EASY GUIDE

TO UNDERSTANDING YOUR

HIGH DEDUCTIBLE HEALTH PLAN

WITH HEALTH SAVINGS ACCOUNT

vRad®

The plan that gives you more…

The Anthem HDHP HSA 3000 is a high deductible health plan that gives you:

- **More money** in your paycheck from lower monthly premiums
- **More ways to reduce taxes** with a tax-free health savings account (HSA)
- **More flexibility** in how you choose and pay for healthcare services
- **More opportunities** to build long-term healthcare and retirement savings

HDHP at a glance

- Lower monthly contribution than our PPO medical plan
- Higher deductible
- Free in-network preventive care
- Comprehensive medical and prescription drug coverage
- Use tax-free health savings account (HSA) to offset deductible

When you enroll in the HDHP, you get a health savings account (HSA) funded with tax-free contributions from vRad and you.

This is important because with the HDHP you pay for 100% of all medical costs (except preventive care) until you reach the annual deductible.

You can use the money in your HSA for your deductible and any other eligible medical expenses you have throughout the year or any time in the future.

Your HSA balance never expires—there's no "use it or lose it" rule. You keep the account even if you leave the practice, and any balance earns interest.

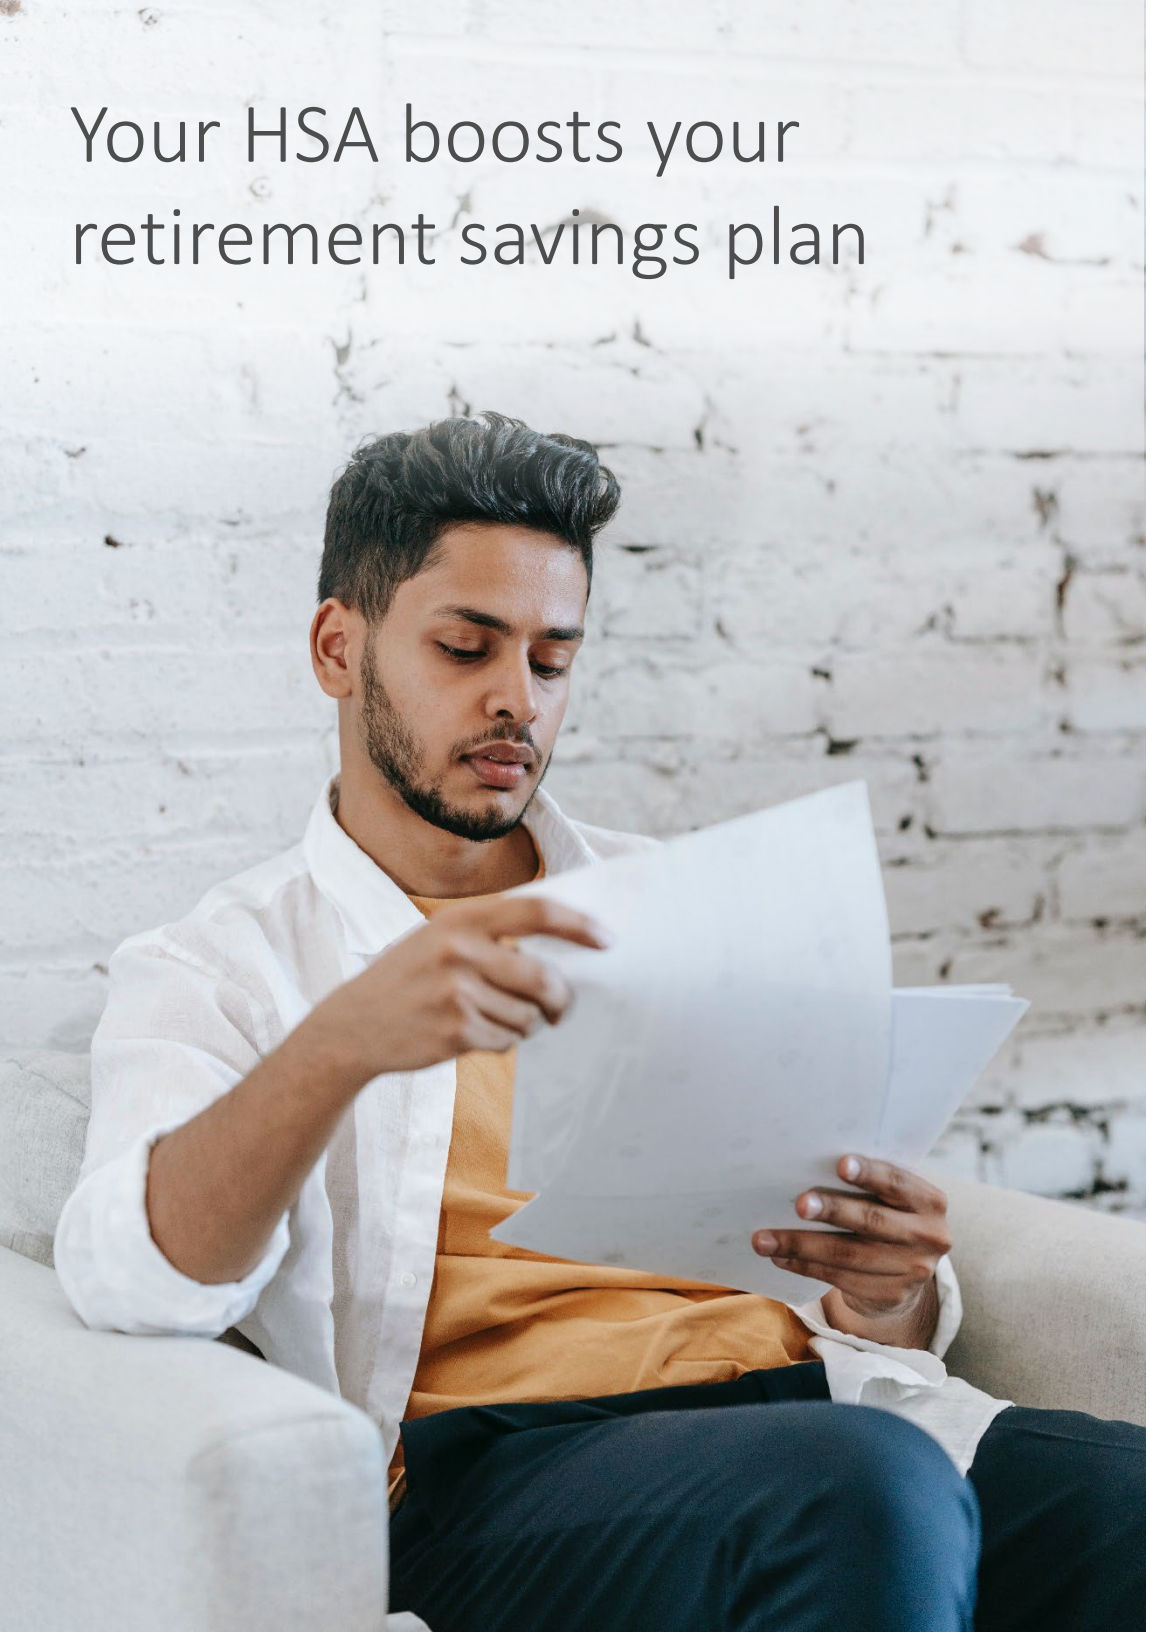

Your HDHP & HSA put you in control of healthcare spending

- Preventive care is a no-brainer. Keep up with your annual checkups without worrying about the cost, since preventive care is fully covered in-network.
- Use your HSA for many different health expenses: regular office visits, prescriptions, lab tests, acupuncture, chiropractic adjustments, even dental care, glasses and contacts.
- You don’t have to spend your HSA. If you’d rather save your HSA for a potential large expense down the road, feel free to pay small medical costs from your bank account. If you change your mind, you can always get reimbursed from your HSA later.
- Your HSA gives you flexibility to visit any doctor, hospital or lab of your choice, even out-of-network providers.
- You can shop around. Healthcare is like any other purchase. If you have the time, it pays to shop around for the best quality and price.

Your HSA helps you save on federal taxes
NO TAX on HSA contributions
NO TAX on eligible HSA withdrawals
NO TAX on HSA interest and earnings

Your HSA boosts your retirement savings plan

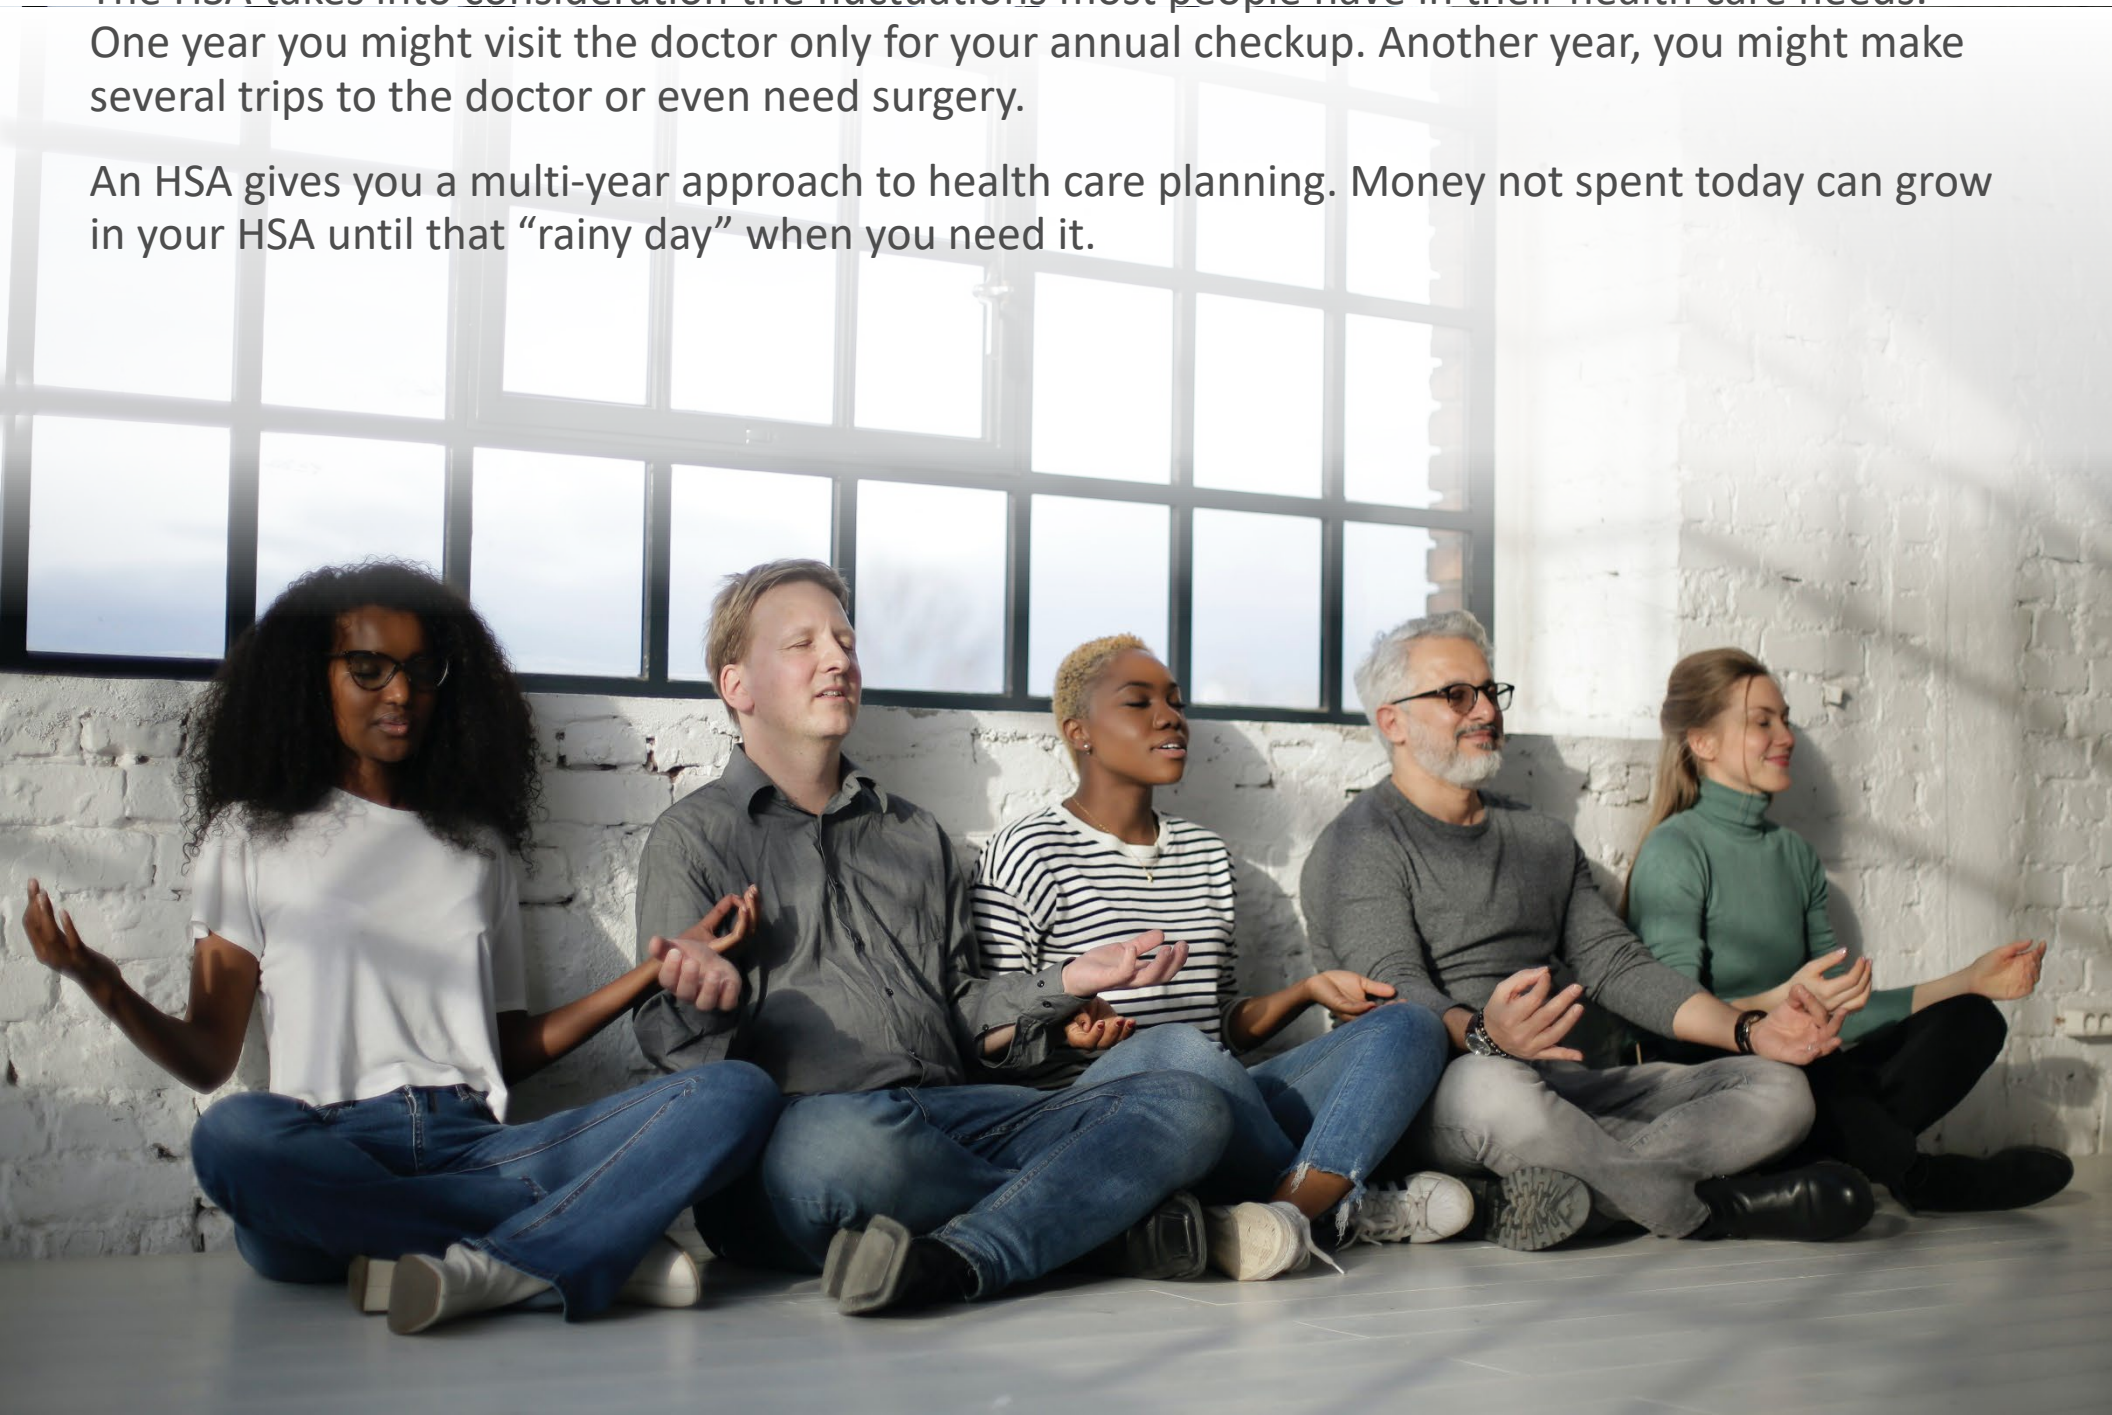

- Your HSA is your long-term health fund. The balance rolls over year after year so you can use it for healthcare expenses 30 days or 30 years from now.
- Your HSA is a smart addition to your retirement savings plan. Your post-retirement healthcare spending will be tax-free when you use your HSA. And after age 65, you can use HSA dollars for non-health expenses too (subject to ordinary income tax).
- You can invest your account balance. After you reach a minimum balance, you can invest your funds, just like a 401(k) or IRA. You have a number of investment options to choose from.

Your annual healthcare needs are unique—just like you

The HSA takes into consideration the fluctuations most people have in their health care needs. One year you might visit the doctor only for your annual checkup. Another year, you might make several trips to the doctor or even need surgery.

An HSA gives you a multi-year approach to health care planning. Money not spent today can grow in your HSA until that “rainy day” when you need it.

HOW MUCH CAN YOU CONTRIBUTE TO AN HSA?

2027

ALLOWABLE HSA CONTRIBUTIONS (PER YEAR)

	Teammate Coverage	Family Coverage
vRad Contribution	$750	$1,500
+		
Your Pre-Tax Contributions	$3,750	$7,500
=		
IRS Annual Maximum	$4,500	$9,000

In addition to the vRad contribution, you can contribute money to your HSA, up to the total annual amount allowed by the IRS. If you're 55 or older, you can contribute $1,000 more each year.

Plan Highlights

Anthem HDHP HSA 3000

Preventive Care	PLAN PAYS 100% (In-network)
Before Meeting Deductible	YOU PAY 100% ($3,000 Teammate Only / $6,000 Family) *Deductible for any one individual enrolled in family coverage is $3,500*
After Meeting Deductible	YOU PAY 20% / PLAN PAYS 80%
After Meeting Out-of-Pocket Max	PLAN PAYS 100% (After $5,000 Teammate Only / $10,000 Family) *OOP Max for any one individual enrolled in family coverage is $5,000*

Your Cost

You can save a significant amount on premiums when you enroll in the HDHP HSA 3000 plan compared to our PPO 750 medical plan. We encourage you to compare the premium contribution rates of each plan to see how much you could save by enrolling in an HDHP.

Upon enrolling in the HDHP HSA 3000, you may choose to contribute a portion of your premium savings into your HSA. This allows you to save money tax-free for qualified healthcare expenses, helping to offset out-of-pocket costs and fosters long-term financial planning by enabling you to build a nest egg for future healthcare needs.

Can we talk about the **ELEPHANT** in the room?

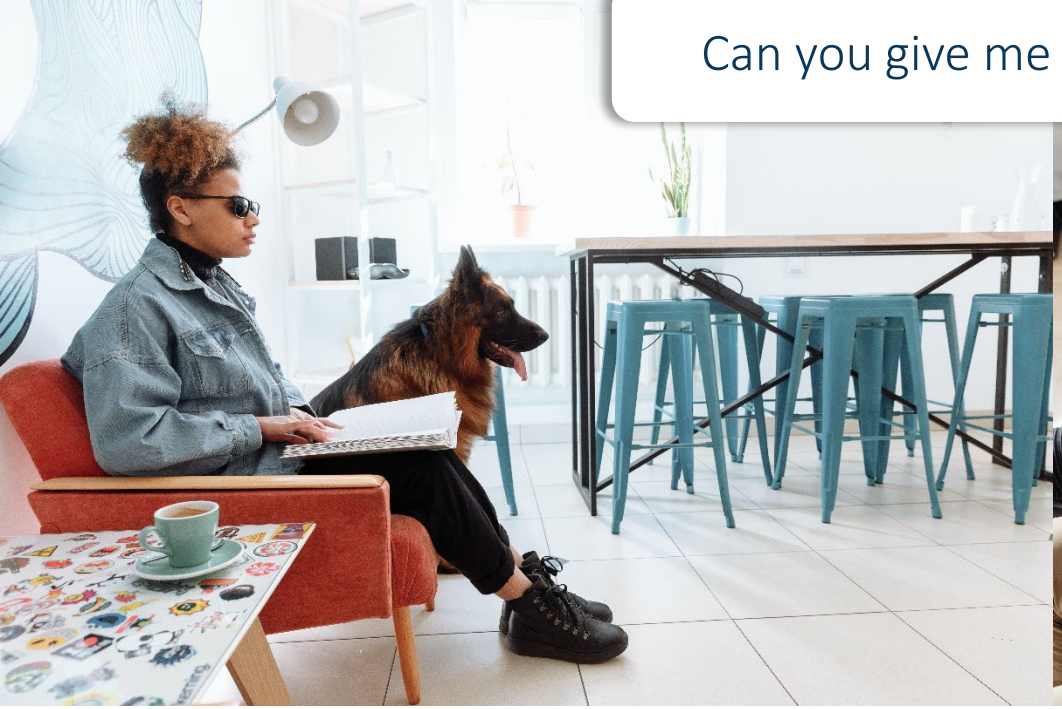

It all comes back to the HSA

At first, many people have deductible "sticker shock," but many features of the HDHP partially or completely offset your deductible and other healthcare costs:

- You pay less in premiums, allowing you to use the money you save for other things, including funding your HSA.
- vRad helps you cover your deductible with contributions to your HSA.
- The IRS sets a generous annual limit on how much you can contribute to your HSA.
- You get significant tax benefits. HSA contributions, withdrawals and earnings are free from federal tax. (A few states tax HSA contributions or earnings.)
- Your HSA balance rolls over every year. What you don't spend continues to grow, with interest.

Can you give me some examples?

Candace: Healthy Single Woman

Candace's costs were very low throughout the year. She had her annual checkup (fully covered), and she got an ankle brace after a minor sprain. She did not meet her deductible.

	$750	HSA deposits from vRad
+	$1,000	Candace's HSA contributions
=	$1,750	Total HSA Deposits
-	$500	Urgent care and ankle brace
=	$1,250	HSA balance rolls over to next year

Seth: Family Man

Seth covers his whole family. They visited the doctor often because life happens! Even though his family's expenses were higher, he did not meet his deductible.

	$1,500	HSA deposits from vRad
+	$5,500	Seth's HSA contributions
=	$7,000	Total HSA Deposits
-	$2,400	Sniffles, sneezes & fevers
=	$4,600	HSA balance rolls over to next year

Andre: A Little Too Sick at the Skate Park

Andre usually nails a kick flip, but this weekend he wiped out hard. His knee surgery exceeded his deductible. Here's how his health plan benefits (teammate-only coverage) and HSA worked together to cover his costs.

HDHP Plan Benefits

	$3,000	Andre's in-network deductible
+	$1,200	Andre's additional coinsurance costs
=	$4,200	Andre's total out-of-pocket
+	$4,800	Covered by insurance
=	**$9,000**	**Total knee surgery cost**

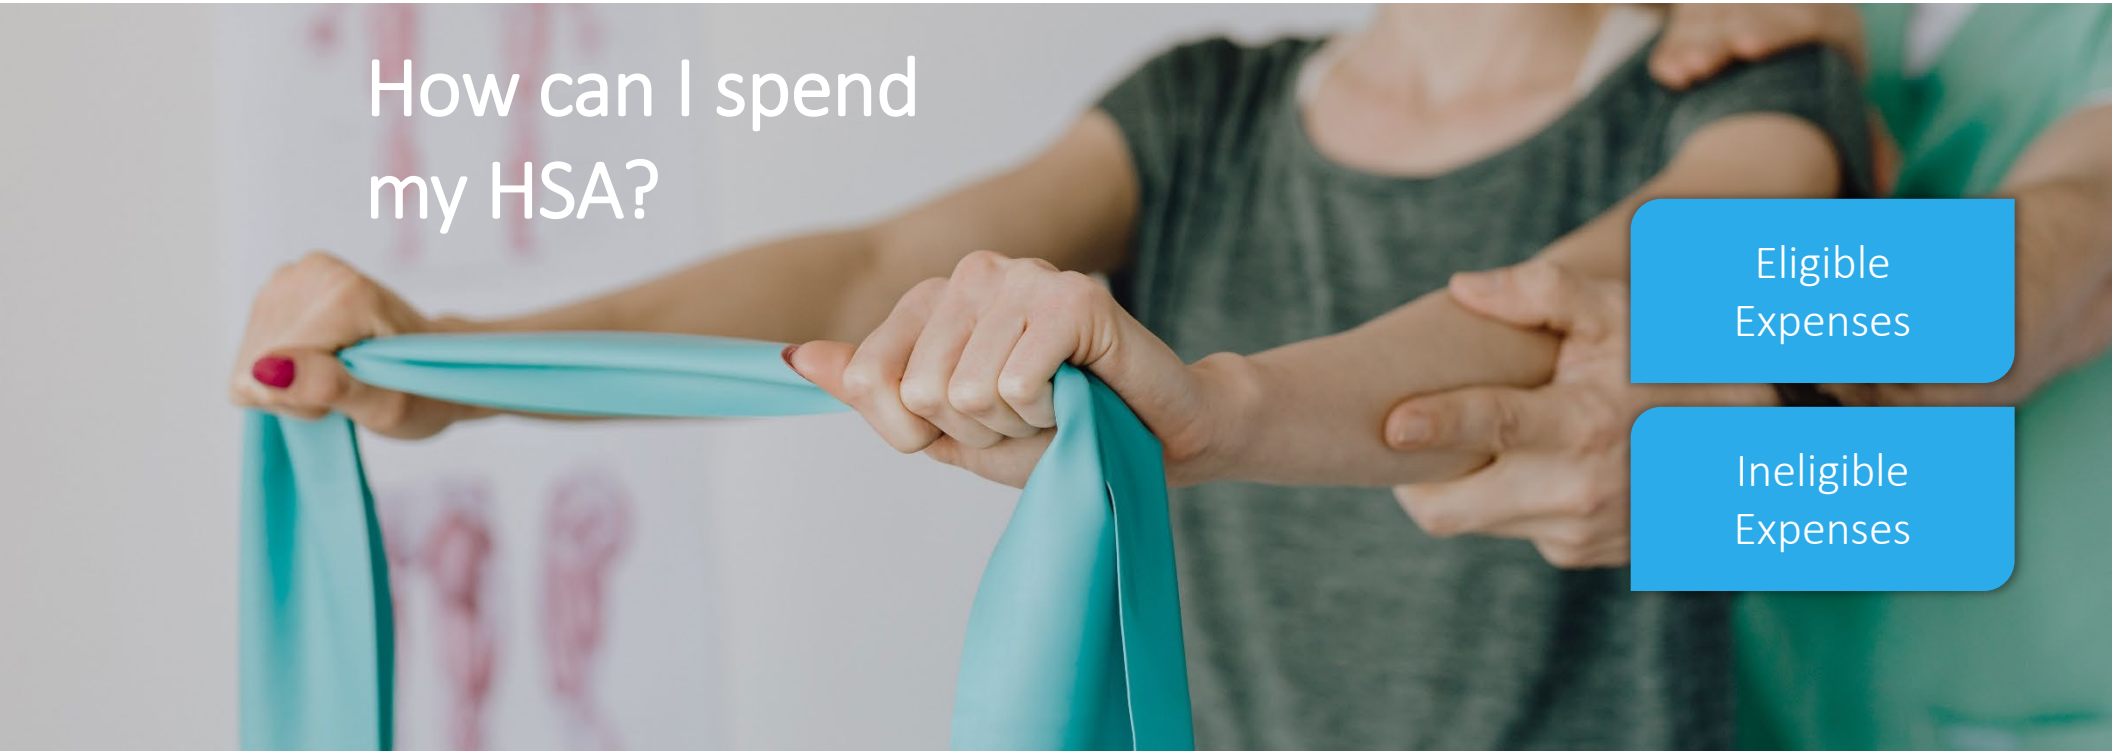

HSA Usage

	$750	HSA deposits from vRad
+	$3,750	Andre's HSA contributions
=	$4,500	Total HSA Deposits
-	$4,200	Paid for medical costs
=	**$300**	**HSA balance rolls over to next year**

HSA Eligibility Rules

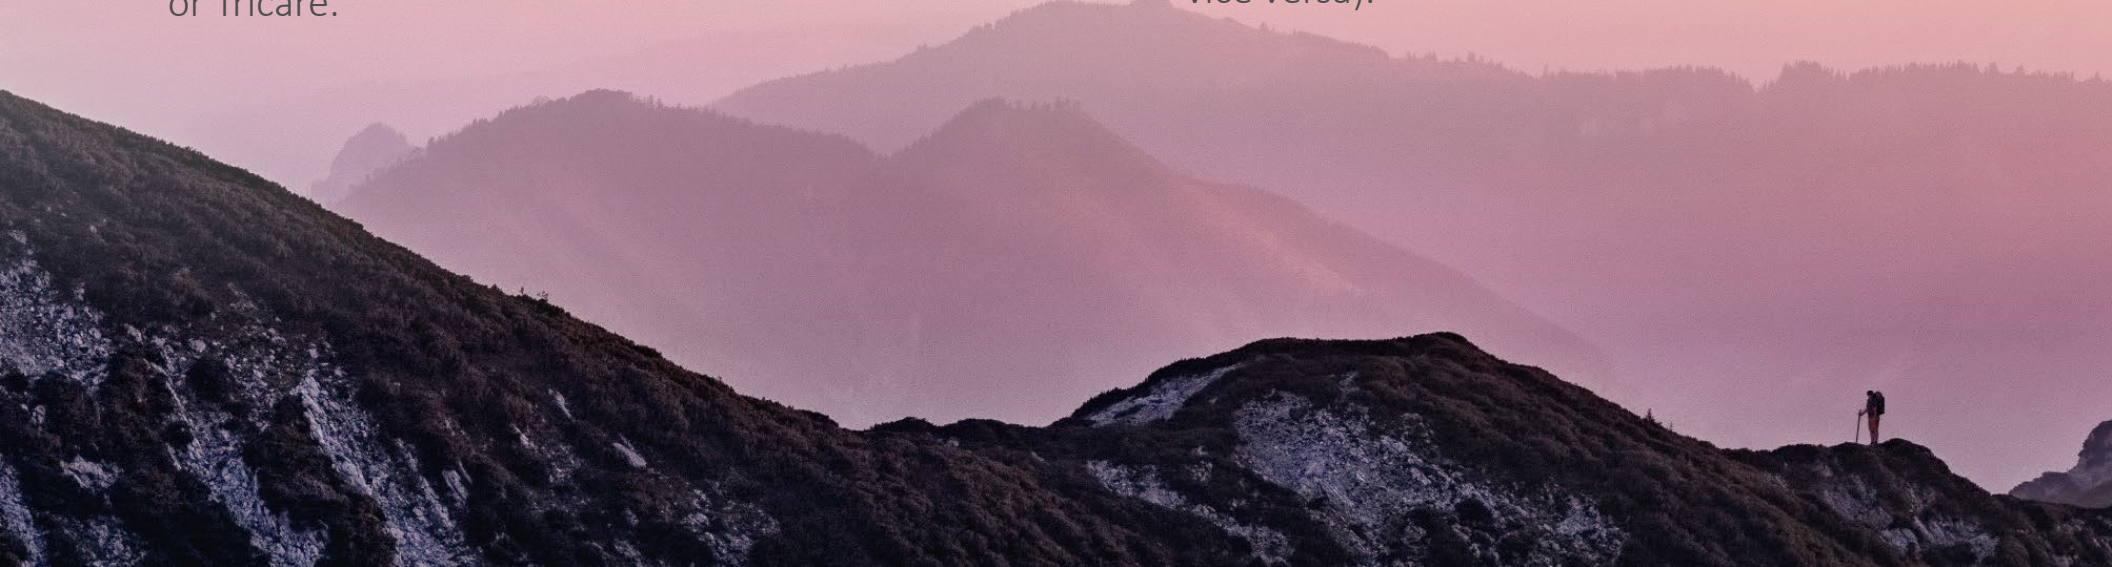

For You

To be eligible to make deposits to an HSA:

- You must currently be enrolled in an HDHP.
- You may not be enrolled in any other non-HDHP health coverage, except for accident, disability, dental or vision, or long term care coverage.
- You may not have a general purpose flexible spending account (FSA) or be eligible to use one (such as a spouse's FSA). Limited purpose FSAs, which cover dental and vision expenses only, are allowed.
- You cannot be claimed as a dependent on another person's tax return.
- You may not be enrolled in Medicare, Medicaid or Tricare.

For Your Adult Dependents

- Your HSA may be used to pay for eligible expenses for you and for your legal tax dependents (people listed on your federal income tax return).
- While you can cover dependent children on your health plan up to age 26, this does not extend to HSA spending. When your adult child is no longer a tax dependent, any HSA distributions for the child would be subject to taxes and penalties.
- If you cover your Domestic Partner on the HDHP, you may each set up an HSA and contribute the full family amount (assuming you are HSA-eligible). However, you may not use your HSA for your partner's expenses (and vice versa).
