

# THE ANTARES 7 FISHING

# THE ANTARES 7 FISHING

The Antares 7 Fishing is a sport-focused variation of the popular Antares 7 line, designed specifically for anglers who want a compact boat that offers both performance and comfort. With its sleek design and seaworthy hull, it delivers stable handling in varied conditions while remaining easy to operate. Built for versatility, it balances practical fishing features with thoughtful onboard amenities, making it an ideal choice for both short coastal outings and longer weekend trips.

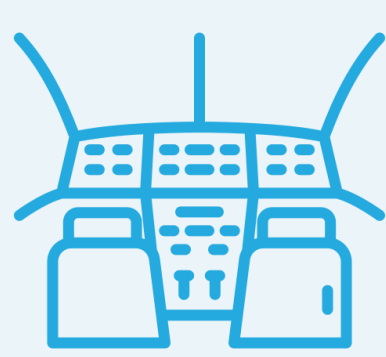

The cockpit is intelligently adapted for fishing, with rod holders, a live bait well, and dedicated storage for gear, ensuring that everything you need is within easy reach. Wide side decks and a protective freeboard enhance safety while moving around the boat, especially when landing or fighting a catch. The aft bench can be repositioned or folded away, creating more space when needed or converting back to a relaxation area when the rods are put away.

Inside, the Antares 7 Fishing offers the same comfort and smart design as the Cruise version. Large windows brighten the saloon, while a compact galley and convertible dinette make onboard living simple and functional. A forward cabin provides rest or overnight accommodations, allowing trips to extend beyond a single day.

Compact, agile, and efficient, the Antares 7 Fishing is the perfect companion for anglers who want to combine adventure, relaxation, and performance on the water.

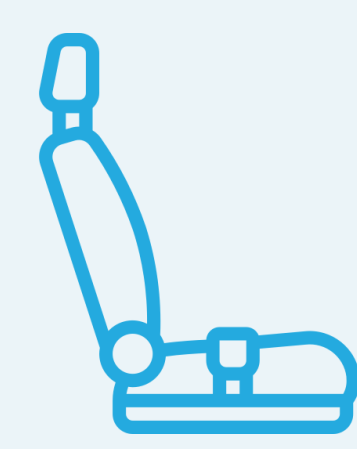

# FEATURES

## VAST U-SHAPED COCKPIT

The cockpit can comfortably seat up to 5 people.
