

Semi-Perma & Advanced Skin Care Master Congress 2025

HANOI, VIETNAM | 18 – 20 NOVEMBER 2025

International Medical Competency Accreditation Council (IMCAC)

Mumbai, MH India

DAY: 1 | 18 NOVEMBER 2025

Level 5 Advanced Aesthetic Skin Care Congress

Time: 8:00 am to 5:00 pm

Overview

The Level 5 Advanced Aesthetic Skin Care Congress is an exclusive international gathering of elite aesthetic professionals, researchers, trainers, and industry leaders.

This congress blends:

- Scientific sessions (evidence-based lectures & innovations)
- Practical workshops & live demos (hands-on training)
- Skin nutrition & integrative approaches
- Panel discussions, case studies & networking opportunities

It is designed to shape the future of advanced skin care practices worldwide.

Congress Agenda

Scientific & Innovation Sessions

- Stem Cells, Exosomes & Skin Regeneration
- Epigenetics and Anti-Aging Breakthroughs
- Nanotechnology & AI in Skin Analysis
- Nutritional Dermatology & Nutraceuticals

Clinical & Advanced Protocols

- Complex Pigmentation & Resistant Melasma Protocols
- Multi-Modality Scar Management
- Synergy of Lasers, RF & HIFU with Medical Skincare
- Regenerative Injectables & Advanced Topical Integration

Demonstration

- **Advanced Microneedling with Exosomes/Stem Cells**
- **Combination Therapy Protocols (peels + devices + regenerative serums)**
- **Personalized Skin Nutrition & Skincare Planning**
- **Complication Management in Complex Cases**

Panel Discussions & Networking

- **Expert Roundtable: The Future of Skin Regeneration**
- **Business & Branding: Becoming a Skin Regeneration Specialist**
- **Industry Showcase: Cosmeceuticals, Devices & Innovations**
- **Global Networking: Connecting Trainers, Practitioners & Academies**

Who Should Attend?

- **Licensed/Certified Aestheticians & Cosmetologists (advanced-level)**
- **Skin Care Academy Owners & Trainers**
- **Senior Skin Specialists & Therapists with Level 4 or equivalent training**

- **Wellness & Spa Professionals working with advanced protocols**

Certification

All participants will receive:

“Congress Certificate – Level 5 Advanced Aesthetic Skin Care”

Why Attend?

- **Be part of an elite global platform for advanced skin care**
- **Gain access to research-driven knowledge & innovation**
- **Experience hands-on workshops with live demonstrations**
- **Network with international trainers, practitioners & industry leaders**
- **Earn a prestigious Congress Certificate with Level 5 recognition**

DAY: 2 | 19 NOVEMBER 2025

Advanced Level Semi-Permanent Make-Up (SPMU) Agenda

Time: 8:30 am to 5:00 pm

Overview:

This advanced-level program is designed for experienced SPMU artists and aesthetic practitioners who want to refine their skills, master advanced correction techniques, and expand into specialized areas of semi-permanent make-up.

Theoretical & Scientific Updates

- **Advanced Skin Anatomy & Pigment Retention**
 - Understanding skin layers & pigment migration
 - Long-term color stability & fading patterns
- **Advanced Pigmentology**
 - Color theory at advanced level
 - Corrective pigment selection & neutralization techniques
 - Dealing with difficult skin tones & undertones
- **Device & Needle Mastery**
 - Nano vs. micro needles for different effects
 - Machine calibration & stroke perfection
- **Safety & Compliance**
 - Cross-contamination prevention
 - Advanced complication management (allergies, granulomas, scarring)

Brows – Advanced Techniques

- **Combination Brows (Microblading + Shading + Nano strokes)**
- **Hyper-realistic hairstrokes for resistant skin types**
- **Correction of asymmetry & faded brows**
- **Advanced brow correction/removal techniques (laser & saline)**

Eyeliner – Advanced Applications

- Stardust & Shaded Eyeliner Techniques
- Winged eyeliner vs. lash enhancement – advanced cases
- Pigment migration prevention around the eye area

Lips – Advanced Protocols

- Full lip blush with 3D effects
- Dark lip neutralization (Fitzpatrick IV–VI)
- Color correction for healed lips
- Avoiding pigment migration outside vermilion border

Specialized SPMU Applications

- Scalp Micropigmentation (SMP): Advanced blending & density techniques
- Areola & Medical Tattooing: Post-surgical reconstruction artistry
- Camouflage Tattooing: Stretch marks, vitiligo & scar concealment

Hands-On Training & Demonstrations

- Live demo: Combination brows with shading & nano strokes
- Live demo: Lip blush correction and neutralization
- Live demo: Advanced eyeliner techniques (on models/skins)
- Case-based workshop: Correction & removal protocols

***Hands-On Training: Latex skin available in the classroom, Students need to carry their own PMU kit.**

Business & Innovation Module

- Branding yourself as an Advanced SPMU Artist
- Building a high-value clientele with advanced services

Closing, Q&A and case discussion

DAY: 3 | 20 NOVEMBER 2025

Gala Dinner and Awards

6:00 pm to 11:00 pm

Gala Dinner • Entertainment • Certification Ceremony • Excellence Awards

As part of the **International Congress on Advanced Aesthetic Skin Care & Semi-Permanent Make-Up (SPMU) – Hanoi 2025**, delegates will experience not only cutting-edge education but also an evening of celebration and networking.
