The Prodigal [C]

[Overland Missions Music]

Verse 1:

```
Am            F                C                              G
   The day I left I said "I swear I'll find something better out there
Am            F                  C
   But all I found here was the bottom
Am        F           C                  G
   Now I see I was a fool to think that I know better
Am             F               C
   I'm missing home, just being honest
G             F
   I miss my dad, just being honest
```

Chorus 1:

```
C                  F       C     F       C
Oh father do you know my name, know my name
        Am       G
Has it been too long
C                  F       C     F       C
Oh father do you know my name, know my name
      G       C
Am I too far gone
```

Verse 2:

```
Am           F                  C               G
   When you left we kept your place here the dinner table
Am                     F                  C
   Cause when you're back you're gunna need it
Am           F              C                  G
   I've forgiven all the time you've thrown away and wasted
Am                   F              C
   You're still my boy, please believe it
G                F
   I'll always love you, I really mean it
```

Chorus 2:

```
C       F           C     F           C
Oh son please come home, please come home
      Am              G
I'll meet you on the road
C       F           C
Oh son please come home
F            C               G          C
Please come home, you don't have to be alone
```

Verse 3:

```
Am       F                  C                    G
   As I turned down that familiar bend of my childhood road
Am           F                   C
   Couldn't stop my heart from beating
Am           F                  C                 G
   Could I dare to hope you'd take me back and right my wrongs
```

```
Am          F                C
   All my doubts said I was dreaming
G             F                C
   But when I saw you, you were beaming

Chorus 3:
C          F          C
Oh father running my way
F           C          Am         G
Running my way with a ring and a robe
C          F          C
Oh father running my way
F           C          G          C
Running my way with a ring and a robe

Chorus 4:
C           F       C
Oh son you made it home
     F       C         Am      G
You made it home back into my arms
C           F       C
Oh son you made it home
     F       C        G        C
You made it home, my prodigal son
```
