Health Savings Account contributions and distributions under your state's income tax laws may differ from the federal tax treatment, and differs from state to state. Health Plan does not provide tax advice. You should consult with your financial or tax advisor for tax advice or more information, including information about your eligibility for a Health Savings Account.

Please be aware that enrollment in a High Deductible Health Plan that is compatible for use with a Health Savings Account is only one of the eligibility requirements for establishing and contributing to a Health Savings Account. For example, you will not be eligible to establish or contribute to a Health Savings Account if any of the following are true:

- You have other health care coverage in addition to the coverage under this *EOC*, unless both coverages qualify as High Deductible Health Plans, with certain exceptions
- You have Medicare coverage
- You can be claimed as a dependent on another person's tax return

If your Group provides a Health Reimbursement Arrangement ("HRA"), Health Incentive Account ("HIA"), or Flexible Spending Account ("FSA"), you may be able to use funds in the HRA, HIA, or FSA to pay Copayments, Coinsurance, and deductibles under this plan. However, most HRAs, HIAs, and FSAs provided through your Group are considered another health coverage plan for HSA purposes and will make you ineligible to establish or contribute to a Health Savings Account. Contact your Group or your tax advisor for more information.

Term of this *EOC*

This *EOC* is for the period January 1, 2026, through December 31, 2026, unless amended. Your Group can tell you whether this *EOC* is still in effect and give you a current one if this *EOC* has expired or been amended.

A "Skilled Nursing Facility" may also be a unit or section within another facility (for example, a hospital) as long as it continues to meet this definition.

Premiums, Eligibility, and Enrollment

Premiums

Your Group is responsible for paying Full Premiums, except that you are responsible for paying Full Premiums as described in the "Continuation of Membership" section if you have Cal-COBRA coverage under this *EOC*. If you are responsible for any contribution to the Premiums that your Group pays, your Group will tell you the amount, when Premiums are effective, and how to pay your Group (through payroll deduction, for example).

Who Is Eligible

To enroll and to continue enrollment, you must meet all of the eligibility requirements described in this "Who Is Eligible" section, including your Group's eligibility requirements and our Service Area eligibility requirements.

Group eligibility requirements

You must meet your Group's eligibility requirements, such as the minimum number of hours that employees must work. Your Group is required to inform Subscribers of its eligibility requirements.

Service Area eligibility requirements

Subscribers must live or work inside their Service Area at the time they enroll. If after enrollment the Subscriber no longer lives or works inside their Service Area, the Subscriber can continue membership unless (1) they live inside or move to the Service Area of another Region and do not work inside their Service Area, or (2) your Group does not allow continued enrollment of Subscribers who do not live or work inside their Service Area.

Dependent children of the Subscriber or of the Subscriber's Spouse may live anywhere inside or outside their Service Area. Other Dependents may live anywhere, except that they are not eligible to enroll or to continue enrollment if they live in or move to the Service Area of another Region.

If you are not eligible to continue enrollment because you live in or move to the Service Area of another Region, please contact your Group to learn about your Group health care options:

- **Regions outside California**. You may be able to enroll in the Service Area of another Region if there is an agreement between your Group and that Region, but the plan, including coverage, premiums, and eligibility requirements, might not be the same as under this *EOC*
- **Southern California Region's Service Area**. Your Group may have an arrangement with us that permits membership in the Southern California Region, but the plan, including coverage, premiums, and eligibility requirements, might not be the same as under this *EOC*. All terms and conditions in your application for enrollment in the Northern California Region, including the Arbitration Agreement, will continue to apply if the Subscriber does not submit a new enrollment form

For more information about the Service Areas of the other Regions, please call Member Services.

Eligibility as a Subscriber

You may be eligible to enroll and continue enrollment as a Subscriber if you are:

- An employee of your Group
- A proprietor or partner of your Group
- Otherwise entitled to coverage under a trust agreement, retirement benefit program, or employment contract (unless the Internal Revenue Service considers you self-employed)

Eligibility as a Dependent

Enrolling a Dependent

Dependent eligibility is subject to your Group's eligibility requirements, which are not described in this *EOC*. You can obtain your Group's eligibility requirements directly from your Group. If you are a Subscriber under this *EOC* and if your Group allows enrollment of Dependents, Health Plan allows the following persons to enroll as your Dependents under this *EOC*:

- Your Spouse
- Your or your Spouse's Dependent children, who meet the requirements described under "Age limit of Dependent children," if they are any of the following:
  - biological children
  - stepchildren
  - adopted children
  - children placed with you for adoption
  - foster children if you or your Spouse have the legal authority to direct their care
  - children for whom you or your Spouse is the court-appointed guardian (or was when the child reached age 18)
- Children whose parent is a Dependent child under your family coverage (including adopted children and children placed with your Dependent child for adoption or foster care), if they meet all of the following requirements:
  - they are not married and do not have a domestic partner (for the purposes of this requirement only, "domestic partner" means someone who is registered and legally recognized as a domestic partner by California)
  - they meet the requirements described under "Age limit of Dependent children"
  - they receive all of their support and maintenance from you or your Spouse
  - they permanently reside with you or your Spouse

If you have a baby

If you have a baby while enrolled under this *EOC*, the baby is not automatically enrolled in this plan. The Subscriber must request enrollment of the baby as described under "Special enrollment" in the "How to Enroll and When Coverage Begins" section below. If the Subscriber does not request enrollment within this

special enrollment period, the baby will only be covered under this plan for 31 days (including the date of birth).

Age limit of Dependent children
Children must be under age 26 as of the effective date of this *EOC* to enroll as a Dependent under your plan.

Dependent children are eligible to remain on the plan through the end of the month in which they reach the age limit.

Dependent children of the Subscriber or Spouse (including adopted children and children placed with you for adoption or foster care) who reach the age limit may continue coverage under this *EOC* if all of the following conditions are met:

- They meet all requirements to be a Dependent except for the age limit
- Your Group permits enrollment of Dependents
- They are incapable of self-sustaining employment because of a physically- or mentally-disabling injury, illness, or condition that occurred before they reached the age limit for Dependents
- They receive 50 percent or more of their support and maintenance from you or your Spouse
- If requested, you give us proof of their incapacity and dependency within 60 days after receiving our request (see "Overage Dependent certification" below in this "Eligibility as a Dependent" section)

Overage Dependent certification
Proof may be required for a Dependent to be eligible to continue coverage as an overage Dependent. If we request it, the Subscriber must provide us documentation of the dependent's incapacity and dependency as follows:

- If the child is a Member, we will send the Subscriber a notice of the Dependent's membership termination due to loss of eligibility at least 90 days before the date coverage will end due to reaching the age limit. The Dependent's membership will terminate as described in our notice unless the Subscriber provides us documentation of the Dependent's incapacity and dependency within 60 days of receipt of our notice and we determine that the Dependent is eligible as an overage dependent. If the Subscriber provides us this documentation in the specified time period and we do not make a determination about eligibility before the termination date, coverage will continue until we make a determination. If we determine that the Dependent does not meet the eligibility requirements as an overage dependent, we will notify the Subscriber that the Dependent is not eligible and let the Subscriber know the membership termination date. If we determine that the Dependent is eligible as an overage dependent, there will be no lapse in coverage. Also, starting two years after the date that the Dependent reached the age limit, the Subscriber must provide us documentation of the Dependent's incapacity and dependency annually within 60 days after we request it so that we can determine if the Dependent continues to be eligible as an overage dependent
- If the child is not a Member because you are changing coverage, you must give us proof, within 60 days after we request it, of the child's incapacity and dependency as well as proof of the child's coverage under your prior coverage. In the future, you must provide proof of the child's continued incapacity and dependency within 60 days after you receive our request, but not more frequently than annually

If the Subscriber is enrolled under a Kaiser Permanente Medicare plan
The dependent eligibility rules described in the "Eligibility as a Dependent" section also apply if you are a subscriber under a Kaiser Permanente Medicare plan offered by your Group (please ask your Group about your membership options). All of your dependents who are enrolled under this or any other non-Medicare evidence of coverage offered by your Group must be enrolled under the same non-Medicare evidence of coverage. A "non-Medicare" evidence of coverage is one that does not require members to have Medicare.

Persons barred from enrolling

You cannot enroll if you have had your entitlement to receive Services through Health Plan terminated for cause.

Members with Medicare and retirees

This *EOC* is not intended for most Medicare beneficiaries and some Groups do not offer coverage to retirees. If, during the term of this *EOC*, you are (or become) eligible for Medicare or you retire, please ask your Group about your membership options as follows:

- If a Subscriber who has Medicare Part B retires and the Subscriber's Group has a Kaiser Permanente Senior Advantage plan for retirees, the Subscriber should enroll in the plan if eligible
- If the Subscriber has dependents who have Medicare and your Group has a Kaiser Permanente Senior Advantage plan (or of one our other plans that require members to have Medicare), the Subscriber may be able to enroll them as dependents under that plan
- If the Subscriber retires and your Group does not offer coverage to retirees, you may be eligible to

continue membership as described in the "Continuation of Membership" section

- If federal law requires that your Group's health care coverage be primary and Medicare coverage be secondary, your coverage under this *EOC* will be the same as it would be if you had not become eligible for Medicare. However, you may also be eligible to enroll in Kaiser Permanente Senior Advantage through your Group if you have Medicare Part B
- If you are (or become) eligible for Medicare and are in a class of beneficiaries for which your Group's health care coverage is secondary to Medicare, you should consider enrollment in Kaiser Permanente Senior Advantage through your Group if you are eligible
- If none of the above applies to you and you are eligible for Medicare or you retire, please ask your Group about your membership options

Note: If you are enrolled in a Medicare plan and lose Medicare eligibility, you may be able to enroll under this *EOC* if permitted by your Group (please ask your Group for details).

When Medicare is primary

Your Group's Premiums may increase if you are (or become) eligible for Medicare Part A or B as primary coverage, and you are not enrolled through your Group in Kaiser Permanente Senior Advantage for any reason (even if you are not eligible to enroll or the plan is not available to you).

When Medicare is secondary

Medicare is the primary coverage except when federal law requires that your Group's health care coverage be primary and Medicare coverage be secondary. Members who have Medicare when Medicare is secondary by law are subject to the same Premiums and receive the same benefits as Members who are under age 65 and do not have Medicare. In addition, any such Member for whom Medicare is secondary by law and who meets the eligibility requirements for the Kaiser Permanente Senior Advantage plan applicable when Medicare is secondary may also enroll in that plan if it is available. These Members receive the benefits and coverage described in this *EOC* and the Kaiser Permanente Senior Advantage evidence of coverage applicable when Medicare is secondary.

Medicare late enrollment penalties

If you become eligible for Medicare Part B and do not enroll, Medicare may require you to pay a late enrollment penalty if you later enroll in Medicare Part B. However, if you delay enrollment in Part B because you or your spouse are still working and have coverage through an employer group health plan, you may not have to pay the penalty. Also, if you are (or become) eligible for Medicare and go without creditable prescription drug coverage (drug coverage that is at least as good as the standard Medicare Part D prescription drug coverage) for a continuous period of 63 days or more, you may have to pay a late enrollment penalty if you later sign up for Medicare prescription drug coverage. If you are (or become) eligible for Medicare, your Group is responsible for informing you about whether your drug coverage under this *EOC* is creditable prescription drug coverage at the times required by the Centers for Medicare & Medicaid Services and upon your request.

How to Enroll and When Coverage Begins

Your Group is required to inform you when you are eligible to enroll and what your effective date of coverage is. If you are eligible to enroll as described under "Who Is Eligible" in this "Premiums, Eligibility, and Enrollment" section, enrollment is permitted as described below and membership begins at the beginning (12:00 a.m.) of the effective date of coverage indicated below, except that your Group may have additional requirements, which allow enrollment in other situations.

If you are eligible to be a Dependent under this *EOC* but the subscriber in your family is enrolled under a Kaiser Permanente Senior Advantage evidence of coverage offered by your Group, the rules for enrollment of Dependents in this "How to Enroll and When Coverage Begins" section apply, not the rules for enrollment of dependents in the subscriber's evidence of coverage.

New employees

When your Group informs you that you are eligible to enroll as a Subscriber, you may enroll yourself and any eligible Dependents by submitting a Health Plan–approved enrollment application to your Group within 31 days.

Effective date of coverage

The effective date of coverage for new employees and their eligible family Dependents is determined by your Group in accord with waiting period requirements in state and federal law. Your Group is required to inform the Subscriber of the date your membership becomes effective. For example, if the hire date of an otherwise-eligible employee is January 19, the waiting period begins on January 19 and the effective date of coverage cannot be any later than April 19. Note: If the effective date of your Group's coverage is always on the first day

of the month, in this example the effective date cannot be any later than April 1.

Open enrollment

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan–approved enrollment application to your Group during your Group's open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the effective date of coverage.

Special enrollment

If you do not enroll when you are first eligible and later want to enroll, you can enroll only during open enrollment unless one of the following is true:

- You become eligible because you experience a qualifying event (sometimes called a "triggering event") as described in this "Special enrollment" section
- You did not enroll in any coverage offered by your Group when you were first eligible and your Group does not give us a written statement that verifies you signed a document that explained restrictions about enrolling in the future. The effective date of an enrollment resulting from this provision is no later than the first day of the month following the date your Group receives a Health Plan–approved enrollment or change of enrollment application from the Subscriber

Special enrollment due to new Dependents

You may enroll as a Subscriber (along with eligible Dependents), and existing Subscribers may add eligible Dependents, within 30 days after marriage, establishment of domestic partnership, birth, adoption, placement for adoption, or placement for foster care by submitting to your Group a Health Plan–approved enrollment application.

The effective date of an enrollment resulting from marriage or establishment of domestic partnership is no later than the first day of the month following the date your Group receives an enrollment application from the Subscriber. Enrollments of newly acquired Dependent children are effective as follows:

- Enrollments due to birth are effective on the date of birth
- Enrollments due to adoption are effective on the date of adoption
- Enrollments due to placement for adoption or foster care are effective on the date you or your Spouse have newly assumed a legal right to control health care

Special enrollment due to loss of other coverage

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, if all of the following are true:

- The Subscriber or at least one of the Dependents had other coverage when they previously declined all coverage through your Group
- The loss of the other coverage is due to one of the following:
  - ♦ exhaustion of COBRA coverage
  - ♦ termination of employer contributions for non-COBRA coverage
  - ♦ loss of eligibility for non-COBRA coverage, but not termination for cause or termination from an individual (nongroup) plan for nonpayment. For example, this loss of eligibility may be due to legal separation or divorce, moving out of the plan's Service Area, reaching the age limit for dependent children, or the subscriber's death, termination of employment, or reduction in hours of employment
  - ♦ loss of eligibility (but not termination for cause) for coverage through Covered California, Medicaid coverage (known as Medi-Cal in California), Children's Health Insurance Program coverage, or Medi-Cal Access Program coverage
  - ♦ reaching a lifetime maximum on all benefits

Note: If you are enrolling yourself as a Subscriber along with at least one eligible Dependent, only one of you must meet the requirements stated above.

To request enrollment, the Subscriber must submit a Health Plan–approved enrollment or change of enrollment application to your Group within 30 days after loss of other coverage, except that the timeframe for submitting the application is 60 days if you are requesting enrollment due to loss of eligibility for coverage through Covered California, Medicaid, Children's Health Insurance Program, or Medi-Cal Access Program coverage. The effective date of an enrollment resulting from loss of other coverage is no later than the first day of the month following the date your Group receives an enrollment or change of enrollment application from the Subscriber.

Special enrollment due to court or administrative order

Within 30 days after the date of a court or administrative order requiring a Subscriber to provide health care coverage for a Spouse or child who meets the eligibility requirements as a Dependent, the Subscriber may add the Spouse or child as a Dependent by submitting to your Group a Health Plan–approved enrollment or change of enrollment application.

The effective date of coverage resulting from a court or administrative order is the first of the month following the date we receive the enrollment request, unless your Group specifies a different effective date (if your Group specifies a different effective date, the effective date cannot be earlier than the date of the order).

Special enrollment due to eligibility for premium assistance

You may enroll as a Subscriber (along with eligible Dependents), and existing Subscribers may add eligible Dependents, if you or a dependent become eligible for premium assistance through the Medi-Cal program. Premium assistance is when the Medi-Cal program pays all or part of premiums for employer group coverage for a Medi-Cal beneficiary. To request enrollment in your Group's health care coverage, the Subscriber must submit a Health Plan–approved enrollment or change of enrollment application to your Group within 60 days after you or a dependent become eligible for premium assistance. Please contact the California Department of Health Care Services to find out if premium assistance is available and the eligibility requirements.

Special enrollment due to reemployment after military service

If you terminated your health care coverage because you were called to active duty in the military service, you may be able to reenroll in your Group's health plan if required by state or federal law. Please ask your Group for more information.

Other special enrollment events

You may enroll as a Subscriber (along with any eligible Dependents) if you or your Dependents were not previously enrolled, and existing Subscribers may add eligible Dependents not previously enrolled, if any of the following are true:

- You lose employment for a reason other than gross misconduct
- Your employment hours are reduced
- You are a Dependent of someone who becomes entitled to Medicare
- You become divorced or legally separated
- You are a Dependent of someone who dies
- A Health Benefit Exchange (such as Covered California) determines that one of the following occurred because of misconduct on the part of a non-Exchange entity that provided enrollment assistance or conducted enrollment activities:
  - ♦ a qualified individual was not enrolled in a qualified health plan
  - ♦ a qualified individual was not enrolled in the qualified health plan that the individual selected
  - ♦ a qualified individual is eligible for, but is not receiving, advance payments of the premium tax credit or cost share reductions

To request special enrollment, you must submit a Health Plan-approved enrollment application to your Group within 30 days after loss of other coverage. You may be required to provide documentation that you have experienced a qualifying event. Membership becomes effective either on the first day of the next month (for applications that are received by the fifteenth day of a month) or on the first day of the month following the next month (for applications that are received after the fifteenth day of a month).

Note: If you are enrolling as a Subscriber along with at least one eligible Dependent, only one of you must meet one of the requirements stated above.

How to Obtain Services

As a Member, you are selecting our medical care program to provide your health care. You must receive all Covered Benefits from Plan Providers inside your Service Area, except as described in the sections listed below for the following Services:

- Authorized referrals as described under "Getting a Referral" in this "How to Obtain Services" section
- Covered Services received outside of your Service Area as described under "Receiving Care Outside of Your Home Region" in this "How to Obtain Services" section
- COVID-19 Services as described under "Outpatient Imaging, Laboratory, and Other Diagnostic and Treatment Services," "Outpatient Pharmacy Services," and "Preventive Services" in the "Benefits" section
- Emergency ambulance Services as described under "Ambulance Services" in the "Benefits" section
- Emergency Services and Care, Post-Stabilization Care, and Out-of-Area Urgent Care as described in this "How to Obtain Services" section

Our medical care program gives you access to all of the covered Services you may need, such as routine care with your own personal Plan Physician, hospital Services, laboratory and pharmacy Services, Emergency

Services and Care, Urgent Care, and other benefits described in this *EOC*.

Routine Care

If you need the following Services, you should schedule an appointment:

- Preventive Services
- Periodic follow-up care (regularly scheduled follow-up care, such as visits to monitor a chronic condition)
- Other care that is not Urgent Care

To request a non-urgent appointment, you can call your local Plan Facility or request the appointment online. For appointment phone numbers, refer to our Provider Directory or call Member Services. To request an appointment online, go to our website at **kp.org**.

Urgent Care

Inside your Service Area

An Urgent Care need is one that requires prompt medical attention but is not an Emergency Medical Condition or Psychiatric Emergency Medical Condition. If you think you may need Urgent Care, call the appropriate appointment or advice phone number at a Plan Facility. For appointment and advice phone numbers, refer to our Provider Directory or call Member Services.

Out-of-Area Urgent Care

If you need Urgent Care due to an unforeseen illness, unforeseen injury, or unforeseen complication of an existing condition (including pregnancy), we cover Medically Necessary Services to prevent serious deterioration of your (or your unborn child's) health from a Non–Plan Provider if all of the following are true:

- You receive the Services from Non–Plan Providers while you are temporarily outside your Service Area
- A reasonable person would have believed that your (or your unborn child's) health would seriously deteriorate if you delayed treatment until you returned to your Service Area

You do not need prior authorization for Out-of-Area Urgent Care. We cover Out-of-Area Urgent Care you receive from Non–Plan Providers if the Services would have been covered under this *EOC* if you had received them from Plan Providers.

To obtain follow-up care from a Plan Provider, call the appointment or advice phone number at a Plan Facility. For phone numbers, refer to our Provider Directory or call Member Services. We do not cover follow-up care from Non–Plan Providers after you no longer need Urgent Care, except for durable medical equipment covered under this *EOC*. For more information about durable medical equipment covered under this *EOC*, see "Durable Medical Equipment ("DME") for Home Use" in the "Benefits" section. If you require durable medical equipment related to your Urgent Care after receiving Out-of-Area Urgent Care, your provider must obtain prior authorization as described under "Getting a Referral" in the "How to Obtain Services" section.

Emergency Services

If you have an Emergency Medical Condition or Psychiatric Emergency Medical Condition, call 911 (where available) or go to the nearest emergency department. If you are experiencing a mental health crisis, you can also call or text 988 to be connected to a trained crisis counselor. You do not need prior authorization for Emergency Services and Care. When you have an Emergency Medical Condition or Psychiatric Emergency Medical Condition, we cover Emergency Services and Care you receive from Plan Providers or Non–Plan Providers anywhere in the world.

Emergency Services and Care are available from Plan Hospital emergency departments 24 hours a day, seven days a week.

Post-Stabilization Care

When you receive Post-Stabilization Care from a Non-Plan Provider inside of California, or from a Cigna Healthcare PPO Network facility outside of a Kaiser Permanente State

When you receive Emergency Services and Care, we cover Post-Stabilization Care from a Non–Plan Provider only if prior authorization for the care is obtained as described below, or if otherwise required by applicable law ("prior authorization" means that the Services must be approved in advance).

- **Post-Stabilization Care authorization at a Cigna Healthcare PPO Network facility outside of a Kaiser Permanente State:** If you are outside of a Kaiser Permanente state and you were treated at a Cigna Healthcare PPO Network facility for an Emergency Medical Condition or Psychiatric Emergency Medical Condition, Cigna Payer Solutions is responsible for authorizing any Post-Stabilization Care
- **Post-Stabilization Care authorization from other Non-Plan Providers (including Cigna Healthcare PPO Network facilities inside a Kaiser Permanente State):** To request prior authorization,

the Non–Plan Provider must call **1-800-225-8883** or the notification phone number on your Kaiser Permanente ID card *before* you receive the care. We will discuss your condition with the Non–Plan Provider. If we determine that you require Post-Stabilization Care and that this care is part of your covered benefits, we will authorize your care from the Non–Plan Provider or arrange to have a Plan Provider (or other designated provider) provide the care. If we decide to have a Plan Hospital, Plan Skilled Nursing Facility, or designated Non–Plan Provider provide your care, we may authorize special transportation services that are medically required to get you to the provider. This may include transportation that is otherwise not covered

Be sure to ask the Non–Plan Provider to tell you what care (including any transportation) we have authorized because we will not cover Post-Stabilization Care or related transportation provided by Non–Plan Providers that has not been authorized. If you receive care from a Non–Plan Provider that we have not authorized, you may have to pay the full cost of that care. If you are admitted to a Non–Plan Hospital or independent freestanding emergency department, please notify us as soon as possible by calling **1-800-225-8883** or the notification phone number on your ID card

When you receive Post-Stabilization Care from a Non-Plan Provider that is not a Cigna Healthcare PPO Network provider outside of California

After you receive Emergency Services and Care from Non-Plan Providers and your condition is Stabilized, Post-Stabilization Care is considered Emergency Services and Care under federal law if either of the following are true:

- Your treating physician determines that you are not able to travel using nonemergency transportation to an available Plan Provider located within a reasonable travel distance, taking into account your medical condition; or
- Your treating physician, using appropriate medical judgment, determines that you are not in a condition to receive, and/or to provide consent to, the Non-Plan Provider's notice and consent form, in accordance with applicable state informed consent law

If the Post-Stabilization Care is considered Emergency Services and Care under the criteria above, prior authorization for Post-Stabilization Care at a Non-Plan Provider will not be required.

If the Post-Stabilization Care is not considered Emergency Services and Care, the Services are not covered unless you have received prior authorization from Health Plan as described under "Post-Stabilization Care authorization from other Non-Plan Providers (including Cigna Healthcare PPO Network facilities inside a Kaiser Permanente State)" above. Non-Plan Providers outside of California may provide notice and seek your consent to waive your balance billing protections under the federal No Surprises Act, if such consent is permissible under applicable state informed consent law. If you consent to waive your balance billing protections and receive Services from the Non-Plan Provider, you will have to pay the full cost of the Services.

Not Sure What Kind of Care You Need?

Sometimes it's difficult to know what kind of care you need, so we have licensed health care professionals available to assist you by phone 24 hours a day, seven days a week. Here are some of the ways they can help you:

- They can answer questions about a health concern, and instruct you on self-care at home if appropriate
- They can advise you about whether you should get medical care, and how and where to get care (for example, if you are not sure whether your condition is an Emergency Medical Condition or Psychiatric Emergency Medical Condition, they can help you decide whether you need Emergency Services and Care or Urgent Care, and how and where to get that care)
- They can tell you what to do if you need care and a Plan Medical Office is closed or you are outside your Service Area

You can reach one of these licensed health care professionals by calling the appointment or advice phone number (for phone numbers, refer to our Provider Directory or call Member Services). When you call, a trained support person may ask you questions to help determine how to direct your call.

Your Personal Plan Physician

Personal Plan Physicians provide primary care and play an important role in coordinating care, including hospital stays and referrals to specialists.

We encourage you to choose a personal Plan Physician. You may choose any available personal Plan Physician. Parents may choose a pediatrician as the personal Plan Physician for their child. Most personal Plan Physicians are Primary Care Physicians (generalists in internal

medicine, pediatrics, or family practice, or specialists in obstetrics/gynecology whom the Medical Group designates as Primary Care Physicians). Some specialists who are not designated as Primary Care Physicians but who also provide primary care may be available as personal Plan Physicians. For example, some specialists in internal medicine and obstetrics/gynecology who are not designated as Primary Care Physicians may be available as personal Plan Physicians. However, if you choose a specialist who is not designated as a Primary Care Physician as your personal Plan Physician, the Cost Share for a Physician Specialist Visit will apply to all visits with the specialist except for routine preventive visits listed under "Preventive Services" in the "Benefits" section.

To learn how to select or change to a different personal Plan Physician, visit our website at **kp.org** or call Member Services. Refer to our Provider Directory for a list of physicians that are available as Primary Care Physicians. The directory is updated periodically. The availability of Primary Care Physicians may change. If you have questions, please call Member Services. You can change your personal Plan Physician at any time for any reason.

Getting a Referral

Referrals to Plan Providers

A Plan Physician must refer you before you can receive care from specialists, such as specialists in surgery, orthopedics, cardiology, oncology, dermatology, and physical, occupational, and speech therapies. Also, a Plan Physician must refer you before you can get Behavioral Health Treatment for Autism Spectrum Disorder covered under "Mental Health Services" in the "Benefits" section. However, you do not need a referral or prior authorization to receive most care from any of the following Plan Providers:

- Your personal Plan Physician
- Generalists in internal medicine, pediatrics, and family practice
- Specialists in optometry, mental health Services, substance use disorder treatment, and obstetrics/gynecology

A Plan Physician must refer you before you can get care from a specialist in urology except that you do not need a referral to receive Services related to sexual or reproductive health, such as a vasectomy.

Although a referral or prior authorization is not required to receive most care from these providers, a referral may be required in the following situations:

- The provider may have to get prior authorization for certain Services in accord with "Medical Group authorization procedure for certain referrals" in this "Getting a Referral" section
- The provider may have to refer you to a specialist who has a clinical background related to your illness or condition

Standing referrals

If a Plan Physician refers you to a specialist, the referral will be for a specific treatment plan. Your treatment plan may include a standing referral if ongoing care from the specialist is prescribed. For example, if you have a life-threatening, degenerative, or disabling condition, you can get a standing referral to a specialist if ongoing care from the specialist is required.

Medical Group authorization procedure for certain referrals

The following are examples of Services that require prior authorization by the Medical Group for the Services to be covered ("prior authorization" means that the Medical Group must approve the Services in advance):

- Durable medical equipment
- Ostomy and urological supplies
- Services not available from Plan Providers
- Transplants

Utilization Management ("UM") is a process that determines whether a Service recommended by your treating provider is Medically Necessary for you. Prior authorization is a UM process that determines whether the requested services are Medically Necessary before care is provided. If it is Medically Necessary, then you will receive authorization to obtain that care in a clinically appropriate place consistent with the terms of your health coverage. Decisions regarding requests for authorization will be made only by licensed physicians or other appropriately licensed medical professionals.

For the complete list of Services that require prior authorization, and the criteria that are used to make authorization decisions, please visit our website at **kp.org/UM** or call Member Services to request a printed copy.

Refer to "Post-Stabilization Care" under "Emergency Services" in this "How to Obtain Services" section for authorization requirements that apply to Post-Stabilization Care from Non–Plan Providers.

Additional information about prior authorization for durable medical equipment and ostomy and urological supplies

The prior authorization process for durable medical equipment and ostomy and urological supplies includes the use of formulary guidelines. These guidelines were developed by a multidisciplinary clinical and operational work group with review and input from Plan Physicians and medical professionals with clinical expertise. The formulary guidelines are periodically updated to keep pace with changes in medical technology and clinical practice.

If your Plan Physician prescribes one of these items, they will submit a written referral in accord with the UM process described in this "Medical Group authorization procedure for certain referrals" section. If the formulary guidelines do not specify that the prescribed item is appropriate for your medical condition, the referral will be submitted to the Medical Group's designee Plan Physician, who will make an authorization decision as described under "Medical Group's decision time frames" in this "Medical Group authorization procedure for certain referrals" section.

Additional information about utilization review determination criteria for mental health Services or substance use disorder treatment

Utilization review determination criteria and any education program materials for individuals making authorization decisions related to mental health Services or substance use disorder treatment are available at **kp.org** at no cost.

Medical Group's decision time frames

The applicable Medical Group designee will make the authorization decision within the time frame appropriate for your condition, but no later than five business days after receiving all of the information (including additional examination and test results) reasonably necessary to make the decision, except that decisions about urgent Services will be made no later than 72 hours after receipt of the information reasonably necessary to make the decision. If the Medical Group needs more time to make the decision because it doesn't have information reasonably necessary to make the decision, or because it has requested consultation by a particular specialist, you and your treating physician will be informed about the additional information, testing, or specialist that is needed, and the date that the Medical Group expects to make a decision.

Your treating physician will be informed of the decision within 24 hours after the decision is made. If the Services are authorized, your physician will be informed of the scope of the authorized Services. If the Medical Group does not authorize all of the Services, Health Plan will send you a written decision and explanation within two business days after the decision is made. Any written criteria that the Medical Group uses to make the decision to authorize, modify, delay, or deny the request for authorization will be made available to you upon request.

If the Medical Group does not authorize all of the Services requested and you want to appeal the decision, you can file a grievance as described under "Grievances" in the "Dispute Resolution" section.

For these referral Services, you pay the Cost Share required for Services provided by a Plan Provider as described in this *EOC*.

Completion of Services from Non–Plan Providers

New Member

If you are currently receiving Services from a Non–Plan Provider in one of the cases listed below under "Eligibility," and you were covered under another health plan when you began receiving the Services, but your prior plan's coverage of the provider's Services has ended or will end when your coverage with us becomes effective, you may be eligible for limited coverage of that Non–Plan Provider's Services.

Terminated provider

If you are currently receiving covered Services in one of the cases listed below under "Eligibility" from a Plan Hospital or a Plan Physician (or certain other providers) when our contract with the provider ends (for reasons other than medical disciplinary cause or criminal activity), you may be eligible for limited coverage of that terminated provider's Services.

Eligibility

The cases that are subject to this completion of Services provision are:

- Acute conditions, which are medical conditions that involve a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and has a limited duration. We may cover these Services until the acute condition ends
- Serious chronic conditions until the earlier of (1) 12 months from your effective date of coverage if you are a new Member, (2) 12 months from the termination date of the terminated provider, or (3) the first day after a course of treatment is complete when it would be safe to transfer your care to a Plan Provider, as determined by Kaiser Permanente after consultation with the Member and Non–Plan Provider

and consistent with good professional practice. Serious chronic conditions are illnesses or other medical conditions that are serious, if one of the following is true about the condition:

- it persists without full cure
- it worsens over an extended period of time
- it requires ongoing treatment to maintain remission or prevent deterioration

- Pregnancy and immediate postpartum care. We may cover these Services for the duration of the pregnancy and immediate postpartum care
- Mental health conditions in pregnant Members that occur, or can impact the Member, during pregnancy or during the postpartum period including, but not limited to, postpartum depression. We may cover completion of these Services for up to 12 months from the mental health diagnosis or from the end of pregnancy, whichever occurs later
- Terminal illnesses, which are incurable or irreversible illnesses that have a high probability of causing death within a year or less. We may cover completion of these Services for the duration of the illness
- Children under age 3. We may cover completion of these Services until the earlier of (1) 12 months from the child's effective date of coverage if the child is a new Member, (2) 12 months from the termination date of the terminated provider, or (3) the child's third birthday
- Surgery or another procedure that is documented as part of a course of treatment and has been recommended and documented by the provider to occur within 180 days of your effective date of coverage if you are a new Member or within 180 days of the termination date of the terminated provider

To qualify for this completion of Services coverage, all of the following requirements must be met:

- Your Health Plan coverage is in effect on the date you receive the Services
- For new Members, your prior plan's coverage of the provider's Services has ended or will end when your coverage with us becomes effective
- You are receiving Services in one of the cases listed above from a Non–Plan Provider on your effective date of coverage if you are a new Member, or from the terminated Plan Provider on the provider's termination date
- For new Members, when you enrolled in Health Plan, you did not have the option to continue with your previous health plan or to choose another plan (including an out-of-network option) that would cover the Services of your current Non–Plan Provider
- The provider agrees to our standard contractual terms and conditions, such as conditions pertaining to payment and to providing Services inside your Service Area (the requirement that the provider agree to providing Services inside your Service Area doesn't apply if you were receiving covered Services from the provider outside your Service Area when the provider's contract terminated)
- The Services to be provided to you would be covered Services under this *EOC* if provided by a Plan Provider
- You request completion of Services within 30 days (or as soon as reasonably possible) from your effective date of coverage if you are a new Member or from the termination date of the Plan Provider

For completion of Services, you pay the Cost Share required for Services provided by a Plan Provider as described in this *EOC*.

More information
For more information about this provision, or to request the Services or a copy of our "Completion of Covered Services" policy, please call Member Services.

Travel and Lodging for Certain Services

The following are examples of when we will arrange or provide reimbursement for certain travel and lodging expenses in accord with our Travel and Lodging Program Description:

- If Medical Group refers you to a provider that is more than 50 miles from where you live for certain specialty Services such as bariatric surgery, complex thoracic surgery, transplant nephrectomy, or inpatient chemotherapy for leukemia and lymphoma
- If Medical Group refers you to a provider that is outside your Service Area for certain specialty Services such as a transplant or transgender surgery
- If you are outside of California and you need an abortion on an emergency or urgent basis, and the abortion can't be obtained in a timely manner due to a near total or total ban on Health Care Providers' ability to provide such Services

For the complete list of specialty Services for which we will arrange or provide reimbursement for travel and lodging expenses, the amount of reimbursement, limitations and exclusions, and how to request reimbursement, refer to the Travel and Lodging Program Description. The Travel and Lodging Program Description is available online at **kp.org/specialty-**

care/travel-reimbursements or by calling Member Services.

Second Opinions

If you want a second opinion, you can ask Member Services to help you arrange one with a Plan Physician who is an Appropriately Qualified Health Care Professional for your condition. If there isn't a Plan Physician who is an Appropriately Qualified Health Care Professional for your condition, Member Services will help you arrange a consultation with a Non–Plan Physician for a second opinion.

Here are some examples of when a second opinion may be provided or authorized:

- Your Plan Physician has recommended a procedure and you are unsure about whether the procedure is reasonable or necessary
- You question a diagnosis or plan of care for a condition that threatens substantial impairment or loss of life, limb, or bodily functions
- The clinical indications are not clear or are complex and confusing
- A diagnosis is in doubt due to conflicting test results
- The Plan Physician is unable to diagnose the condition
- The treatment plan in progress is not improving your medical condition within an appropriate period of time, given the diagnosis and plan of care
- You have concerns about the diagnosis or plan of care

An authorization or denial of your request for a second opinion will be provided in an expeditious manner, as appropriate for your condition. If your request for a second opinion is denied, you will be notified in writing of the reasons for the denial and of your right to file a grievance as described under "Grievances" in the "Dispute Resolution" section.

For these referral Services, you pay the Cost Share required for Services provided by a Plan Provider as described in this *EOC*.

Contracts with Plan Providers

How Plan Providers are paid

Health Plan and Plan Providers are independent contractors. Plan Providers are paid in a number of ways, such as salary, capitation, per diem rates, case rates, fee for service, and incentive payments. To learn more about how Plan Physicians are paid to provide or arrange medical and hospital Services for Members, please visit our website at **kp.org** or call Member Services.

Financial liability

Our contracts with Plan Providers provide that you are not liable for any amounts we owe. However, you may have to pay the full price of noncovered Services you obtain from Plan Providers or Non–Plan Providers.

When you are referred to a Plan Provider for covered Services, you pay the Cost Share required for Services from that provider as described in this *EOC*.

Termination of a Plan Provider's contract

If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for the covered Services you receive from that provider until we make arrangements for the Services to be provided by another Plan Provider and notify you of the arrangements. You may be eligible to receive Services from a terminated provider; refer to "Completion of Services from Non–Plan Providers" under "Getting a Referral" in this "How to Obtain Services" section.

Provider groups and hospitals

If you are assigned to a provider group or hospital whose contract with us terminates, or if you live within 15 miles of a hospital whose contract with us terminates, we will give you written notice at least 60 days before the termination (or as soon as reasonably possible).

Receiving Care Outside of Your Home Region

For information about your coverage when you are away from home, visit our website at **kp.org/travel**. You can also call the Away from Home Travel Line at **1-951-268-3900** 24 hours a day, seven days a week (closed holidays).

Receiving care in another Kaiser Permanente Service Area

If you are visiting in another Kaiser Permanente Service Area, you may receive certain covered Services from designated providers in that other Kaiser Permanente Service Area, subject to exclusions, limitations, prior authorization or approval requirements, and reductions. For more information about receiving covered Services in another Kaiser Permanente Service Area, including provider and facility locations, please visit **kp.org/travel** or call our Away from Home Travel Line at **1-951-268-3900** 24 hours a day, seven days a week (closed holidays).

For covered Services you receive in another Kaiser Permanente Service Area, you pay the Cost Share required for Services provided by a Plan Provider inside your Service Area as described in this *EOC*.

Receiving care outside of any Kaiser Permanente Service Area

If you are traveling outside of any Kaiser Permanente Service Area, we cover Emergency Services and Care and Urgent Care as described in this "How to Obtain Services" section.

Your ID Card

Each Member's Kaiser Permanente ID card has a medical record number on it, which you will need when you call for advice, make an appointment, or go to a provider for covered care. When you get care, please bring your ID card and a photo ID. Your medical record number is used to identify your medical records and membership information. Your medical record number should never change. Please call Member Services if we ever inadvertently issue you more than one medical record number or if you need to replace your ID card.

Your ID card is for identification only. To receive covered Services, you must be a current Member. Anyone who is not a Member will be billed as a non-Member for any Services they receive. If you let someone else use your ID card, we may keep your ID card and terminate your membership as described under "Termination for Cause" in the "Termination of Membership" section.

Timely Access to Care

Standards for appointment availability

The California Department of Managed Health Care ("DMHC") developed the following standards for appointment availability. This information can help you know what to expect when you request an appointment.

- Urgent care appointment: within 48 hours
- Routine (non-urgent) primary care appointment (including adult/internal medicine, pediatrics, and family medicine): within 10 business days
- Routine (non-urgent) specialty care appointment with a physician: within 15 business days
- Routine (non-urgent) mental health care or substance use disorder treatment appointment with a practitioner other than a physician: within 10 business days
- Follow-up (non-urgent) mental health care or substance use disorder treatment appointment with a practitioner other than a physician, for those undergoing a course of treatment for an ongoing mental health or substance use disorder condition: within 10 business days

If you prefer to wait for a later appointment that will better fit your schedule or to see the Plan Provider of your choice, we will respect your preference. In some cases, your wait may be longer than the time listed if a licensed health care professional decides that a later appointment won't have a negative effect on your health.

The standards for appointment availability do not apply to Preventive Services. Your Plan Provider may recommend a specific schedule for Preventive Services, depending on your needs. Except as specified above for mental health care and substance use disorder treatment, the standards also do not apply to periodic follow-up care for ongoing conditions or standing referrals to specialists.

Timely access to telephone assistance

DMHC developed the following standards for answering telephone questions:

- For telephone advice about whether you need to get care and where to get care: within 30 minutes, 24 hours a day, seven days a week
- For general questions: within 10 minutes during normal business hours

Interpreter services

If you need interpreter services when you call us or when you get covered Services, please let us know. Interpreter services, including sign language, are available during all business hours at no cost to you. For more information on the interpreter services we offer, please call Member Services.

Access to mental health Services and substance use disorder treatment

State law requires evidence of coverage documents to include the following notice:

You have a right to receive timely and geographically accessible Mental Health/Substance Use Disorder (MH/SUD) services when you need them. If Health Plan fails to arrange those services for you with an appropriate provider who is in the health plan's network, the health plan must cover and arrange needed services for you from an out-of-network provider. If that happens,

you do not have to pay anything other than your ordinary in-network cost-sharing.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require prior authorization for the appointment) or within 96 hours (if the health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed provider, even if the provider is not in your health plan's network. To be covered by your health plan, your first appointment with the provider must be within 90 calendar days of the date you first asked the plan for the MH/SUD services.

If you have questions about how to obtain MH/SUD services or are having difficulty obtaining services you can: 1) call your health plan at the telephone number on the back of your health plan identification card; 2) call the California Department of Managed Care's Help Center at 1-888-466-2219; or 3) contact the California Department of Managed Health Care through its website at http://www.healthhelp.ca.gov to request assistance in obtaining MH/SUD services.

Cost Share estimates

For information about estimates, see "Getting an estimate of your Cost Share" under "Your Cost Share" in the "Benefits" section.

Plan Facilities

Plan Medical Offices and Plan Hospitals are listed in the Provider Directory for your Service Area. The directory describes the types of covered Services that are available from each Plan Facility, because some facilities provide only specific types of covered Services. This directory is available on our website at **kp.org/facilities**. To obtain a printed copy, call Member Services. The directory is updated periodically. The availability of Plan Facilities may change. If you have questions, please call Member Services.

At most of our Plan Facilities, you can usually receive all of the covered Services you need, including specialty care, pharmacy, and lab work. You are not restricted to a particular Plan Facility, and we encourage you to use the facility that will be most convenient for you:

- All Plan Hospitals provide inpatient Services and are open 24 hours a day, seven days a week
- Emergency Services and Care are available from Plan Hospital emergency departments (for emergency department locations, refer to our Provider Directory or call Member Services)
- Same-day Urgent Care appointments are available at many locations (for Urgent Care locations, refer to our Provider Directory or call Member Services)
- Many Plan Medical Offices have evening and weekend appointments
- Many Plan Facilities have a Member Services office (for locations, refer to our Provider Directory or call Member Services)

Note: State law requires evidence of coverage documents to include the following notice:

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call Kaiser Permanente Member Services, to ensure that you can obtain the health care services that you need.

Please be aware that if a Service is covered but not available at a particular Plan Facility, we will make it available to you at another facility.

Your Cost Share

Your Cost Share is the amount you are required to pay for covered Services. For example, your Cost Share may be a Copayment or Coinsurance.

If your coverage includes a Plan Deductible and you receive Services that are subject to the Plan Deductible, your Cost Share for those Services will be Charges until you reach the Plan Deductible. Similarly, if your coverage includes a Drug Deductible, and you receive Services that are subject to the Drug Deductible, your Cost Share for those Services will be Charges until you reach the Drug Deductible.

Refer to the "Cost Share Summary" section of this *EOC* for the amount you will pay for Services.

General rules, examples, and exceptions

Your Cost Share for covered Services will be the Cost Share in effect on the date you receive the Services, except as follows:

- If you are receiving covered hospital inpatient or Skilled Nursing Facility Services on the effective date of this *EOC*, you pay the Cost Share in effect on your admission date until you are discharged if the Services were covered under your prior Health Plan evidence of coverage and there has been no break in coverage. However, if the Services were not covered under your prior Health Plan evidence of coverage, or if there has been a break in coverage, you pay the Cost Share in effect on the date you receive the Services
- For items ordered in advance, you pay the Cost Share in effect on the order date (although we will not cover the item unless you still have coverage for it on the date you receive it) and you may be required to pay the Cost Share when the item is ordered. For Prescription Drugs, the order date is the date that the pharmacy processes the order after receiving all of the information they need to fill the prescription

Cost Share for Services received by newborn children of a Member

During the 31 days of automatic coverage for newborn children described under "If you have a baby" under "Who Is Eligible" in the "Premiums, Eligibility, and Enrollment" section, the parent or guardian of the newborn must pay the Cost Share indicated in the "Cost Share Summary" section of this *EOC* for any Services that the newborn receives, whether or not the newborn is enrolled. When the "Cost Share Summary" indicates the Services are subject to the Plan Deductible, the Cost Share for those Services will be Charges if the newborn has not met the Plan Deductible.

Payment toward your Cost Share (and when you may be billed)

In most cases, your provider will ask you to make a payment toward your Cost Share at the time you receive Services. If you receive more than one type of Services (such as a routine physical maintenance exam and laboratory tests), you may be required to pay separate Cost Share for each of those Services. Keep in mind that your payment toward your Cost Share may cover only a portion of your total Cost Share for the Services you receive, and you will be billed for any additional amounts that are due. The following are examples of when you may be asked to pay (or you may be billed for) Cost Share amounts in addition to the amount you pay at check-in:

- You receive non-preventive Services during a preventive visit. For example, you go in for a routine physical maintenance exam, and at check-in you pay your Cost Share for the preventive exam (your Cost Share may be "no charge"). However, during your preventive exam your provider finds a problem with your health and orders non-preventive Services to diagnose your problem (such as laboratory tests). You may be asked to pay (or you will be billed for) your Cost Share for these additional non-preventive diagnostic Services
- You receive diagnostic Services during a treatment visit. For example, you go in for treatment of an existing health condition, and at check-in you pay your Cost Share for a treatment visit. However, during the visit your provider finds a new problem with your health and performs or orders diagnostic Services (such as laboratory tests). You may be asked to pay (or you will be billed for) your Cost Share for these additional diagnostic Services

- You receive treatment Services during a diagnostic visit. For example, you go in for a diagnostic exam, and at check-in you pay your Cost Share for a diagnostic exam. However, during the diagnostic exam your provider confirms a problem with your health and performs treatment Services (such as an outpatient procedure). You may be asked to pay (or you will be billed for) your Cost Share for these additional treatment Services
- You receive Services from a second provider during your visit. For example, you go in for a diagnostic exam, and at check-in you pay your Cost Share for a diagnostic exam. However, during the diagnostic exam your provider requests a consultation with a specialist. You may be asked to pay (or you will be billed for) your Cost Share for the consultation with the specialist

In some cases, your provider will not ask you to make a payment at the time you receive Services, and you will be billed for your Cost Share (for example, some Laboratory Departments are not able to collect Cost Share, or your Plan Provider is not able to collect Cost Share, if any, for Telehealth Visits you receive at home).

When we send you a bill, it will list Charges for the Services you received, payments and credits applied to your account, and any amounts you still owe. Your current bill may not always reflect your most recent Charges and payments. Any Charges and payments that are not on the current bill will appear on a future bill. Sometimes, you may see a payment but not the related Charges for Services. That could be because your payment was recorded before the Charges for the Services were processed. If so, the Charges will appear on a future bill. Also, you may receive more than one bill for a single outpatient visit or inpatient stay. For example, you may receive a bill for physician services and a separate bill for hospital services. If you don't see all the Charges for Services on one bill, they will appear on a future bill. If we determine that you overpaid and are due a refund, then we will send a refund to you within four weeks after we make that determination. If you have questions about a bill, please call the phone number on the bill.

In some cases, a Non–Plan Provider may be involved in the provision of covered Services at a Plan Facility or a contracted facility where we have authorized you to receive care. You are not responsible for any amounts beyond your Cost Share for the covered Services you receive at Plan Facilities or at contracted facilities where we have authorized you to receive care. However, if the provider does not agree to bill us, you may have to pay for the Services and file a claim for reimbursement. For information on how to file a claim, please see the "Post-Service Claims and Appeals" section.

Please refer to "Emergency Services and Urgent Care" in this "Benefits" section for more information about when you may be billed for Emergency Services and Care, Post-Stabilization Care, and Out-of-Area Urgent Care.

Reimbursement for COVID-19 Services from Non-Plan Providers

If you receive covered COVID-19 Services from Non-Plan Providers as described under "Outpatient Imaging, Laboratory, and Other Diagnostic and Treatment Services," "Outpatient Pharmacy Services," and "Preventive Services" in the "Benefits" section, you may have to pay for the Services and file a claim for reimbursement. For information on how to file a claim, please see "Initial Claims" in the "the "Post-Service Claims and Appeals" section.

Primary Care Visits, Non-Physician Specialist Visits, and Physician Specialist Visits

The Cost Share for a Primary Care Visit applies to evaluations and treatment provided by generalists in internal medicine, pediatrics, or family practice, and by specialists in obstetrics/gynecology whom the Medical Group designates as Primary Care Physicians. Some physician specialists provide primary care in addition to specialty care but are not designated as Primary Care Physicians. If you receive Services from one of these specialists, the Cost Share for a Physician Specialist Visit will apply to all consultations, evaluations, and treatment provided by the specialist except for routine preventive counseling and exams listed under "Preventive Services" in this "Benefits" section. For example, if your personal Plan Physician is a specialist in internal medicine or obstetrics/gynecology who is not a Primary Care Physician, you will pay the Cost Share for a Physician Specialist Visit for all consultations, evaluations, and treatment by the specialist except routine preventive counseling and exams listed under "Preventive Services" in this "Benefits" section. The Non-Physician Specialist Visit Cost Share applies to consultations, evaluations, and treatment provided by non-physician specialists (such as nurse practitioners, physician assistants, optometrists, podiatrists, and audiologists).

Provider fees

Some Plan Providers may charge you a fee for missed appointments without 24 hour advance notice, except in the case of an emergency.

Noncovered Services

If you receive Services that are not covered under this *EOC*, you may have to pay the full price of those

Services. Payments you make for noncovered Services do not apply to any deductible or out-of-pocket maximum.

When a Service is not covered, all Services related to the noncovered Service are also not covered, except for Services we would otherwise cover to treat complications of the noncovered Service, or as required by law. For example, if you have a noncovered cosmetic surgery, we would not cover Services you receive in preparation for the surgery or for follow-up care. If you later suffer a life-threatening complication such as a serious infection, we would cover any Services that we would otherwise cover to treat that complication.

Benefit limits

Some benefits may include a limit on the number of visits, days, treatment cycles, or dollar amount that will be covered under your plan during a specified time period. If a benefit includes a limit, this will be indicated in the "Cost Share Summary" section of this *EOC*. The time period associated with a benefit limit may not be the same as the term of this *EOC*. We will count all Services you receive during the benefit limit period toward the benefit limit, including Services you received under a prior Health Plan *EOC* (as long as you have continuous coverage with Health Plan). Note: We will not count Services you received under a prior Health Plan *EOC* when you first enroll in individual plan coverage or a new employer group's plan, when you move from group to individual plan coverage (or vice versa), or when you received Services under a Kaiser Permanente Senior Advantage evidence of coverage. If you are enrolled in the Kaiser Permanente POS Plan, refer to your KPIC *Certificate of Insurance* and *Schedule of Coverage* for benefit limits that apply to your separate indemnity coverage provided by the Kaiser Permanente Insurance Company ("KPIC").

Getting an estimate of your Cost Share

If you have questions about the Cost Share for specific Services that you expect to receive or that your provider orders during a visit or procedure, please visit our website at **kp.org** to use our cost estimate tool or call Member Services.

- If you have a Plan Deductible and would like an estimate for Services that are subject to the Plan Deductible, please call **1-800-390-3507** (TTY users call **711**) Monday through Friday 6 a.m. to 5 p.m. Refer to the "Cost Share Summary" section of this *EOC* to find out if you have a Plan Deductible
- For all other Cost Share estimates, please call **1-800-464-4000** (TTY users call **711**) 24 hours a day, seven days a week (closed holidays)

Cost Share estimates are based on your benefits and the Services you expect to receive. They are a prediction of cost and not a guarantee of the final cost of Services. Your final cost may be higher or lower than the estimate since not everything about your care can be known in advance.

Drug Deductible

This *EOC* does not include a Drug Deductible.

Plan Deductible

In any Accumulation Period, you must pay Charges for Services subject to the Plan Deductible until you reach one of the Plan Deductible amounts listed in the "Cost Share Summary" section of this *EOC*.

If you are a Member in a Family of two or more Members, you reach the Plan Deductible either when you reach the amount for any one Member, or when your entire Family reaches the Family amount. For example, suppose you have reached the deductible amount for any one Member. Since the amount for any one Member is the same as the amount for the entire Family, when you have reached the deductible amount for any one Member, your Family will also have reached the Family amount.

After you reach the Plan Deductible and for the remainder of the Accumulation Period, you pay the applicable Copayment or Coinsurance subject to the limits described under "Plan Out-of-Pocket Maximum" in this "Benefits" section.

Services that are subject to the Plan Deductible

All covered Services are subject to the Plan Deductible, except for certain preventive Services, as indicated in the "Cost Share Summary" section of this *EOC*. When the "Cost Share Summary" indicates the Services are subject to the Plan Deductible, your Cost Share for those Services will be Charges until you reach the Plan Deductible. Note: When the Cost Share for the Services is "no charge" and the "Cost Share Summary" indicates the Services are subject to the Plan Deductible, your Cost Share for those Services will be Charges until you reach the Plan Deductible. Also, if you pay a Plan Deductible amount for a Service that has a limit, such as a visit limit, the Services count toward reaching the limit.

The only payments that count toward the Plan Deductible are those you make for covered Services that are subject to this Plan Deductible under this *EOC*.

Increasing the Plan Deductible

If the U.S. Department of the Treasury increases the minimum deductible required in High Deductible Health

Plans, we will increase the Plan Deductible if necessary to meet the new minimum deductible requirement, and we will notify your Group.

Changes to your Family

When your Family changes during the Accumulation Period from self-only coverage to two or more Members (or vice versa), your Plan Deductible will change and the only Plan Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Accumulation Period under this *EOC*. For example:

- If you are a Family of one Member (self-only coverage) and then add Dependents during the Accumulation Period, the amounts that had been applied toward the Plan Deductible under your self-only coverage will be applied toward the new Plan Deductible required for the expanded Family of two or more Members. Each Member in your expanded Family, including you, must pay Charges for covered Services until they reach the Plan Deductible required for each Member in a Family of two or more Members (if applicable) or until your Family reaches the Plan Deductible required for a Family of two or more Members, even if you had met your Plan Deductible (for a Family of one Member) before you added the Dependents
- If all of your Dependents cease to be Members in your Family so that your Family becomes a Family of one Member, only the amounts that had been applied toward the Plan Deductible for Services that you received during the Accumulation Period will be applied toward the Plan Deductible required for self-only coverage. You must pay Charges for covered Services you receive on or after the date you become a Family of one Member until you reach the Plan Deductible required for self-only coverage, even if the Family had previously met the Plan Deductible for a Family of two or more Members

Copayments and Coinsurance

The Copayment or Coinsurance you must pay for each covered Service, after you meet any applicable deductible, is described in this *EOC*.

Note: If Charges for Services are less than the Copayment described in this *EOC*, you will pay the lesser amount, subject to any applicable deductible or out-of-pocket maximum.

Plan Out-of-Pocket Maximum

There is a limit to the total amount of Cost Share you must pay under this *EOC* in the Accumulation Period for covered Services that you receive in the same Accumulation Period. The Services that apply to the Plan Out-of-Pocket Maximum are described under the "Payments that count toward the Plan Out-of-Pocket Maximum" section below. Refer to the "Cost Share Summary" section of this *EOC* for your applicable Plan Out-of-Pocket Maximum amounts.

If you are a Member in a Family of two or more Members, you reach the Plan Out-of-Pocket Maximum either when you reach the maximum for any one Member, or when your Family reaches the Family maximum. For example, suppose you have reached the Plan Out-of-Pocket Maximum for any one Member. For Services subject to the Plan Out-of-Pocket Maximum, you will not pay any more Cost Share during the remainder of the Accumulation Period, but every other Member in your Family must continue to pay Cost Share during the remainder of the Accumulation Period until either they reach the maximum for any one Member or your Family reaches the Family maximum.

Payments that count toward the Plan Out-of-Pocket Maximum

Any payments you make toward the Plan Deductible or Drug Deductible, if applicable, apply toward the maximum.

Most Copayments and Coinsurance you pay for covered Services apply to the maximum, however some may not. To find out whether a Copayment or Coinsurance for a covered Service will apply to the maximum refer to the "Cost Share Summary" section of this *EOC*.

Accrual toward deductibles and out-of-pocket maximums

To see how close you are to reaching your deductibles, if any, and out-of-pocket maximums, use our online Out-of-Pocket Summary tool at **kp.org** or call Member Services. We will provide you with accrual balance information for every month that you receive Services until you reach your individual out-of-pocket maximums or your Family reaches the Family out-of-pocket maximums.

We will provide accrual balance information by mail unless you have opted to receive notices electronically. You can change your document delivery preferences at any time at **kp.org** or by calling Member Services.

Administered Drugs and Products

Administered drugs and products are medications and products that require administration or observation by medical personnel, such as:

- Whole blood, red blood cells, plasma, and platelets

- Allergy antigens (including administration)
- Cancer chemotherapy drugs and adjuncts
- Drugs and products that are administered via intravenous therapy or injection that are not for cancer chemotherapy, including blood factor products and biological products ("biologics") derived from tissue, cells, or blood
- Other administered drugs and products

We cover these items when prescribed by a Plan Provider, in accord with our drug formulary guidelines, and they are administered to you in a Plan Facility or during home visits.

For the following Services, refer to these sections

- Administered contraceptives (refer to "Reproductive Health Services")
- All other administered drugs that are Preventive Services, including immunizations (refer to "Preventive Services")

Ambulance Services

Emergency

We cover Services of a licensed ambulance anywhere in the world without prior authorization (including transportation through the 911 emergency response system where available) in the following situations:

- You reasonably believed that the medical condition was an Emergency Medical Condition or Psychiatric Emergency Medical Condition which required ambulance Services
- Your treating physician determines that you must be transported to another facility because your Emergency Medical Condition or Psychiatric Emergency Medical Condition is not Stabilized and the care you need is not available at the treating facility

If you receive emergency ambulance Services that are not ordered by a Plan Provider, you are not responsible for any amounts beyond your Cost Share for covered emergency ambulance Services. However, if the provider does not agree to bill us, you may have to pay for the Services and file a claim for reimbursement. For information on how to file a claim, please see the "Post-Service Claims and Appeals" section.

Nonemergency

Inside your Service Area, we cover nonemergency ambulance and psychiatric transport van Services if a Plan Physician determines that your condition requires the use of Services that only a licensed ambulance (or psychiatric transport van) can provide and that the use of other means of transportation would endanger your health. These Services are covered only when the vehicle transports you to or from covered Services.

Covered nonemergency ambulance and psychiatric transport van Services do not include the following services:

- Transportation by car, taxi, bus, gurney van, wheelchair van, and any other type of transportation (other than a licensed ambulance or psychiatric transport van), even if it is the only way to travel to a Plan Provider

Bariatric Surgery

We cover hospital inpatient Services related to bariatric surgical procedures (including room and board, imaging, laboratory, other diagnostic and treatment Services, and Plan Physician Services) when performed to treat obesity by modification of the gastrointestinal tract to reduce nutrient intake and absorption, if all of the following requirements are met:

- You complete the Medical Group–approved pre-surgical educational preparatory program regarding lifestyle changes necessary for long term bariatric surgery success
- A Plan Physician who is a specialist in bariatric care determines that the surgery is Medically Necessary

For covered Services related to bariatric surgical procedures that you receive, you will pay the Cost Share you would pay if the Services were not related to a bariatric surgical procedure. For example, see "Hospital inpatient Services" in the "Cost Share Summary" section of this *EOC* for the Cost Share that applies for hospital inpatient Services.

For the following Services, refer to these sections

- Outpatient administered drugs (refer to "Administered Drugs and Products")
- Prescription Drugs (refer to "Outpatient Pharmacy Services")

Dental and Orthodontic Services

We do not cover most dental and orthodontic services under this *EOC*, such as dental cleanings, dental X-rays, appliances, and implants, but we do cover some dental

and orthodontic Services as described in this "Dental and Orthodontic Services" section.

For covered dental and orthodontic procedures that you may receive, you will pay the Cost Share you would pay if the Services were not related to dental and orthodontic Services. For example, see "Hospital inpatient Services" in the "Cost Share Summary" section of this *EOC* for the Cost Share that applies for hospital inpatient Services.

Dental Services for radiation treatment

We cover dental evaluation, X-rays, fluoride treatment, and extractions necessary to prepare your jaw for radiation therapy of cancer in your head or neck if a Plan Physician provides the Services or if the Medical Group authorizes a referral to a dentist for those Services (as described in "Medical Group authorization procedure for certain referrals" under "Getting a Referral" in the "How to Obtain Services" section).

Dental Services for transplants

We cover dental services that are Medically Necessary to free the mouth from infection in order to prepare for a transplant covered under "Transplant Services" in this "Benefits" section, if a Plan Physician provides the Services or if the Medical Group authorizes a referral to a dentist for those Services (as described in "Medical Group authorization procedure for certain referrals" under "Getting a Referral" in the "How to Obtain Services" section).

Dental anesthesia

For dental procedures at a Plan Facility, we provide general anesthesia and the facility's Services associated with the anesthesia if all of the following are true:

- You are under age 7, or you are developmentally disabled, or your health is compromised
- Your clinical status or underlying medical condition requires that the dental procedure be provided in a hospital or outpatient surgery center
- The dental procedure would not ordinarily require general anesthesia

We do not cover any other Services related to the dental procedure, such as the dentist's Services.

Dental and orthodontic Services for cleft palate

We cover dental extractions, dental procedures necessary to prepare the mouth for an extraction, and orthodontic Services, if they meet all of the following requirements:

- The Services are an integral part of a reconstructive surgery for cleft palate that we are covering under "Reconstructive Surgery" in this "Benefits" section ("cleft palate" includes cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate)
- A Plan Provider provides the Services or the Medical Group authorizes a referral to a Non–Plan Provider who is a dentist or orthodontist (as described in "Medical Group authorization procedure for certain referrals" under "Getting a Referral" in the "How to Obtain Services" section)

For the following Services, refer to these sections

- Accidental injury to teeth (refer to "Injury to Teeth")
- Office visits not described in the "Dental and Orthodontic Services" section (refer to "Office Visits")
- Outpatient imaging, laboratory, and other diagnostic and treatment Services (refer to "Outpatient Imaging, Laboratory, and Other Diagnostic and Treatment Services")

We cover acute and chronic dialysis Services if all of the following requirements are met:

- The Services are provided inside your Service Area
- You satisfy all medical criteria developed by the Medical Group and by the facility providing the dialysis
- A Plan Physician provides a written referral for care at the facility

After you receive appropriate training at a dialysis facility we designate, we also cover equipment and medical supplies required for home hemodialysis and home peritoneal dialysis inside your Service Area. Coverage is limited to the standard item of equipment or supplies that adequately meets your medical needs. We decide whether to rent or purchase the equipment and supplies, and we select the vendor. You must return the equipment and any unused supplies to us or pay us the fair market price of the equipment and any unused supply when we are no longer covering them.

Covered dialysis care does not include the following services:

- Comfort, convenience, or luxury equipment, supplies and features
- Nonmedical items, such as generators or accessories to make home dialysis equipment portable for travel

For the following Services, refer to these sections

- Durable medical equipment for home use (refer to "Durable Medical Equipment ("DME") for Home Use")
- Hospital inpatient Services (refer to "Hospital Inpatient Services")
- Office visits not described in the "Dialysis Care" section (refer to "Office Visits")
- Outpatient laboratory (refer to "Outpatient Imaging, Laboratory, and Other Diagnostic and Treatment Services")
- Outpatient administered drugs (refer to "Administered Drugs and Products")
- Prescription Drugs (refer to "Outpatient Pharmacy Services")
- Telehealth Visits (refer to "Telehealth Visits")

Durable Medical Equipment ("DME") for Home Use

DME coverage rules

DME for home use is an item that meets the following criteria:

- The item is intended for repeated use
- The item is primarily and customarily used to serve a medical purpose
- The item is generally useful only to an individual with an illness or injury
- The item is appropriate for use in the home

For a DME item to be covered, all of the following requirements must be met:

- Your *EOC* includes coverage for the requested DME item
- A Plan Physician has prescribed the DME item for your medical condition
- The item has been approved for you through the Plan's prior authorization process, as described in "Medical Group authorization procedure for certain referrals" under "Getting a Referral" in the "How to Obtain Services" section
- The Services are provided inside your Service Area

Coverage is limited to the standard item of equipment that adequately meets your medical needs. We decide whether to rent or purchase the equipment, and we select the vendor. You must return the equipment to us or pay us the fair market price of the equipment when we are no longer covering it.

Covered DME for home use does not include the following services:

- Comfort, convenience, or luxury equipment or features except for retail-grade milk pumps as described under "Lactation supplies" in this "Durable Medical Equipment ("DME") for Home Use" section
- Items not intended for maintaining normal activities of daily living, such as exercise equipment (including devices intended to provide additional support for recreational or sports activities)

- Canes (standard curved handle or quad) and replacement supplies
- Cervical traction (over door)
- Crutches (standard or forearm) and replacement supplies
- Dry pressure pad for a mattress
- Glucose monitors for diabetes blood testing and their supplies (such as blood glucose monitor test strips, lancets, and lancet devices)

Supplemental DME items

Subject to the benefit limit described under "DME benefit limit" in this "Durable Medical Equipment ("DME") for Home Use" section, we cover DME that is not described under "Base DME Items" or "Lactation supplies," including repair and replacement of covered equipment, if all of the requirements described under "DME coverage rules" in this "Durable Medical Equipment ("DME") for Home Use" section are met.

Lactation supplies

We cover one retail-grade milk pump (also known as a breast pump) per pregnancy and associated supplies, as listed on our website at **kp.org/prevention**. We will decide whether to rent or purchase the item and we choose the vendor. We cover this pump for convenience purposes. The pump is not subject to prior authorization requirements.

If you or your baby has a medical condition that requires the use of a milk pump, we cover a hospital-grade milk pump and the necessary supplies to operate it, in accord with the coverage rules described under "DME coverage rules" in this "Durable Medical Equipment ("DME") for Home Use" section.

DME benefit limit

For DME covered under the "Supplemental DME items" section (including repair and replacement of covered equipment), there is a benefit limit per Member per Accumulation Period. Refer to the "Cost Share Summary" section of this *EOC* for your benefit limit amount. We will calculate accumulation toward the benefit limit by adding up the Charges for the durable medical equipment you received in the Accumulation Period that are subject to the limit (including any of these items we covered under any other Health Plan evidence of coverage offered by your Group, whether or not the other evidence of coverage had a benefit limit), and subtracting any Cost Share you paid for those items. If you reach the benefit limit, we will not cover any more durable medical equipment in that Accumulation Period if they are subject to the benefit limit.

The following items are not subject to this benefit limit:

- Items listed under "Base DME Items" as described in this "Durable Medical Equipment ("DME") for Home Use" section
- Milk pumps and supplies as described in "Lactation Supplies" in this "Durable Medical Equipment ("DME") for Home Use" section

Outside your Service Area

We do not cover most DME for home use outside your Service Area. - Canes (standard curved handle)
- Crutches (standard)
- Glucose monitors for diabetes blood testing and their supplies (such as blood glucose monitor test strips, lancets, and lancet devices) from a Plan Pharmacy
- Insulin pumps and supplies to operate the pump, after completion of training and education on the use of the pump
- Nebulizers and their supplies for the treatment of pediatric asthma
- Peak flow meters from a Plan Pharmacy

For the following Services, refer to these sections

- Insulin and any other drugs administered with an infusion pump (refer to "Outpatient Pharmacy Services")

Emergency Services and Urgent Care

We cover the following Services:

- Emergency department visits
- Urgent Care consultations, evaluations, and treatment

Your Cost Share

Your Cost Share for covered Emergency Services and Care and Post-Stabilization Care is described in the "Cost Share Summary" section of this *EOC*. Your Cost Share is the same whether you receive the Services from a Plan Provider or a Non–Plan Provider. For example:

- If you receive Emergency Services and Care in the emergency department of a Non–Plan Hospital, you pay the Cost Share for an emergency department visit as described in the "Cost Share Summary" under "Emergency Services and Urgent Care"
- If we gave prior authorization for inpatient Post-Stabilization Care in a Non–Plan Hospital, you pay the Cost Share for hospital inpatient Services as described in the "Cost Share Summary" under "Hospital inpatient Services"
- If we gave prior authorization for durable medical equipment after discharge from a Non–Plan Hospital, you pay the Cost Share for durable medical equipment as described in the "Cost Share Summary" under "Durable Medical Equipment ("DME") for home use"
- If you receive COVID-19 laboratory testing or immunizations in the emergency department, you pay the Cost Share for an emergency department visit as described in the "Cost Share Summary" under "Emergency Services and Urgent Care"
- If you obtain a prescription in the emergency department related to your Emergency Medical Condition or Psychiatric Emergency Medical Condition, you pay the Cost Share for "Most items" in the "Cost Share Summary" under "Outpatient pharmacy Services" in addition to the Cost Share for the emergency department visit

Your Cost Share for covered Urgent Care is the Cost Share required for Services provided by Plan Providers as described in the "Cost Share Summary" section of this *EOC*. For example:

- If you receive an Urgent Care evaluation as part of covered Out-of-Area Urgent Care from a Non–Plan Provider, you pay the Cost Share for Urgent Care consultations, evaluations, and treatment as described in the "Cost Share Summary" under "Emergency Services and Urgent Care"
- If the Out-of-Area Urgent Care you receive includes an X-ray, you pay the Cost Share for an X-ray as described in the "Cost Share Summary" under "Outpatient imaging, laboratory, and other diagnostic and treatment Services," in addition to the Cost Share for the Urgent Care evaluation
- If the Out-of-Area Urgent Care you receive includes a COVID-19 test, you may have to pay the Cost Share for a COVID-19 test as described in the "Cost Share Summary" under "Outpatient imaging, laboratory, and other diagnostic and treatment Services," in addition to the Cost Share for the Urgent Care evaluation
- If you obtain a prescription as part of an Out-of-Area Urgent Care visit related to the condition for which you obtained Urgent Care, you pay the Cost Share for "Most items" in the "Cost Share Summary" under "Outpatient pharmacy Services" in addition to the Cost Share for the Urgent Care evaluation
- If we gave prior authorization for durable medical equipment provided as part of Out-of-Area Urgent Care, you pay the Cost Share for durable medical equipment as described in the "Cost Share Summary" under "Durable Medical Equipment ("DME") for home use"

Note: If you receive Urgent Care in an emergency department, you pay the Cost Share for an emergency department visit as described in the "Cost Share Summary" under "Emergency Services and Urgent Care."

If a Non-Plan Provider does not agree to bill us, you may have to pay for the Services and file a claim for reimbursement. Also, you may be required to pay and file a claim for any Services prescribed by a Non–Plan Provider as part of covered Emergency Services and Care, Post-Stabilization Care, or Out-of-Area Urgent Care even if you receive the Services from a Plan Provider, such as a Plan Pharmacy. For information on how to file a claim, please see the "Post-Service Claims and Appeals" section.

For the following Services, refer to these sections

- Abortion and abortion-related Services (refer to "Reproductive Health Services")

Fertility Services

"Fertility Services" means treatments and procedures to help you become pregnant.

We cover the following Fertility Services:

- Diagnosis and treatment of Infertility
- Artificial insemination
- Up to three oocyte retrievals per lifetime
- Cryopreservation and one-time storage up to 6 months of embryos related to a covered treatment cycle

- Transfer of fresh and cryopreserved embryo(s)

If you reach the lifetime maximum for oocyte retrievals, we will not cover any Services related to additional oocyte retrievals including Prescription Drugs.

Before starting or continuing a course of fertility Services, you may be required to pay initial and subsequent deposits toward your Cost Share for some or all of the entire course of Services, along with any past-due fertility-related Cost Share. Any unused portion of your deposit will be returned to you. When a deposit is not required, you must pay the Cost Share for the procedure, along with any past-due fertility-related Cost Share, before you can schedule a fertility procedure.

Covered Fertility Services do not include the following services:

- Services related to the procurement, cryopreservation, and storage of semen and eggs, except if the retrieval is part of your covered fertility Services
- Services related to the procurement, cryopreservation, and storage of embryos, except for storage of embryos that is part of your covered fertility Services

For the following Services, refer to these sections

- Diagnostic Services provided by Plan Providers who are not physicians, such as EKGs and EEGs (refer to "Outpatient Imaging, Laboratory, and Other Diagnostic and Treatment Services")
- Fertility preservation Services for iatrogenic Infertility (refer to "Fertility Preservation Services for Iatrogenic Infertility")
- Outpatient administered drugs (refer to "Administered Drugs and Products")
- Prescription Drugs (refer to "Outpatient Pharmacy Services")

Fertility Preservation Services for Iatrogenic Infertility

Standard Fertility Preservation Services are covered in the following situations:

- A Plan Provider has recommended that you undergo covered treatment or receive covered Services within the next 12 months that may cause iatrogenic infertility.
- You received covered treatment or covered Services that may cause iatrogenic infertility, you were unable to undergo or complete fertility preservation due to your medical condition, and you face an ongoing risk for infertility caused by those treatments

Standard Fertility Preservation Services do not include diagnosis or treatment of Infertility.

We cover the following Standard Fertility Preservation Services:

- Retrieval of gametes:
  - Up to two cycles for oocyte retrieval for Members with ovaries per lifetime
  - Up to two attempts to collect sperm for Members with testicles per lifetime

- Up to two attempts to retrieve gonadal tissue per lifetime
- Gonadal shielding or transposition during a procedure or treatment if not already included in the usual coverage for that procedure or treatment
- Any other Standard Fertility Preservation Services consistent with the established medical practices and professional guidelines published by the American Society of Clinical Oncology or the American Society for Reproductive Medicine
- Cryopreservation and storage of sperm, oocytes, gonadal tissue, and embryos from a vendor that we select for the following time period based on your age on the date that the material is first cryopreserved:
  - for a Member who is under the age of 18: until the Member reaches age 26
  - for a Member who is 18 years or older but not yet 26 years old: until the Member reaches age 26 or for three years, whichever period is longer
  - for a Member who is 26 years or older: three years

Your coverage for cryopreservation storage from us ends when your membership terminates. If you change health plans during the cryopreservation storage period described above, you must notify your new health plan that you want them to cover storage starting from the effective date of your coverage in that plan. We will work with the new plan to coordinate transportation of stored material, if required. If you are still a Member when your storage period expires, you will receive a notice 90 days before the storage period expires that explains options for continued storage and potential out-of-pocket costs.

For covered Standard Fertility Preservation Services that you receive, you will pay the Cost Share you would pay if the Services were not related to fertility preservation. For example, see "Outpatient surgery and outpatient procedures" in the "Cost Share Summary" section of this *EOC* for the Cost Share that applies for outpatient procedures.

You have the right to receive standard fertility preservation services for iatrogenic infertility when you meet the requirements in Section 1300.74.551 of Title 28 of the California Code of Regulations. "Iatrogenic infertility" means infertility caused directly or indirectly by surgery, chemotherapy, radiation, or other medical treatment. If your health Plan fails to arrange those services for you with an appropriate provider who is in your health plan's network, your health plan must cover and arrange needed services for you from an out-of-network provider. If that happens, you will pay no more than in-network costsharing for the same services.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days for primary care and 15 business days for specialist care from when you requested the services from your health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if your health plan does not require prior authorization for the appointment) or within 96 hours (if your health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed provider, even if the provider is not in your health plan's network. If you are enrolled in preferred provider organization (PPO) coverage, and your health plan can arrange care for you within the timeframes and within geographic standards, your voluntary use of out-of-network benefits may subject you to incur out-of-network charges.

If you have questions about how to obtain standard fertility preservation services for iatrogenic infertility or are having difficulty obtaining services you can: 1) call your health plan at the telephone number on your-health plan identification card; 2) call the California Department of Managed Care's Help Center at 1-888-466-2219; or 3) contact the California Department of Managed Health Care through its website at www.DMHC.ca.gov to request assistance in obtaining standard fertility preservation services for iatrogenic infertility.

- Up to three visits per day (counting all home health visits)
- Up to 100 visits per Accumulation Period (counting all home health visits)

Note: If a visit by a nurse, medical social worker, or physical, occupational, or speech therapist lasts longer than two hours, then each additional increment of two hours counts as a separate visit. If a visit by a home health aide lasts longer than four hours, then each additional increment of four hours counts as a separate visit. For example, if a nurse comes to your home for three hours and then leaves, that counts as two visits. Also, each person providing Services counts toward these visit limits. For example, if a home health aide and a nurse are both at your home during the same two hours, that counts as two visits.

Covered home health care does not include the following services:

How to obtain covered items

You must obtain covered items at a Plan Pharmacy or through our mail-order service unless you obtain the item from a Non-Plan Provider as part of covered Emergency Services and Care, Post-Stabilization Care, or Out-of-Area Urgent Care or a Non-Plan Provider prescribes COVID-19 therapeutics for you.

For the locations of Plan Pharmacies, refer to our Provider Directory or call Member Services.

Refills

You may be able to order refills at a Plan Pharmacy, through our mail-order service, or through our website at **kp.org/rxrefill**. A Plan Pharmacy can give you more information about obtaining refills, including the options available to you for obtaining refills. For example, a few Plan Pharmacies don't dispense refills and not all drugs can be mailed through our mail-order service. Please check with a Plan Pharmacy if you have a question about whether your prescription can be mailed or obtained at a Plan Pharmacy. Items available through our mail-order service are subject to change at any time without notice.

Day supply limit

The prescribing physician or dentist determines how much of a drug, supply, item, or supplement to prescribe. For purposes of day supply coverage limits, Plan Physicians determine the amount of an item that constitutes a Medically Necessary 30- or 100-day supply (or 365-day supply if the item is a hormonal contraceptive) for you. Upon payment of the Cost Share specified in the "Outpatient pharmacy Services" section of the "Cost Share Summary," you will receive the supply prescribed up to the day supply limit specified in this section or in the drug formulary for your plan (see "About the drug formulary" below). The maximum you may receive at one time of a covered item, other than a hormonal contraceptive, is either one 30-day supply in a 30-day period or one 100-day supply in a 100-day period. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantities that exceed the day supply limit.

If your plan includes coverage for hormonal contraceptives, the maximum you may receive at one time of contraceptive drugs is a 365-day supply. To obtain a 365-day supply, talk to your prescribing provider. Refer to the "Cost Share Summary" section of this *EOC* to find out if your plan includes coverage for hormonal contraceptives.

If your plan includes coverage for sexual dysfunction drugs, the maximum you may receive at one time of episodic drugs prescribed for the treatment of sexual dysfunction disorders is eight doses in any 30-day period or up to 27 doses in any 100-day period. Refer to the "Cost Share Summary" section of this *EOC* to find out if your plan includes coverage for sexual dysfunction drugs.

The pharmacy may reduce the day supply dispensed at the Cost Share specified in the "Outpatient pharmacy Services" section of the "Cost Share Summary" for any drug to a 30-day supply in any 30-day period if the pharmacy determines that the item is in limited supply in

the market or for specific drugs (your Plan Pharmacy can tell you if a drug you take is one of these drugs).

About the drug formulary

The drug formulary includes a list of drugs that our Pharmacy and Therapeutics Committee has approved for our Members. Our Pharmacy and Therapeutics Committee, which is primarily composed of Plan Physicians and pharmacists, selects drugs for the drug formulary based on several factors, including safety and effectiveness as determined from a review of medical literature. The drug formulary is updated monthly based on new information or new drugs that become available. To find out which drugs are on the formulary for your plan, please refer to the California Commercial HMO formulary on our website at **kp.org/formulary**. The formulary also discloses requirements or limitations that apply to specific drugs, such as whether there is a limit on the amount of the drug that can be dispensed and whether the drug must be obtained at certain specialty pharmacies. If you would like to request a copy of this drug formulary, please call Member Services. Note: The presence of a drug on the drug formulary does not necessarily mean that it will be prescribed for a particular medical condition.

Formulary exception process

Drug formulary guidelines allow you to obtain a non-formulary Prescription Drug (those not listed on our drug formulary for your condition) if it would otherwise be covered by your plan, as described above, and it is Medically Necessary. If you disagree with a Health Plan determination that a non-formulary Prescription Drug is not covered, you may file a grievance as described in the "Dispute Resolution" section.

Continuity drugs

If this *EOC* is amended to exclude a drug that we have been covering and providing to you under this *EOC*, we will continue to provide the drug if a prescription is required by law and a Plan Physician continues to prescribe the drug for the same condition and for a use approved by the federal Food and Drug Administration.

About drug tiers

Drugs for your plan are categorized into tiers as described in the table below (your plan doesn't have a Tier 3). Your Cost Share for covered items may vary based on the tier. Refer to "Outpatient pharmacy Services" in the "Cost Share Summary" section of this *EOC* for Cost Share for items covered under this section. Refer to the drug formulary to find out which tier a particular drug is on and for the definition of "generic drug," "brand-name drug," and "specialty drug."

Tier	Description
Tier 1	Most generic drugs, supplies and supplements (also includes certain brand-name drugs, supplies, and supplements)
Tier 2	Most brand-name drugs, supplies, and supplements (also includes certain generic drugs, supplies, and supplements)
Tier 4	High-cost brand-name or generic drugs, supplies, and supplements (sometimes called "specialty drugs")

These tiers apply to formulary and non-formulary drugs, supplies and supplements. If you need help determining whether a formulary or non-formulary drug, supply, or supplement is categorized as Tier 1, Tier 2, or Tier 4, please call Member Services. Note: Non-formulary drugs are not covered unless Medically Necessary as described under "Formulary exception process" in the "About the drug formulary" section above.

General rules about coverage and your Cost Share

We cover Prescription Drugs listed under "Outpatient pharmacy Services" in the "Cost Share Summary" section in accord with the requirements in this "Outpatient Pharmacy Services" section:

- Drugs for which a prescription is required by law
- Certain over-the-counter drugs and items (drugs and items that do not require a prescription by law) if they are listed on our drug formulary and prescribed by a Plan Physician, except a prescription is not required for over-the-counter contraceptives
- Disposable needles and syringes needed for injecting covered drugs and supplements
- Inhaler spacers needed to inhale covered drugs

Note:

- If Charges for the drug, supply, or supplement are less than the Copayment, you will pay the lesser amount, subject to any applicable deductible or out-of-pocket maximum
- Items can change tier at any time, in accord with formulary guidelines, which may impact your Cost Share (for example, if a brand-name drug is added to the specialty drug list, you will pay the Cost Share

that applies to drugs on Tier 4, not the Cost Share for drugs on Tier 2)

Schedule II drugs
You or the prescribing provider can request that the pharmacy dispense less than the prescribed amount of a covered oral, solid dosage form of a Schedule II drug (your Plan Pharmacy can tell you if a drug you take is one of these drugs). Your Cost Share will be prorated based on the amount of the drug that is dispensed. If the pharmacy does not prorate your Cost Share, we will send you a refund for the difference.

Mail-order service
Prescription refills can be mailed within 3 to 5 days at no extra cost for standard U.S. postage. The appropriate Cost Share (according to your drug coverage) will apply and must be charged to a valid credit card.

You may request mail-order service in the following ways:

- To order online, visit **kp.org/rxrefill** (you can register for a secure account at **kp.org/registernow**) or use the KP app from your smartphone or other mobile device
- Call the pharmacy phone number highlighted on your prescription label and select the mail delivery option
- On your next visit to a Kaiser Permanente pharmacy, ask our staff how you can have your prescriptions mailed to you

Note: Restrictions and limitations apply. For example, not all drugs can be mailed and we cannot mail drugs to all states.

Manufacturer coupon program
For Prescription Drugs or items that are covered under this "Outpatient Pharmacy Services" section and obtained at a Plan Pharmacy, you may be able to use approved manufacturer coupons as payment for the Cost Share that you owe, after reaching your applicable deductible amount and as allowed under Health Plan's coupon program. You will owe any additional amount if the coupon does not cover the entire amount of your Cost Share for your prescription. When you use an approved coupon for payment of your Cost Share, the coupon amount and any additional payment that you make will accumulate to your out-of-pocket maximum if applicable. Refer to the "Cost Share Summary" section of this *EOC* to find your applicable out-of-pocket maximum amount and to learn which drugs and items apply to the maximum. Certain health plan coverages are not eligible for coupons. You can get more information regarding the Kaiser Permanente coupon program rules and limitations at **kp.org/rxcoupons**.

"Investigational Services" are those drugs, equipment, procedures or services for which laboratory and/or animal studies have been completed and for which human studies are in progress and all of the following are true:

- Testing is not complete
- The efficacy and safety of such services in human subjects are not yet established
- The service is not in wide usage

The determination that a service is an Experimental Service or Investigational Service is based on:

- Reference to relevant federal regulations, such as those contained in Title 42, Code of Federal Regulations, Chapter IV (Health Care Financing Administration) and Title 21, Code of Federal Regulations, Chapter I (Food and Drug Administration)
- Consultation with provider organizations, academic and professional specialists pertinent to the specific service
- Reference to current medical literature

However, if the health plan denies or delays coverage for your requested service on the basis that it is an Experimental Service or Investigational Service and you meet all the qualifications set out below, the health plan must provide an external, independent review.

Qualifications

- You must have a Life-Threatening or Seriously Debilitating condition
- Your Health Care Provider must certify to the health plan that you have a Life-Threatening or Seriously Debilitating condition for which standard therapies have not been effective in improving your condition, or are otherwise medically inappropriate, or there is no more beneficial standard therapy covered by the health plan

- You have been denied coverage by the health plan for the recommended or requested service
- If not for the health plan's determination that the recommended or requested service is an Experimental Service or Investigational Service, it would be covered

External, Independent Review Process

If the health plan denies coverage of the recommended or requested therapy and you meet all of the qualifications,

the health plan will notify you within five business days of its decision and your opportunity to request external review of the health plan's decision. If your Health Care Provider determines that the proposed service would be significantly less effective if not promptly initiated, you may request expedited review and the experts on the external review panel will render a decision within seven days of your request. If the external review panel recommends that the health plan cover the recommended or requested service, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which you are entitled.

DMHC's Independent Medical Review ("IMR")

This exclusion does not limit, prohibit, or modify a Member's rights to an IMR from the DMHC as described in this *EOC* in the "Dispute Resolution" section. Limitations

We will make a good faith effort to provide or arrange for covered Services within the remaining availability of facilities or personnel in the event of unusual circumstances that delay or render impractical the provision of Services under this *EOC*, such as a major disaster, epidemic, war, riot, civil insurrection, disability of a large share of personnel at a Plan Facility, complete or partial destruction of facilities, and labor dispute. Under these circumstances, if you have an Emergency Medical Condition or Psychiatric Emergency Medical Condition, call 911 or go to the nearest emergency department as described under "Emergency Services" in the "How to Obtain Services" section, and we will provide coverage and reimbursement as described in that section.

Coordination of Benefits

The Services covered under this *EOC* are subject to coordination of benefits rules.

Coverage other than Medicare coverage

If you have medical or dental coverage under another plan that is subject to coordination of benefits, we will coordinate benefits with the other coverage under the coordination of benefits rules of the California Department of Managed Health Care. Those rules are incorporated into this *EOC*.

If both the other coverage and we cover the same Service, the other coverage and we will see that up to 100 percent of your covered medical expenses are paid for that Service. The coordination of benefits rules determine which coverage pays first, or is "primary," and which coverage pays second, or is "secondary." The secondary coverage may reduce its payment to take into account payment by the primary coverage. You must

give us any information we request to help us coordinate benefits.

If your coverage under this *EOC* is secondary, we may be able to establish a Benefit Reserve Account for you. You may draw on the Benefit Reserve Account during a calendar year to pay for your out-of-pocket expenses for Services that are partially covered by either your other coverage or us during that calendar year. If you are entitled to a Benefit Reserve Account, we will provide you with detailed information about this account.

If you have any questions about coordination of benefits, please call Member Services.

Medicare coverage

If you have Medicare coverage, we will coordinate benefits with the Medicare coverage under Medicare rules. Medicare rules determine which coverage pays first, or is "primary," and which coverage pays second, or is "secondary." You must give us any information we request to help us coordinate benefits. Please call Member Services to find out which Medicare rules apply to your situation, and how payment will be handled.

Reductions

Employer responsibility

For any Services that the law requires an employer to provide, we will not pay the employer, and when we cover any such Services we may recover the value of the Services from the employer.

Government agency responsibility

For any Services that the law requires be provided only by or received only from a government agency, we will not pay the government agency, and when we cover any such Services we may recover the value of the Services from the government agency.

Injuries or illnesses alleged to be caused by other parties

If you obtain a judgment or settlement from or on behalf of another party who allegedly caused an injury or illness for which you received covered Services, you must reimburse us to the maximum extent allowed under California Civil Code Section 3040. The reimbursement due to us is not limited by or subject to the Plan Out-of-Pocket Maximum. Note: This "Injuries or illnesses alleged to be caused by other parties" section does not affect your obligation to pay your Cost Share for these Services.

To the extent permitted or required by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the other party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

To secure our rights, we will have a lien and reimbursement rights to the proceeds of any judgment or settlement you or we obtain (1) against another party, and/or (2) from other types of coverage or sources of payment that include but are not limited to: liability, uninsured motorist, underinsured motorist, personal umbrella, workers' compensation, and/or personal injury coverages, any other types of medical payments and all other first party types of coverages or sources of payment. The proceeds of any judgment or settlement that you or we obtain and/or payments that you receive shall first be applied to satisfy our lien, regardless of whether you are made whole and regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred.

Within 30 days after submitting or filing a claim or legal action against another party, you must send written notice of the claim or legal action to:

The Rawlings Company
One Eden Parkway
P.O. Box 2000
LaGrange, KY 40031-2000
Fax: 502-753-7064
Email:
ManualFileCoordinator@rawlingscompany.com

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney, the other party, and the other party's liability insurer to pay us directly. You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

If you have Medicare, Medicare law may apply with respect to Services covered by Medicare.

Surrogacy Arrangements

If you enter into a Surrogacy Arrangement and you or any other payee are entitled to receive monetary compensation under the Surrogacy Arrangement, you must reimburse us for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement ("Surrogacy Health Services") to the maximum extent allowed under California Civil Code Section 3040. Note: This "Surrogacy Arrangements" section does not affect your obligation to pay your Cost Share for these Services. After you surrender a baby to the legal parents, you are not obligated to reimburse us for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and phone numbers of the other parties to the arrangement
- Names, addresses, and phone numbers of any escrow agent or trustee
- Names, addresses, and phone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and phone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

The Rawlings Company
One Eden Parkway
P.O. Box 2000
LaGrange, KY 40031-2000
Fax: 502-753-7064

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements" section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this "Surrogacy Arrangements" section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the Surrogacy Arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

If you have questions about your obligations under this provision, please call Member Services.

You may be eligible for payments or other benefits, including amounts received as a settlement (collectively referred to as "Financial Benefit"), under workers' compensation or employer's liability law. - By completing the grievance form on our website at **kp.org**

We will decide whether your grievance is urgent or non-urgent unless your attending Health Care Provider tells us your grievance is urgent. If we determine that your grievance is not urgent, we will use the procedure described under "Standard procedure" in this

"Grievances" section. Generally, a grievance is urgent only if one of the following is true:

- Using the standard procedure could seriously jeopardize your life, health, or ability to regain maximum function
- Using the standard procedure would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment
- A physician with knowledge of your medical condition determines that your grievance is urgent
- You have received Emergency Services and Care but have not been discharged from a facility and your request involves admissions, continued stay, or other health care Services
- You are undergoing a current course of treatment using a non-formulary Outpatient Prescription Drug and your grievance involves a request to refill a non-formulary Outpatient Prescription Drug

For most grievances that we respond to on an urgent basis, we will give you oral notice of our decision as soon as your clinical condition requires, but no later than 72 hours after we received your grievance. We will send you a written confirmation of our decision within three days after we received your grievance.

If your grievance involves a request to obtain a non-formulary Outpatient Prescription Drug and we respond to your request on an urgent basis, we will notify you of our decision within 24 hours of your request. For information on how to request a review by an independent review organization, see "Independent Review Organization for Non-Formulary Outpatient Prescription Drug Requests" in this "Dispute Resolution" section.

If we do not decide in your favor, our letter will explain why and describe your further appeal rights.

Note: If you have an issue that involves an imminent and serious threat to your health (such as severe pain or potential loss of life, limb, or major bodily function), you can contact the California Department of Managed Health Care at any time at **1-888-466-2219** (TDD **1-877-688-9891**) without first filing a grievance with us.

If you want to review the information that we have collected regarding your grievance, you may request, and we will provide without charge, copies of all relevant documents, records, and other information. To make a request, you should call Member Services.

Independent Review Organization for Non-Formulary Outpatient Prescription Drug Requests

If you filed a grievance to obtain a non-formulary Outpatient Prescription Drug and we did not decide in your favor, you may submit a request for a review of your grievance by an independent review organization ("IRO"). You must submit your request for IRO review within 180 days of the receipt of our decision letter.

You must file your request for IRO review in one of the following ways:

- By calling our Expedited Review Unit toll free at **1-888-987-7247** (TTY users call **711**)
- By mailing a written request to:

  Kaiser Foundation Health Plan, Inc.
  Expedited Review Unit
  P.O. Box 1809
  Pleasanton, CA 94566
- By faxing a written request to our Expedited Review Unit toll free at **1-888-987-2252**
- By visiting a Member Services office at a Plan Facility (for addresses, refer to our Provider Directory or call Member Services)
- By completing the grievance form on our website at **kp.org**

For urgent IRO reviews, we will forward to you the independent reviewer's decision within 24 hours. For non-urgent requests, we will forward the independent reviewer's decision to you within 72 hours. If the independent reviewer does not decide in your favor, you may submit a complaint to the Department of Managed Health Care, as described under "Department of Managed Health Care Complaints" in this "Dispute Resolution" section. You may also submit a request for an Independent Medical Review as described under "Independent Medical Review" in this "Dispute Resolution" section.

Department of Managed Health Care Complaints

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan toll free at **1-800-464-4000** (TTY users call **711**) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. The department's Internet website **www.dmhc.ca.gov** has complaint forms, IMR application forms and instructions online.

Independent Medical Review ("IMR")

Except as described in this "Independent Medical Review ("IMR")" section, you must exhaust our internal grievance procedure before you may request independent medical review unless we have failed to comply with the grievance procedure described under "Grievances" in this "Dispute Resolution" section. If you qualify, you or your authorized representative may have your issue reviewed through the IMR process managed by the California Department of Managed Health Care ("DMHC"). The DMHC determines which cases qualify for IMR. This review is at no cost to you. If you decide not to request an IMR, you may give up the right to pursue some legal actions against us.

You may qualify for IMR if all of the following are true:

- One of these situations applies to you:
  - you have a recommendation from a provider requesting Medically Necessary Services
  - you have received emergency or urgent medical services from a provider who determined the services to be Medically Necessary
  - you have been seen by a Plan Provider for the diagnosis or treatment of your medical condition
- Your request for payment or Services has been denied, modified, or delayed based in whole or in part on a decision that the Services are not Medically Necessary
- You have filed a grievance and we have denied it or we haven't made a decision about your grievance within 30 days (or three days for urgent grievances). The DMHC may waive the requirement that you first file a grievance with us in extraordinary and compelling cases, such as severe pain or potential loss of life, limb, or major bodily function. If we have denied your grievance, you must submit your request for an IMR within six months of the date of our written denial. However, the DMHC may accept your request after six months if they determine that circumstances prevented timely submission

You may also qualify for IMR if the Service you requested has been denied on the basis that it is experimental or investigational as described under "Experimental or investigational denials."

If the DMHC determines that your case is eligible for IMR, it will ask us to send your case to the DMHC's IMR organization. The DMHC will promptly notify you of its decision after it receives the IMR organization's determination. If the decision is in your favor, we will contact you to arrange for the Service or payment.

Experimental or investigational denials

If we deny Services because they are Experimental Services or Investigational Services, we will send you our written explanation within three days after we received your request. We will explain why we denied the Services and provide additional dispute resolution options. Also, we will provide information about your right to request Independent Medical Review if we had the following information when we made our decision:

- Your treating physician provided us a written statement that you have a Life-Threatening or Seriously Debilitating condition and that standard therapies have not been effective in improving your condition, or that standard therapies would not be appropriate, or that there is no more beneficial standard therapy we cover than the therapy being requested
- If your treating physician is a Plan Physician, they recommended a treatment, drug, device, procedure, or other therapy and certified that the requested therapy is likely to be more beneficial to you than any available standard therapies and included a statement of the evidence relied upon by the Plan Physician in certifying their recommendation
- You (or your Non–Plan Physician who is a licensed, and either a board-certified or board-eligible, physician qualified in the area of practice appropriate to treat your condition) requested a therapy that, based on two documents from the medical and scientific evidence, as defined in California Health and Safety Code Section 1370.4(d), is likely to be more beneficial for you than any available standard therapy. The physician's certification included a statement of the evidence relied upon by the physician in certifying their recommendation. We do not cover the Services of the Non–Plan Provider

Note: You can request IMR for experimental or investigational denials at any time without first filing a grievance with us.

Office of Civil Rights Complaints

If you believe that you have been discriminated against by a Plan Provider or by us because of your race, color, national origin, disability, age, sex (including sex stereotyping and gender identity), or religion, you may file a complaint with the Office of Civil Rights in the United States Department of Health and Human Services ("OCR").

You may file your complaint with the OCR within 180 days of when you believe the act of discrimination occurred. However, the OCR may accept your request after six months if they determine that circumstances prevented timely submission. For more information on the OCR and how to file a complaint with the OCR, see the Notice of Nondiscrimination provided with this *EOC*.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedure, and if applicable, external review:

- If your Group's benefit plan is subject to the Employee Retirement Income Security Act ("ERISA"), you may file a civil action under section

502(a) of ERISA. To understand these rights, you should check with your Group or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at **1-866-444-EBSA** (**1-866-444-3272**)

- If your Group's benefit plan is not subject to ERISA (for example, most state or local government plans and church plans), you may have a right to request review in state court

Binding Arbitration

For all claims subject to this "Binding Arbitration" section, both Claimants and Respondents give up the right to a jury or court trial and accept the use of binding arbitration. Insofar as this "Binding Arbitration" section applies to claims asserted by Kaiser Permanente Parties, it shall apply retroactively to all unresolved claims that accrued before the effective date of this *EOC*. Such retroactive application shall be binding only on the Kaiser Permanente Parties.

Scope of arbitration

Any dispute shall be submitted to binding arbitration if all of the following requirements are met:

- The claim arises from or is related to an alleged violation of any duty incident to or arising out of or relating to this *EOC* or a Member Party's relationship to Kaiser Foundation Health Plan, Inc. ("Health Plan"), including any claim for medical or hospital malpractice (a claim that medical services or items were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered), for premises liability, or relating to the coverage for, or delivery of, services or items, irrespective of the legal theories upon which the claim is asserted
- The claim is asserted by one or more Member Parties against one or more Kaiser Permanente Parties or by one or more Kaiser Permanente Parties against one or more Member Parties
- Governing law does not prevent the use of binding arbitration to resolve the claim

Members enrolled under this *EOC* thus give up their right to a court or jury trial, and instead accept the use of binding arbitration except that the following types of claims are not subject to binding arbitration:

- Claims within the jurisdiction of the Small Claims Court
- Claims subject to a Medicare appeal procedure as applicable to Kaiser Permanente Senior Advantage Members
- Claims that cannot be subject to binding arbitration under governing law

As referred to in this "Binding Arbitration" section, "Member Parties" include:

- A Member
- A Member's heir, relative, or personal representative
- Any person claiming that a duty to them arises from a Member's relationship to one or more Kaiser Permanente Parties

"Kaiser Permanente Parties" include:

- Kaiser Foundation Health Plan, Inc.
- Kaiser Foundation Hospitals
- The Permanente Medical Group, Inc.
- Southern California Permanente Medical Group
- The Permanente Federation, LLC
- The Permanente Company, LLC
- Any Southern California Permanente Medical Group or The Permanente Medical Group physician
- Any individual or organization whose contract with any of the organizations identified above requires arbitration of claims brought by one or more Member Parties
- Any employee or agent of any of the foregoing

"Claimant" refers to a Member Party or a Kaiser Permanente Party who asserts a claim as described above. "Respondent" refers to a Member Party or a Kaiser Permanente Party against whom a claim is asserted.

Rules of Procedure

Arbitrations shall be conducted according to the *Rules for Kaiser Permanente Member Arbitrations Overseen by the Office of the Independent Administrator* ("Rules of Procedure") developed by the Office of the Independent Administrator in consultation with Kaiser Permanente and the Arbitration Oversight Board. Copies of the Rules of Procedure may be obtained from Member Services.

Initiating arbitration

Claimants shall initiate arbitration by serving a Demand for Arbitration. The Demand for Arbitration shall include the basis of the claim against the Respondents; the amount of damages the Claimants seek in the arbitration; the names, addresses, and phone numbers of the Claimants and their attorney, if any; and the names of all Respondents. Claimants shall include in the Demand for Arbitration all claims against Respondents that are based

on the same incident, transaction, or related circumstances.

Serving Demand for Arbitration

Health Plan, Kaiser Foundation Hospitals, The Permanente Medical Group, Inc., Southern California Permanente Medical Group, The Permanente Federation, LLC, and The Permanente Company, LLC, shall be served with a Demand for Arbitration by mailing the Demand for Arbitration addressed to that Respondent in care of:

Kaiser Foundation Health Plan, Inc.
Legal Department, Professional & Public Liability
1 Kaiser Plaza, 19th Floor
Oakland, CA 94612

Service on that Respondent shall be deemed completed when received. All other Respondents, including individuals, must be served as required by the California Code of Civil Procedure for a civil action.

Filing fee

The Claimants shall pay a single, nonrefundable filing fee of $150 per arbitration payable to "Arbitration Account" regardless of the number of claims asserted in the Demand for Arbitration or the number of Claimants or Respondents named in the Demand for Arbitration.

Any Claimant who claims extreme hardship may request that the Office of the Independent Administrator waive the filing fee and the neutral arbitrator's fees and expenses. A Claimant who seeks such waivers shall complete the Fee Waiver Form and submit it to the Office of the Independent Administrator and simultaneously serve it upon the Respondents. The Fee Waiver Form sets forth the criteria for waiving fees and is available by calling Member Services.

Number of arbitrators

The number of arbitrators may affect the Claimants' responsibility for paying the neutral arbitrator's fees and expenses (see the Rules of Procedure).

If the Demand for Arbitration seeks total damages of $200,000 or less, the dispute shall be heard and determined by one neutral arbitrator, unless the parties otherwise agree in writing after a dispute has arisen and a request for binding arbitration has been submitted that the arbitration shall be heard by two party arbitrators and one neutral arbitrator. The neutral arbitrator shall not have authority to award monetary damages that are greater than $200,000.

If the Demand for Arbitration seeks total damages of more than $200,000, the dispute shall be heard and determined by one neutral arbitrator and two party arbitrators, one jointly appointed by all Claimants and one jointly appointed by all Respondents. Parties who are entitled to select a party arbitrator may agree to waive this right. If all parties agree, these arbitrations will be heard by a single neutral arbitrator.

Payment of arbitrators' fees and expenses

Health Plan will pay the fees and expenses of the neutral arbitrator under certain conditions as set forth in the Rules of Procedure. In all other arbitrations, the fees and expenses of the neutral arbitrator shall be paid one-half by the Claimants and one-half by the Respondents.

If the parties select party arbitrators, Claimants shall be responsible for paying the fees and expenses of their party arbitrator and Respondents shall be responsible for paying the fees and expenses of their party arbitrator.

Costs

Except for the aforementioned fees and expenses of the neutral arbitrator, and except as otherwise mandated by laws that apply to arbitrations under this "Binding Arbitration" section, each party shall bear the party's own attorneys' fees, witness fees, and other expenses incurred in prosecuting or defending against a claim regardless of the nature of the claim or outcome of the arbitration.

General provisions

A claim shall be waived and forever barred if (1) on the date the Demand for Arbitration of the claim is served, the claim, if asserted in a civil action, would be barred as to the Respondent served by the applicable statute of limitations, (2) Claimants fail to pursue the arbitration claim in accord with the Rules of Procedure with reasonable diligence, or (3) the arbitration hearing is not commenced within five years after the earlier of (a) the date the Demand for Arbitration was served in accord with the procedures prescribed herein, or (b) the date of filing of a civil action based upon the same incident, transaction, or related circumstances involved in the claim. A claim may be dismissed on other grounds by the neutral arbitrator based on a showing of a good cause. If a party fails to attend the arbitration hearing after being given due notice thereof, the neutral arbitrator may proceed to determine the controversy in the party's absence.

The California Medical Injury Compensation Reform Act of 1975 (including any amendments thereto), including sections establishing the right to introduce evidence of any insurance or disability benefit payment to the patient, the limitation on recovery for non-economic losses, and the right to have an award for

future damages conformed to periodic payments, shall apply to any claims for professional negligence or any other claims as permitted or required by law.

Arbitrations shall be governed by this "Binding Arbitration" section, Section 2 of the Federal Arbitration Act, and the California Code of Civil Procedure provisions relating to arbitration that are in effect at the time the statute is applied, together with the Rules of Procedure, to the extent not inconsistent with this "Binding Arbitration" section. In accord with the rule that applies under Sections 3 and 4 of the Federal Arbitration Act, the right to arbitration under this "Binding Arbitration" section shall not be denied, stayed, or otherwise impeded because a dispute between a Member Party and a Kaiser Permanente Party involves both arbitrable and nonarbitrable claims or because one or more parties to the arbitration is also a party to a pending court action with another party that arises out of the same or related transactions and presents a possibility of conflicting rulings or findings.

Termination of Membership

Your Group is required to inform the Subscriber of the date your membership terminates. Your membership termination date is the first day you are not covered (for example, if your termination date is January 1, 2027, your last minute of coverage was at 11:59 p.m. on December 31, 2026). When a Subscriber's membership ends, the memberships of any Dependents end at the same time. You will be billed as a non-Member for any Services you receive after your membership terminates. Health Plan and Plan Providers have no further liability or responsibility under this *EOC* after your membership terminates, except as provided under "Payments after Termination" in this "Termination of Membership" section.

Termination Due to Loss of Eligibility

If you no longer meet the eligibility requirements described under "Who Is Eligible" in the "Premiums, Eligibility, and Enrollment" section, your Group will notify you of the date that your membership will end. Your membership termination date is the first day you are not covered. For example, if your termination date is January 1, 2027, your last minute of coverage was at 11:59 p.m. on December 31, 2026.

Termination of *Agreement*

If your Group's *Agreement* with us terminates for any reason, your membership ends on the same date. Your Group is required to notify Subscribers in writing if its *Agreement* with us terminates.

Termination for Cause

If you intentionally commit fraud in connection with membership, Health Plan, or a Plan Provider, we may terminate your membership by sending written notice to the Subscriber; termination will be effective 30 days from the date we send the notice. Some examples of fraud include:

- Misrepresenting eligibility information about you or a Dependent
- Presenting an invalid prescription or physician order
- Misusing a Kaiser Permanente ID card (or letting someone else use it)
- Giving us incorrect or incomplete material information. For example, you have entered into a Surrogacy Arrangement and you fail to send us the information we require under "Surrogacy Arrangements" under "Reductions" in the "Exclusions, Limitations, Coordination of Benefits, and Reductions" section
- Failing to notify us of changes in family status or Medicare coverage that may affect your eligibility or benefits

If we terminate your membership for cause, you will not be allowed to enroll in Health Plan in the future. We may also report criminal fraud and other illegal acts to the authorities for prosecution.

Termination of a Product or all Products

We may terminate a particular product or all products offered in the group market as permitted or required by law. If we discontinue offering a particular product in the group market, we will terminate just the particular product by sending you written notice at least 90 days before the product terminates. If we discontinue offering all products in the group market, we may terminate your Group's *Agreement* by sending you written notice at least 180 days before the *Agreement* terminates.

Payments after Termination

If we terminate your membership for cause or for nonpayment, we will:

- Refund any amounts we owe your Group for Premiums paid after the termination date
- Pay you any amounts we have determined that we owe you for claims during your membership in accord with the "Dispute Resolution" section

We will deduct any amounts you owe Health Plan or Plan Providers from any payment we make to you.

State Review of Membership Termination

If you believe that we have terminated your membership because of your ill health or your need for care, you may request a review of the termination by the California Department of Managed Health Care (please see "Department of Managed Health Care Complaints" in the "Dispute Resolution" section).

Continuation of Membership

If your membership under this *EOC* ends, you may be eligible to continue Health Plan membership without a break in coverage. You may be able to continue Group coverage under this *EOC* as described under "Continuation of Group Coverage." Also, you may be able to continue membership under an individual plan as described under "Continuation of Coverage under an Individual Plan." If at any time you become entitled to continuation of Group coverage, please examine your coverage options carefully before declining this coverage. Individual plan premiums and coverage will be different from the premiums and coverage under your Group plan.

Continuation of Group Coverage

COBRA

You may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal Consolidated Omnibus Budget Reconciliation Act ("COBRA"). COBRA applies to most employees (and most of their covered family Dependents) of most employers with 20 or more employees.

If your Group is subject to COBRA and you are eligible for COBRA coverage, in order to enroll you must submit a COBRA election form to your Group within the COBRA election period. Please ask your Group for details about COBRA coverage, such as how to elect coverage, how much you must pay for coverage, when coverage and Premiums may change, and where to send your Premium payments.

If you enroll in COBRA and exhaust the time limit for COBRA coverage, you may be able to continue Group coverage under state law as described under "Cal-COBRA" in this "Continuation of Group Coverage" section.

Cal-COBRA

If you are eligible for coverage under the California Continuation Benefits Replacement Act ("Cal-COBRA"), you can continue coverage as described in this "Cal-COBRA" section if you apply for coverage in compliance with Cal-COBRA law and pay applicable Premiums.

Eligibility and effective date of coverage for Cal-COBRA after COBRA

If your group is subject to COBRA and your COBRA coverage ends, you may be able to continue Group coverage effective the date your COBRA coverage ends if all of the following are true:

- Your effective date of COBRA coverage was on or after January 1, 2003
- You have exhausted the time limit for COBRA coverage and that time limit was 18 or 29 months
- You do not have Medicare

You must request an enrollment application by calling Member Services within 60 days of the date of when your COBRA coverage ends.

Cal-COBRA enrollment and Premiums

Within 10 days of your request for an enrollment application, we will send you our application, which will include Premium and billing information. You must return your completed application within 63 days of the date of our termination letter or of your membership termination date (whichever date is later).

If we approve your enrollment application, we will send you billing information within 30 days after we receive your application. You must pay Full Premiums within 45 days after the date we issue the bill. The first Premium payment will include coverage from your Cal-COBRA effective date through our current billing cycle. You must send us the Premium payment by the due date on the bill to be enrolled in Cal-COBRA.

After that first payment, your Premium payment for the upcoming coverage month is due on the last day of the preceding month. The Premiums will not exceed 110 percent of the applicable Premiums charged to a similarly situated individual under the Group benefit plan except that Premiums for disabled individuals after 18 months of COBRA coverage will not exceed 150 percent instead of 110 percent. Returned checks or insufficient funds on electronic payments may be subject to a fee.

If you have selected Ancillary Coverage provided under any other program, the Premium for that Ancillary Coverage will be billed together with required Premiums for coverage under this *EOC*. Full Premiums will then also include Premium for Ancillary Coverage. This means if you do not pay the Full Premiums owed by the due date, we may terminate your membership under this *EOC* and any Ancillary Coverage, as described in the "Termination for nonpayment of Cal-COBRA Premiums" section.

Changes to Cal-COBRA coverage and Premiums

Your Cal-COBRA coverage is the same as for any similarly situated individual under your Group's *Agreement*, and your Cal-COBRA coverage and Premiums will change at the same time that coverage or Premiums change in your Group's *Agreement*. Your Group's coverage and Premiums will change on the renewal date of its *Agreement* (January 1), and may also change at other times if your Group's *Agreement* is amended. Your monthly invoice will reflect the current Premiums that are due for Cal-COBRA coverage, including any changes. For example, if your Group makes a change that affects Premiums retroactively, the amount we bill you will be adjusted to reflect the retroactive adjustment in Premiums. Your Group can tell you whether this *EOC* is still in effect and give you a current one if this *EOC* has expired or been amended. You can also request one from Member Services.

Cal-COBRA open enrollment or termination of another health plan

If you previously elected Cal-COBRA coverage through another health plan available through your Group, you may be eligible to enroll in Kaiser Permanente during your Group's annual open enrollment period, or if your Group terminates its agreement with the health plan you are enrolled in. You will be entitled to Cal-COBRA coverage only for the remainder, if any, of the coverage period prescribed by Cal-COBRA. Please ask your Group for information about health plans available to you either at open enrollment or if your Group terminates a health plan's agreement.

In order for you to switch from another health plan and continue your Cal-COBRA coverage with us, we must receive your enrollment application during your Group's open enrollment period, or within 63 days of receiving the Group's termination notice described under "Group responsibilities." To request an application, please call Member Services. We will send you our enrollment application and you must return your completed application before open enrollment ends or within 63 days of receiving the termination notice described under "Group responsibilities." If we approve your enrollment application, we will send you billing information within 30 days after we receive your application. You must pay the bill within 45 days after the date we issue the bill. You must send us the Premium payment by the due date on the bill to be enrolled in Cal-COBRA.

How you may terminate your Cal-COBRA coverage

You may terminate your Cal-COBRA coverage by sending written notice, signed by the Subscriber, to the address below. Your membership will terminate at 11:59 p.m. on the last day of the month in which we receive your notice. Also, you must include with your notice all amounts payable related to your Cal-COBRA coverage, including Premiums, for the period prior to your termination date.

Kaiser Foundation Health Plan, Inc.
California Service Center
P.O. Box 23127
San Diego, CA 92193-3127

Termination for nonpayment of Cal-COBRA Premiums

If you do not pay Full Premiums by the due date, we may terminate your membership as described in this "Termination for nonpayment of Cal-COBRA Premiums" section. If you intend to terminate your membership, be sure to notify us as described under "How you may terminate your Cal-COBRA coverage" in this "Cal-COBRA" section, as you will be responsible for any Premiums billed to you unless you let us know before the first of the coverage month that you want us to terminate your coverage.

Your Premium payment for the upcoming coverage month is due on the last day of the preceding month. If we do not receive Full Premium payment by the due date, we will send a notice of nonreceipt of payment to the Subscriber's address of record. You will have a 30-day grace period to pay the required Premiums before we terminate your Cal-COBRA coverage for nonpayment. The notice will state when the grace period begins and when the memberships of the Subscriber and all Dependents will terminate if the required Premiums are not paid. Your coverage will continue during this grace

period. If we do not receive Full Premium payment by the end of the grace period, we will mail a termination notice to the Subscriber's address of record. After termination of your membership for nonpayment of Cal-COBRA Premiums, you are still responsible for paying all amounts due, including Premiums for the grace period.

Reinstatement of your membership after termination for nonpayment of Cal-COBRA Premiums

If we terminate your membership for nonpayment of Premiums, we will permit reinstatement of your membership three times during any 12-month period if we receive the amounts owed within 15 days of the date of the Termination Notice. We will not reinstate your membership if you do not obtain reinstatement of your terminated membership within the required 15 days, or if we terminate your membership for nonpayment of Premiums more than three times in a 12-month period.

Termination of Cal-COBRA coverage

Cal-COBRA coverage continues only upon payment of applicable monthly Premiums to us at the time we specify, and terminates on the earliest of:

- The date your Group's *Agreement* with us terminates (you may still be eligible for Cal-COBRA through another Group health plan)
- The date you get Medicare
- The date your coverage begins under any other group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition you may have (or that does contain such an exclusion or limitation, but it has been satisfied)
- The date that is 36 months after your original COBRA effective date (under this or any other plan)
- The date your membership is terminated for nonpayment of Premiums as described under "Termination for nonpayment of Cal-COBRA Premiums" in this "Continuation of Membership" section

Note: If the Social Security Administration determined that you were disabled at any time during the first 60 days of COBRA coverage, you must notify your Group within 60 days of receiving the determination from Social Security. Also, if Social Security issues a final determination that you are no longer disabled in the 35th or 36th month of Group continuation coverage, your Cal-COBRA coverage will end the later of: (1) expiration of 36 months after your original COBRA effective date, or (2) the first day of the first month following 31 days after Social Security issued its final determination. You must notify us within 30 days after you receive Social Security's final determination that you are no longer disabled.

Group responsibilities

If your Group's agreement with a health plan is terminated, your Group is required to provide written notice at least 30 days before the termination date to the persons whose Cal-COBRA coverage is terminating. This notice must inform Cal-COBRA beneficiaries that they can continue Cal-COBRA coverage by enrolling in any health benefit plan offered by your Group. It must also include information about benefits, premiums, payment instructions, and enrollment forms (including instructions on how to continue Cal-COBRA coverage under the new health plan). Your Group is required to send this information to the person's last known address, as provided by the prior health plan. Health Plan is not obligated to provide this information to qualified beneficiaries if your Group fails to provide the notice. These persons will be entitled to Cal-COBRA coverage only for the remainder, if any, of the coverage period prescribed by Cal-COBRA.

USERRA

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal Uniformed Services Employment and Reemployment Rights Act ("USERRA"). You must submit a USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group to find out how to elect USERRA coverage and how much you must pay your Group.

Coverage for a Disabling Condition

If you became Totally Disabled while you were a Member under your Group's *Agreement* with us and while the Subscriber was employed by your Group, and your Group's *Agreement* with us terminates and is not renewed, we will cover Services for your totally disabling condition until the earliest of the following events occurs:

- 12 months have elapsed since your Group's *Agreement* with us terminated
- You are no longer Totally Disabled
- Your Group's *Agreement* with us is replaced by another group health plan without limitation as to the disabling condition

Your coverage will be subject to the terms of this *EOC,* including Cost Share, but we will not cover Services for any condition other than your totally disabling condition.

For Subscribers and adult Dependents, "Totally Disabled" means that, in the judgment of a Medical Group physician, an illness or injury is expected to result in death or has lasted or is expected to last for a continuous period of at least 12 months, and makes the person unable to engage in any employment or occupation, even with training, education, and experience.

For Dependent children, "Totally Disabled" means that, in the judgment of a Medical Group physician, an illness or injury is expected to result in death or has lasted or is expected to last for a continuous period of at least 12 months and the illness or injury makes the child unable to substantially engage in any of the normal activities of children in good health of like age.

To request continuation of coverage for your disabling condition, you must call Member Services within 30 days after your Group's *Agreement* with us terminates.

Continuation of Coverage under an Individual Plan

If you want to remain a Health Plan member when your Group coverage ends, you might be able to enroll in one of our Kaiser Permanente for Individuals and Families plans. The premiums and coverage under our individual plan coverage are different from those under this *EOC*.

If you want your individual plan coverage to be effective when your Group coverage ends, you must submit your application within the special enrollment period for enrolling in an individual plan due to loss of other coverage. Otherwise, you will have to wait until the next annual open enrollment period.

To request an application to enroll directly with us, please go to **buykp.org** or call Member Services. For information about plans that are available through Covered California, see "Covered California" below.

Covered California

U.S. citizens or legal residents of the U.S. can buy health care coverage from Covered California. This is California's health benefit exchange ("the Exchange"). You may apply for help to pay for premiums and copayments but only if you buy coverage through Covered California. This financial assistance may be available if you meet certain income guidelines. To learn more about coverage that is available through Covered California, visit **CoveredCA.com** or call Covered California at **1-800-300-1506** (TTY users call **711**).

Miscellaneous Provisions

Administration of *Agreement*

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of your Group's *Agreement,* including this *EOC*.

Advance Health Care Directives

The California Health Care Decision Law offers several ways for you to control the kind of health care you will receive if you become very ill or unconscious, including the following:

- A *Power of Attorney for Health Care* lets you name someone to make health care decisions for you when you cannot speak for yourself. It also lets you write down your own views on life support and other treatments
- *Individual health care instructions* let you express your wishes about receiving life support and other treatment. You can express these wishes to your doctor and have them documented in your medical chart, or you can put them in writing and have that included in your medical chart

For more information about Advance Health Care Directives, refer to our website at **kp.org**, call Member Services, or contact the California Attorney General's Office.

Amendment of *Agreement*

Your Group's *Agreement* with us will change periodically. If these changes affect this *EOC*, your Group is required to inform you in accord with applicable law and your Group's *Agreement*.

Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this *EOC*.

Assignment

You may not assign this *EOC* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

Attorney and Advocate Fees and Expenses

In any dispute between a Member and Health Plan, the Medical Group, or Kaiser Foundation Hospitals, each party will bear its own fees and expenses, including attorneys' fees, advocates' fees, and other expenses.

Claims Review Authority

We are responsible for determining whether you are entitled to benefits under this *EOC* and we have the discretionary authority to review and evaluate claims that arise under this *EOC*. We conduct this evaluation independently by interpreting the provisions of this *EOC*. We may use medical experts to help us review claims. If coverage under this *EOC* is subject to the Employee Retirement Income Security Act ("ERISA") claims procedure regulation (29 CFR 2560.503-1), then we are a "named claims fiduciary" to review claims under this *EOC*.

EOC Binding on Members

By electing coverage or accepting benefits under this *EOC*, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this *EOC*.

ERISA Notices

This "ERISA Notices" section applies only if your Group's health benefit plan is subject to the Employee Retirement Income Security Act ("ERISA"). We provide these notices to assist ERISA-covered groups in complying with ERISA. Coverage for Services described in these notices is subject to all provisions of this *EOC*.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the birthing person or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the birthing person's or newborn's attending provider, after consulting with the birthing person, from discharging the birthing person or their newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for all stages of reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, prostheses, and treatment of physical complications of the mastectomy, including lymphedemas. These benefits will be provided subject to the same Cost Share applicable to other medical and surgical benefits provided under this plan.

Governing Law

Except as preempted by federal law, this *EOC* will be governed in accord with California law and any provision that is required to be in this *EOC* by state or federal law shall bind Members and Health Plan whether or not set forth in this *EOC*.
