*Body skimming , softness to skin, comfort and breathable support designs.*

*Function and aesthetic combine through this story. Innovation is added in the form of bonding technique for better fit and movement.*

*Bodywear that works with the body, not against it.*

reflects a wider shift across the lingerie and shapewear industry. Brands such as Savage X Fenty, Skims, and Good American (all of which offer sizing up to at least 4XL) have upended an industry long dominated by narrow ideals and restrictive garments. According to research firm Edited, size-inclusive lingerie lines have grown by more than 34 percent globally since 2020, with comfort now a key purchasing driver.
