

1460 KW MWM (CAT-OWNED) TCG 202 16K GENERATOR

Specs:

1460 KW	✓
MWM (Caterpillar)	✓
New Unit, Used Price	✓
Includes Gear	✓

Perfect for Data Centers, Crypto Mining, and Electric Frac Pump Fleets

This state-of-the-art natural gas generator is ideal for demanding applications, including powering data centers, cryptocurrency mining operations, and electric frac pump fleets. Built with MWM (a Caterpillar-owned brand) reliability, this generator is designed for efficiency and versatility.

Key Features:

- Power Output: 1460 KW
- Fuel Type: Natural Gas and Biogas (compatible with landfill and sewage gas)
- Voltage: 4160V (option for 480V CAT gen end switch available)
- Condition: Brand new, 0 hours of use
- Included: Switchgear and radiator

This brand-new generator offers unmatched value and adaptability, delivering MWM's renowned durability and performance. Whether for industrial applications or modern data operations, it's a rare opportunity to secure a zero-hour unit at a price typically associated with 10-year-old models. Ready for immediate deployment, it's a reliable, efficient solution for any high-demand environment.
