Are you making the most of saving now?

Contributing to the Radiology Partners, Inc. 401(k) Profit Sharing Plan (the "Plan") is a key way to work toward financial independence now and in the future. Social Security benefits can be an important addition to your total retirement income, but even the Social Security Administration recommends not relying only on these benefits for your retirement income.¹

Here are ways that contributing now helps you live life with less worry:

- If you wait to contribute, it could cost you in the long run. Start saving and creating your strategy to help make sure that you won't outlive your retirement savings.
- It's important to pay off loans and debt, but saving for the future is critical too. In fact, if you wait to start contributing to your Plan account, you could be missing out on any additional earnings. It's crucial to try to find the balance to meet your needs both today and in the future. As you start planning how much to save, Schwab Retirement Plan Services has resources and tools to help.
- Furthermore, you have the flexibility to make pre-tax and Roth 401(k) contributions to your Plan account. Depending on your individual tax situation, utilizing different contribution options could offer a strategic tax-planning opportunity. More information on the contribution options available in the Plan will be covered in greater detail in this guide.

Contributing early can make a surprising difference over time.

Can you afford to wait?

Hypothetical examples are for illustrative purposes only and are not intended to represent the past or future performance of any specific investment. Investing involves risk, including loss of principal. The balances shown represent the amount contributed and the earnings compounded annually. The examples assume a hypothetical average rate of return of 6%, reinvestment of dividends and capital gains, and no current taxes paid on earnings in a retirement plan account. Schwab Retirement Plan Services, Inc. does not provide tax or legal advice.

Which investment approach is right for you?

The power of personalization

Personal information, such as your salary, Plan account balance, savings rate, estimated Social Security benefits, and other sources of income, creates a more holistic view of you, your retirement income goals, and your investment style.

To build on this holistic view, the Plan includes the option to have your Plan account professionally managed for a fee. This service will:

- Calculate a retirement income goal and savings rate for you.
- Select the investments for your Plan account from the Plan's available investment options.
- Review your Plan account every 90 days and make adjustments to your investments as your needs change.
- Provide a spending plan if you're age 50 or older to help you make the most of your money in retirement.

Prefer to manage your Plan account yourself? You can still get a personalized recommendation without signing up for the managed account service.

The managed account service, FinanceGPS™, is provided by Creative Planning, LLC and Morningstar Investment Management LLC, both independent registered investment advisers.†

Managed account service fee

The fee for this service is based on your eligible average daily Plan account balance and the number of days you are in the service. Eligible balances exclude Schwab Personal Choice Retirement Account® (PCRA)† and loan balances. The fee is applied to your Plan account on a quarterly basis. For more information, log in to your Plan account at workplace.schwab.com, go to **My Account > History & Statements > Statements & Reports**, and view the latest annual Fee and Investment Notice and any subsequent Change Notices listed in the **Other Account Documents** section. More information about fees and compensation is also detailed in the Morningstar Investment Management, LLC and Creative Planning, LLC Disclosure Brochures (Form ADV Part 2A).

It's easy to get started. Log in to your account at workplace.schwab.com.

Get a diversified portfolio in one fund

If you want the ease of a single investment option and if you can approximate the year you want to retire, you may be a good fit for a target date fund. Investing in a target date fund enables you to direct your contributions into a single fund, from the time you begin to save until you retire. Investment allocations in these professionally managed portfolios become more conservative as the target date nears. Simply choose the fund with the target year closest to your anticipated retirement year, and also consider other factors that are important to you. For example, if you are 45 years old this year and plan to retire when you are 65,

you may want to select the Vanguard Target Retirement Funds 2045 fund or refer to the default mapping to find your birth year and corresponding fund.

Chart your own course

Are you an experienced investor with the time and interest to conduct your own research and decide how to invest? Do you have time to review your decisions at least annually or as your financial situation changes? Then you may be interested in self-directed investing.

Investment options

Radiology Partners, Inc. has chosen an array of investments to give you a diverse range of choices. Log in to the participant website for tools and resources to determine your risk profile and to research the available funds in the Plan. Information is available for each fund in the Plan at **workplace.schwab.com** or by calling **1-800-724-7526**.

Schwab Personal Choice Retirement Account® (PCRA)'

A PCRA is a brokerage account you manage yourself that provides access to more investment choices than are otherwise available in the Plan. To choose PCRA as an investment strategy, you must first enroll in the Plan and then complete a PCRA application at **workplace.schwab.com** under the **Manage Account** tab.

No matter which investment strategy you decide is best suited for you, it is important to re-evaluate it at least annually or whenever you experience a life event, such as marriage, the birth or adoption of a child, divorce or remarriage.

Keeping your options open

You can change your investment elections for future contributions at any time. Please note the changes you make will be effective as soon as administratively feasible. You also can request a transfer from one investment option to another as permitted by the Plan and subject to prospectus requirements.

Take charge of your tomorrow, today.

- Access or sign up for your account as follows:

Visit **workplace.schwab.com** and click **Register Now** to establish your login credentials.

Download the Schwab Workplace Retirement App,* then select **Login & Registration Help > Register Now** to establish your login credentials.

- Decide how much to contribute.
- Choose your investment strategy. Building your plan for tomorrow is in your hands, but we're here to help with professional support and resources along the way.
- Select your beneficiary. Designate someone to receive your Plan account balance in the event of your death.

Should you contribute more?

If you want your contribution rate to grow as your career does, consider signing up for annual savings adjustments.

Note: You may make changes to your contributions anytime. Any changes you make will be effective as soon as they can be processed.

Do you have other retirement accounts?

You may have accumulated several retirement accounts in different places over the years, including 401(k) plans from previous employers. Find out how you may simplify your overall financial situation and explore your options at **workplace.schwab.com**.

Protecting your account

Be sure to keep your financial information confidential. Don't share identifying data—including your account number, login ID, and password—and keep this information in a secure location. Avoid using the same password for multiple accounts, and change your password at least every 6 months. Learn more best practices at **workplace.schwab.com/privacy**.

Get help along the way.

The Plan supports your journey to retirement with a range of financial planning tools and education resources available, including:

- My Retirement Progress™, an interactive tool available online and in the Schwab Workplace Retirement App[®] that helps you review progress toward your savings goal and compare the retirement income you may need with the estimated income you may have, based on your current savings approach^{§§}
- Support that's available when and how you want it—from a library of on-demand videos, webcasts, and articles to assistance services—online, in the Schwab Workplace Retirement App,[®] or by phone
- Easy-to-use tools and resources, including calculators to help you explore the potential impact of savings changes and determine whether you're making the most of employer benefits

Eligibility

You are eligible to participate in the Plan if you are at least 18 years of age. Once you meet the Plan's eligibility requirements, you can enroll beginning on the first day of the following month.

Annual savings adjustments

To make things even easier, the Plan offers savings adjustments to help you increase your savings rate—automatically. Go to **workplace.schwab.com** to enroll in savings adjustments.

Your contributions

Pre-tax

You may contribute up to 75% of your eligible compensation each pay period or a flat dollar amount of your eligible compensation, not to exceed the IRS limit for pre-tax and/or Roth 401(k) contributions. The IRS limits the amount you can contribute in a given year. Your total pre-tax and Roth 401(k) contributions cannot exceed the annual IRS limit. The limits are set annually and can be found at **workplace.schwab.com**.

Roth 401(k)

The Plan allows you to make Roth 401(k) contributions. Your contribution will be withheld on an after-tax basis and may be withdrawn tax-free. Any earnings on Roth 401(k) contributions may be withdrawn tax-free if the distribution occurs at least five years after the year you make your first Roth 401(k) contribution to the Plan and you have reached age 59½ or become disabled. As a reminder, your combined pre-tax and Roth 401(k) contributions cannot exceed Plan contribution limits or the annual IRS limit.

Catch-up

If you will be age 50 or older by December 31, you may be able to make additional catch-up contributions to the Plan. If you will be between ages 60–63 by December 31, you may be eligible to contribute toward a higher catch-up contribution limit. The IRS limits are set annually and can be found at **workplace.schwab.com**. Catch-up contributions may be made on a pre-tax and/or Roth 401(k) basis.

In-plan Roth rollovers

In-plan Roth rollovers let you convert your eligible pre-tax balances to Roth savings within the Plan. What's the potential benefit of converting? The opportunity to earn tax-free***—rather than tax-deferred—growth. What's the tradeoff? You must pay taxes on any money you roll over that has not been taxed before. Specifically, pre-tax balances (including any earnings on them) are taxable in the year they're converted. Talk to a tax advisor for help deciding if an in-plan Roth rollover makes sense for you.

Employer contributions*

Non-safe harbor profit sharing

Radiology Partners, Inc. may make a discretionary profit sharing contribution if you are eligible under the terms of the Plan. To receive profit sharing contributions, you must be at least age 18.

Safe harbor profit sharing

Radiology Partners, Inc. may make a discretionary safe harbor contribution to your account equal to 3% of your compensation if you are eligible under the terms of the Plan. To receive safe harbor contributions, you must be at least age 18.

Vesting

Vesting refers to ownership of your account. You are considered fully vested when you are entitled to 100% of your account upon the termination of your employment.

Your contributions

You are always 100% vested in your own contributions, including any rollovers you make to your account.

Employer contributions, non-safe harbor profit sharing and safe harbor profit sharing

You are immediately fully vested in Radiology Partners, Inc.'s contributions and any earnings from those contributions.

Withdrawals

There are certain restrictions on when money may be withdrawn from your account. You may take money out of your account under some circumstances. You may pay applicable income tax. Penalties may apply. In the event of your death, your vested account balance will be paid to your designated beneficiary or beneficiaries. For more information about your withdrawal options, please refer to the Plan's Summary Plan Description or call **1-800-724-7526**.

Loans

You may also borrow up to a maximum of 50% of your vested account balance or \$50,000, whichever is less. The minimum loan amount is \$1,000. You may have 2 outstanding loans at a time. The maximum term for a general loan is 5 years, and 15 years for a residential loan. Set-up fees may apply. For more information, log in to **workplace.schwab.com**, go to **My Account**, and select **Loan Inquiry**, or call Participant Services at **1-800-724-7526**.

*Your employer may have a maximum contribution rate as well as other restrictions. Employer contributions are paid on a pre-tax basis and may be taxable at withdrawal.

[†]At the direction of the Plan Sponsor or Plan Administrator, Participants may have access to Advisory Services offered by Morningstar Investment Management LLC, a registered investment adviser and subsidiary of Morningstar, Inc., that are intended for citizens or legal residents of the United States or its territories. Advisory Services include retirement savings and investment recommendations ("Recommendations") offered as a point-in-time nondiscretionary service ("Advice") and/or an ongoing discretionary asset management service ("Managed Accounts"). Creative Planning, LLC, an independent registered investment adviser chosen by the Plan Sponsor or Plan Administrator, is solely responsible for the creation of the investment portfolios available to Participants through the Advisory Services. Morningstar Investment Management LLC is solely responsible for assigning Participants to an investment portfolio from those created by Creative Planning, LLC and for other Recommendations provided through the Advisory Services. Creative Planning, LLC and Morningstar Investment Management are not affiliated. The term "personalized advice" refers to personal participant data such as age, salary, and Plan account balance, which will form the basis by which Creative Planning, LLC and Morningstar Investment Management will establish the Participant's retirement Plan account Recommendations. Morningstar Investment Management's Recommendations are formulated based on information provided and are limited to the investment options available under the Plan as selected by the Plan Sponsor, Plan Administrator, or other Plan Fiduciary. For plans that do not include a salary deferral feature, a savings rate recommendation will not be included. **Projections and other information regarding the likelihood of various retirement income and/or investment outcomes are hypothetical in nature, do not reflect actual results, and are not guarantees of future results. ^{§§}The My Retirement Progress™ percentage is calculated by Schwab Retirement Plan Services, Inc. (SRPS), based on estimated monthly income projections in retirement using contributions and investment data and assumptions which include, but are not limited to, current retirement plan balance and contribution rate, planned retirement age and estimated years in retirement, and an estimated retirement income goal which is based on 100% of annual before-tax salary less retirement plan contributions. SRPS then expresses the potential gap a participant may have between the estimated monthly income projections versus the income a participant may need in retirement as a percentage of income replacement. These projections are made available to the participant as part of the retirement plan recordkeeping and related services provided to the Plan by SRPS. **Projections and other information regarding the likelihood of various retirement income and/or investment outcomes are hypothetical in nature, do not reflect actual results, and are not guarantees of future results. Results may vary with each use and over time.** The Peer Comparisons are calculated and based on data from SRPS's record-kept corporate-defined contribution and defined benefit plans. Not all plans may offer Peer Comparison. To obtain more information about how the percentage is calculated or to provide additional information that can impact My Retirement Progress calculations, visit workplace.schwab.com or call 1-800-724-7526.

***Earnings on Roth 401(k) contributions are eligible for tax-free treatment as long as the distribution occurs at least five years after the year you made your first Roth 401(k) contribution and you have reached age 59½, have become disabled, or have died.
