BEAR SAFETY

FORKLIFT HALO

Specification	Details
LED Power	10 W
LED Type	Cree LED
Operating Voltage	10–80 V DC
Luminous Output	120 lumens (Red)
LED Colour	Red
Beam Type	Spot beam
Ingress Protection	IP67
Housing Material	Die-cast aluminium alloy
Dimensions	23 × 5.5 × 6 cm
LED Lifetime	Up to 30,000 hours
Available Variants	Curved rear / Straight rear

The **Bear Safety Forklift Halo** is an LED safety lighting system designed to improve visibility around moving vehicles. It projects a clearly defined light perimeter on the ground, creating a visual awareness zone that helps pedestrians and operators maintain safer distances.

Suitable for a range of industrial environments, the system supports safer movement around forklifts and mobile equipment, particularly in busy or confined operational areas.
