President's Welcome

Dear Anglers and Guardians,

Welcome to Osceola Anglers!

We are excited to welcome you to Osceola Anglers and our growing community of dedicated student anglers. Based in Osceola County, Florida, our high school fishing club is proud to be part of a sport that continues to gain popularity among youth nationwide. Competitive bass fishing is more than a hobby—it can open doors to scholarships, national recognition, and lifelong skills.

Because of the commitment of our volunteers, sponsors, and anglers, Osceola Anglers has grown significantly. With your support, we have sent teams to the High School Fishing World Finals and National Championship and offered scholarship opportunities that help our anglers pursue higher education.

As President and CEO, my mission is to strengthen the club's foundation so it supports competitive achievement, leadership, character, and community service. Through fishing, we help prepare the next generation of community leaders while promoting respect, teamwork, and environmental stewardship.

We are also proud to give back. Our members have supported causes such as childhood cancer, families of fallen officers, breast cancer research, and local law enforcement. We have participated in community events including the County Fair and Rodeo, Spring Fling, and Student Angling for Success, and we partner with the Florida Fish and Wildlife Conservation Commission on conservation and scientific research efforts.

We encourage every new member and family to get involved, whether by competing on the water or supporting the club behind the scenes. If you love fishing, want to learn, and are eager to make a difference, you are in the right place.

The strength of Osceola Anglers comes from its members. Thank you for being part of something special—we look forward to a successful and exciting season ahead!

Tight lines,

Lamar Chisholm

About Us

Most importantly, our goal is to have fun and catch lots of fish.

We will stress the importance of “catch and release” and guide our members accordingly in the conservation of our aquatic and natural resources. We will strive to develop life and leadership skills while fulfilling all the responsibilities owed to our community and state enhancing one’s skills in the further development of youth competitive and recreational fishing. Tournament Rules

The following rules are designed to promote sportsmanship among the anglers and to provide a fair competition. Failure to comply with any rules may result in a weight penalty or disqualification from any tournament.

For the safety of all participants, one - (2) two-person team of contestants will be in each boat, with one volunteer boat captain, three people to a boat **NO EXCEPTIONS**.

Pursuant to federal law guidelines under the Safe Sport Authorization Act of 2017, there **MUST** be three people to a boat at all times. No exceptions. No angler may register or plan to fish alone. In the case of a verifiable, unplanned emergency, where one partner is unable to attend and no time is left to find another partner, only then may a tournament official, at their sole discretion, allow an observer in the boat in place of a fishing partner. The observer may not fish.

Osceola Anglers follows the similar regulations and standards as MLF.SAF and TBF Student Angler Federation and is as follows.

Inclement Weather Plan

In the event of unfavorable weather on the day of the event, the event will continue as scheduled during rain only. In the event of lightning or thunder, all boats will be secured, and participants asked to return to the nearest safest location. It is a group responsibility of the club President/CEO, Adult Captain Advisor, Adult Tournament Advisor, and the Adult Rules and Safety Advisor to determine whether the event should be called or wait until the weather clears. If the event is called, the winning weights will be determined by the fish that

were caught up until that point in the day. Cancelling the event may occur if unforeseen dangerous natural events or unexpected problems occur that may impede the tournament.

Practice Periods and Competition

There is no practice period or off-limits period. You may be on tournament waters anytime until the start of the tournament. Testing equipment on tournament waters is permitted prior to the tournament. Once competition is under way, anglers and captains may not solicit and/or receive information about locating or catching fish on tournament waters from anyone except anglers and captains confirmed in the tournament and through publicly available sources. On competition day, teams may not follow a non-contestant's boat or participate in the placing of markers by non-contestants or the practice of "hole sitting" by anyone. Violation of this rule may result in disqualification.

Boat Order

Drawing for boat order will be made at the meeting most prior to the tournament and Captains will be notified by a member of the captains committee.

Launch and Return Times

There shall be an official checkpoint for checkout in the morning and check-in in the afternoon and this point shall be designated at the tournament site (boat order chips). At the time of check-out all anglers and captains and their boats shall be in full conformance with all Safety and Tournament rules set forth by Osceola Anglers; at check-in all boats shall identify themselves and proceed immediately to the designated weigh-in area. All anglers must have their boat number chip back on the board at their assigned weigh in time. EXAMPLE: If you have a 1:00 PM weigh in time, your boat number chip must be on the board by 1:00 PM. Late penalties will be assessed at one pound per minute. After 15 minutes, a disqualification will be enacted. Partners must stay together, through check-in and weigh-in, until weigh-in slips have been issued. **YOU MUST CHECK-IN EVEN IF YOU DO NOT HAVE ANY FISH.**

Do not begin loading your boat until the weigh-ins are complete. Loading boats early is discouraged, as it interferes with sound and recording quality for live videos and detracts from the experience by preventing anglers from supporting their fellow competitors during weigh-ins. Be considerate, stay and participate until all weigh-ins are finished before loading your boat.

Bass Limit

There is a five-bass limit per team for each tournament, no size limit. One - (2) two-person team of anglers will be in each boat, with one boat captain. For the safety of all participants, boat must have three (3) persons on boat during tournament days. You may not cull a dead fish, regardless of size, and must be brought into weigh in. An angler must not allow any bass not legally caught by their team to be counted in their weight. In such cases, both anglers and the boat captain will be disqualified from this and all future Osceola Angler tournaments/events.

Tackle and Equipment/ Fishing Methods

Osceola Anglers follows the similar sportsman standards as MLF/SAF and TBF Student Angler Federation and is as follows...

Fishing is defined as having a lure attached to a line and a rod and reel with the lure in the water. All bass must be caught alive in a conventional sporting manner by the student angler. Only artificial lures may be used. No "live bait" or prepared bait will be permitted, with the exception of pork strips, rinds, etc. Only ONE fishing (casting, spin casting, or spinning) rod per contestant may be used at a time, all other types prohibited. All bass must be caught alive and in a conventional sporting manner. All bass caught while sight fishing must be hooked inside the mouth and immediately shown to your coach for verification. Anyone guilty of snatching or snagging visible fish will have their day's catch disqualified. Gaffs may not be used to boat bass nor be permitted in the boat at any time. The use of grippers in landing bass is prohibited. Dip nets will be allowed. Trolling (defined as operating the combustion engine or trolling motor to extend a cast or lengthen a retrieve) as a method of fishing is strictly prohibited. Always follow FWC Rules & Regulations.

Fishing Locations

Tournament waters shall be established by Osceola Anglers for each event. Any water within these boundaries posted Off-Limits or No Fishing by state or federal agencies will be OFF-LIMITS. In addition, any live bass-release area established by Osceola Anglers will be OFF-LIMITS. Only that water open to ALL public fishing will be considered tournament waters. All angling must be done from the boat.

Anglers and boat captain must not depart the boat to land fish or to make the boat more accessible to fishing waters. Boats must remain in tournament waters during tournament days. Anglers and captain must leave and return to official checkpoint by boat. Anglers and captain must remain in boat at all times except in case of dire emergency. **In case of an emergency, call 911.** In such an emergency, anglers may be removed from their boat to A BOAT OPERATED BY OTHER COMPETITORS OR A RESCUE BOAT so designated by the Club President/CEO. Partners must remain together at all times, in sight of each other and each other's catch under the conditions cited above, in order for their catch of that day to be counted. The momentary condition of being out of sight of each other for a restroom break is permitted, however ALL FISHING MUST CEASE, until partners are back together. If an angler must violate any of the above conditions (to use a phone to report an emergency or breakdown), both anglers must cease fishing at this point. If after the emergency situation is resolved and enough time is left to resume fishing, a RESTART will be allowed, and the anglers will continue, and their catch will be counted. This applies only to dire emergencies.

Dress Code

Osceola Anglers are required to wear an official jersey during all tournaments, weigh-ins, and events. Jerseys are purchased at the beginning of the fishing season. The size of shirts and pants must be appropriate to the student's body size and not oversized or undersized. Regardless of gender, all participants must keep their top on. Jerseys must be worn on stage.

Every effort will be made by Osceola Anglers to help those students who are not able to provide their own boat and adult boat captain. However, there are no guarantees. Boat Captains will drive boats for their teams. The boat captain has sole discretion to veto any selected location for safety reasons.

Boat Captains are there to act as mentors, coaches, and observers. They may assist the Student Anglers in a manner as to coach or mentor them only. They may suggest fishing areas or techniques, baits, etc., but the final decision, as long as safety is not a factor, on where to fish or fishing methods will rest with the student anglers. The boat captains MAY NOT cast lines or lures, set the hook, or play fish to the boat for the tournament angler on tournament competition days. They may operate the dip net if they so choose. Boat Captains will have complete control of the boat and outboard engine at all times. The student anglers may not drive the boat, except for loading and unloading and in case of an emergency. Student anglers may run the trolling motor; however, the Boat Captain has the right to take control of the trolling motor at any time if safety or equipment is at risk. Boat captains are subject to the same rules as the anglers, and penalties if any can be applied to the team in your boat. Boat Captains are subject to background checks. A completed entry form and event wavier must also be submitted for each boat captain. Boat captains are allowed to fish in an Osceola Anglers tournament and bring in one legal fish to weigh-in but remember to not take away at all from the kids fishing.

Captains are not allowed to fish non-Osceola Angler tournaments (SAF, TBF, BASS, etc.) Boat Captains\Coaches will serve as "officials" in the event and will not be allowed to fish on actual tournament days. Please refer to each organization for complete, up to date, rules and regulations.

By signing the entry form, each contestant agrees to submit his/her boat and/or motor to an inspection by tournament officials or manufacturers personnel. Falsifying information on entry forms or altering the horsepower numbers on the motor or rating plate will be cause for disqualification from the tournament and may result in ineligibility to compete in future

Osceola Angler sanctioned tournaments/events. Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition. Fuel may be carried only in factory-installed and or recommended fuel tanks.

All persons in a tournament boat shall remain seated in a recommended on-plane seating location when the combustion engine is running. Sitting on pedestal seats while the combustion engine is in operation is not permitted. Safe boat conduct must be observed at all times by tournament contenders, observers, and boat captains. Osceola Anglers has the right to delay, shorten, or cancel the start of an official tournament day because of bad weather or other factors that would endanger the safety of the anglers and participants. Tournament waters may also be restricted at any time because of bad weather. Osceola Anglers reserves the right to impose speed limits on any or all tournaments. Whether or not to impose a speed limit, the area covered by the speed limit and/or the actual speed limit imposed shall be left exclusively to the discretion of the Club President/CEO.

In addition, it must have a functional bilge pump and livewell space, properly aerated, to adequately maintain a live a limit catch of bass by both anglers using the boat. Osceola Anglers recommends the use of livewell additive to promote a healthy release of all fish to their natural habitat. Further Osceola Anglers recommends the use of ICE to cool livewell water and improve oxygen levels during summer months. Leave your aerators on recirculate and running. Osceola Anglers shall have the sole responsibility for determining whether aeration and capacity is proper and adequate.

If you are experiencing live well issues during a tournament, please contact the tournament committee advisor immediately.

Boat Checks at Tournaments

Point System

The committee will discuss each category and make sure it is fair to the club. Points may change every year.

Day of Tournament

- 1 pound per minute late (15 minutes is a disqualification)
- 1 pound for each dead fish
- = Sum of above

Tournament ties are decided first by fish count then by coin toss. Any team not present for coin toss forfeits and receives the lesser placement points.

Leaving a tournament will result in no attendance points.

End of the Year Points Tie

Ties are decided by which team has participated in more club events that particular year. If there is still a tie, then a coin toss will be done.
