Tradewater

Carbon Offset Certificate

This carbon offset certificate is proudly presented to:

Clean My Robot

for the reduction of 4.76 metric tons of CO_2e emissions

This certificate confirms the permanent retirement of 19.05 carbon credits by Tradewater. Credits were issued by the American Credit Registry (ACR) following a rigorous project registration process used to ensure the originating offset project contributes to real and additional emission reductions.

These credits support Tradewater's global effort in preventing the risk of the most potent greenhouse gases from entering into the atmosphere and accelerating global warming.

Originating carbon offset project: ACR 894
Vintage: 2023
Project type: Orphaned Oil and Gas Wells
Project state: Indiana

The issuance and ownership of these ACR Credits have been tracked on the ACR using unique serial numbers to prevent double counting and double selling. The retirement of these Credits on the ACR is permanent, and the retired Credits cannot be held, transferred or retired by any other party.
