

CERTIFICATE #15726 - 08/26/2026

THE BONNEVILLE ENVIRONMENTAL FOUNDATION (BEF) HONORS

Clean My Robot LLC on behalf of retail customers April 2026

For restoring water to critically dewatered rivers and streams by purchasing Water Restoration Certificates® (WRCs) from BEF. Your purchase, combined with that of other BEF partners, helps restore the ecological, recreational and economic health of critical freshwater ecosystems.

All WRC projects are certified by a qualified third party against a strict set of criteria to ensure flow is restored to the environment in locations and at a time that will have optimum environmental benefit. For more information regarding our WRC supply sources, visit: b-e-f.org/water-portfolio.

Todd Reeve | BEF CEO

OR, THE EQUIVALENT WATER IN

5,000

STANDARD FIVE-GALLON WATER COOLER
CONTAINERS

At BEF, we believe addressing the current state of our planet requires innovation, creative problem solving and discovering new ways of doing business that value the natural resources we depend on. Through a full suite of innovative energy, carbon and water solutions we are helping our partners—from the farmer to the corporation—redefine how business gets done. We help our partners meaningfully balance their environmental impact, invest in clean energy and carbon reduction, educate the next generation of clean energy leaders, and effectively and sustainably restore the health of our freshwater resources. Learn more at: www.b-e-f.org.

HERE ARE THE DETAILS OF YOUR WATER RESTORATION CERTIFICATES® ORDER:

Jordan River Flow Restoration

The Jordan River Flow Restoration project focuses on Environmental Water Transactions (EWTs), as an important conservation tool for restoring and maintaining flow in the Jordan River to Farmington Bay of Great Salt Lake in Utah. Water transaction efforts in this section of the Jordan River are year-round industrial and municipal water rights. Third party verification by Watercourse Engineering.
