

REP-AIR
HEATING + COOLING

MAINTENANCE GENERATOR

Member Price:
\$25/month

Reg: \$42/month

One Visit. Whole-Home Backup Confidence.

Your generator isn't something you think about every day, until the power goes out. Our generator maintenance service ensures your backup system is ready to respond instantly, safely, and reliably when you need it most. We inspect, test, and verify all critical components so your generator performs without hesitation, no surprises, no stress.

What's Included

- Full inspection of engine, alternator, and control panel
- Battery test and charging system check
- Oil level and condition inspection
- Air filter inspection and replacement (if needed)
- Fuel system inspection and leak detection
- Automatic transfer switch test
- Simulated power outage test run
- Electrical connections and wiring inspection
- System startup, load test, and performance verification

any repair and
priority booking!

Why It Matters

- Ensures your generator starts immediately during an outage
- Prevents fuel system issues and battery failure
- Reduces the risk of unexpected breakdowns
- Protects sensitive electronics and appliances during power loss
- Extends the lifespan of your investment
- Keeps your home protected during storms and extreme weather

Why Rep-Air?

1. We see what others overlook
2. All work is verified using professional, industry-specific tools and technology
3. Local, certified HVAC pros with high standards
4. Transparent, no-pressure service
5. Trusted by families across the Lower Mainland
