About

Hummus Republic was established in 2013 by a group of friends who wanted to bring their families' authentic Mediterranean cuisine to busy customers on the go.

Their mission is to provide flavorful, convenient, and primarily plant based meals to the masses; and to create accessibility to healthy, real food. They aim to raise the standard of "fast food." The franchise is passionate about raising awareness and making fresh, real food the new standard because they believe food has the power to build connections and strengthen communities.

In 2015, they partnered with Global Impact Ventures in order to expand and achieve this goal. Hummus Republic is committed to transparency, customers deserve to know where their food comes from and what goes into it. Hummus Republic chooses farms over factories and organic wherever possible to not only make healthy food more accessible; but to protect the health of the planet. They use compostable take out containers, cups and cutlery.

Hummus Republic is dedicated to a diverse and inclusive company culture both locally and nationally. They provide world-class service every single day through cultivating real relationships with patrons and employees. Hummus Republic celebrates life with purpose and passion, delivering healthy food for happy people.

Site Criteria

- +/- 2,000 - 4,000 SF
- Areas of Interest: Plaza Midwood, South End, University City, Ballantyne
- High visibility with ample parking and good access
