

PDP Plus Network MetLife Preferred Dentist Program

More choices for a healthier smile

With MetLife Dental insurance, you have a network that gives you access to thousands of participating dentists. More choices mean it's easier than ever to get the dental care you need for a happy, healthy smile.

More ways to save

You can choose to go to any dentist, but staying in-network is the best way to lower your costs¹ and make the most of your dental plan. That's because participating dentists have agreed to accept negotiated fees for covered services that are usually **35-50% less than average charges** in the same community.² This can mean more savings¹ for you!

1. Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit a dentist and the cost of services rendered.
2. Based on internal analysis by MetLife. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for certain services, subject to any deductibles, copayments, cost sharing and benefits maximums. Negotiated fees are subject to change. Negotiated fees do not apply to non-covered services in states that prohibit limitations for services not covered under a plan. Participating providers in these states may charge their non-negotiated fees for non-covered services.
3. AXA Assistance USA, Inc. provides dental referral services only. AXA Assistance is not affiliated with MetLife and the services and benefits they provide are separate and apart from the insurance or services provided by MetLife. Referral services are not available in all locations.
